A shirt and a pair of overalls is all the clothes a man needs to have on these days—for comfort.

An African banana tree, reared in the college greenhouse at Corvallis, will this year produce 200 perfect specimens of its fruit.

How thankful the men who were long on wheat seem to be that the farmer is to receive such substantial benefit from the high prices.

If things keep on as at present a bushel of wheat will buy a dollars' worth of all other commodities and about two dollars' worth of silver.

Isn't there some way by which the Langtry family can be induced to go away to some quiet country and have its divorce fabrics washed in private?

In a short time the world will be all divided into two great classes—those who are sorry they did not go to Clondike and those who are sorry they did.

J. F. Ross is successfully managing Klicker Springs this season. Up there in the Blue Mountains it does n't cost one a fortune to enjoy a few day's rest.

Miss Genevieve Griffith of Marion county has about 200 young Denny pheasants. It is difficult to distinguish the domestic from the wild birds at the Griffith place.

Rev. Joel Martin, of York state, is the latest mountain climber to sleep under the clouds and tell how hard tack digests, but that is about all he has to say concerning his rising to eminence on the pinnacle of Rainier.

There is too much Amusement altogether in proportion to actual business in the Oregon Road and The Dalles Commercial clubs. It is next to impossible these days to reverse the order of "business before pleasure."

Wherever dispersed, throughout the world, friends of the Columbus Buggy Co., Ohio, will be glad to learn that the old-time and successful manager, Clinton D. Fierestone, has at last succeeded in recalling to work hundreds of employes long in idleness. The works will soon be running as full handed as before the failure.

Prospects are favorable for a $300 000 beet sugar refinery at The Dalles. The fact that Wasco county beets show a greater percentage of saccharine matter than any raised on the Pacific coast, coupled with statements made by T. A. Hudson on a recent business trip to San Francisco, in the interests of the EOLCo., has had a tendency to bring about an arrangement that will be of mutual benefit to capitalist and farmer.

This is the first season for many years when a bountiful harvest and remunerative prices have come so closely together as to be a benefit to the hard working farmer. The Observer rejoices with those who rejoice at the condition of things which give so much promise to a class of friends and patrons, many of whom have denied themselves comforts of living to meet taxes and absolute necessaries. We trust that all our friends appreciate the present situation to the extent that they will not permit themselves to be buncoed into investments in imaginary sure things that can only entail upon them mortgages of their future existence. The present is a good time to cut the jay of whatever feather who only shows up when they suppose the farmer is in velvet and has money to burn. It may be again a long time (who can say to the contrary) before the happenings of 1897 occur. It is a good motto: "In time of prosperity prepare for a change," by carefully husbanding ones resources, particularly after the seige of "Adversity" thro' which one so ardently prayed for the change.

The Day Contract Company, to whom the Waiting Empire is indebted for the locks at the cascades of the Columbia, have 5,000 tons of machinery adapted to the work of opening the Columbia as well at Celilo. If the Waiting Empire expects ever to quit waiting the thing to do now is to everlastingly knock that boat railway fake in the head—kill it dead then organize efficiently for effective work. Concurrent jurisdiction, obtained through business legislation on the part of Oregon and Washington will be necessary to the operation of an act creating The Columbia river Improvement, in many respects similar to the Port of Portland law; after which there would not remain one single obstacle to the complete development of the Columbia, now utterly useless for the purposes of navigation.

KEEP your blood pure, your appetite good, your digestion perfect by taking Hood's Sarsaparilla, which has power to keep you **WELL.**

Great stress is laid upon the fact that Grandma Munra manages the log-cabin eating house at Meacham, and to aid the pull of the passenger to taking a six-bit meal there pleasing pictures are presented. Slade & Cooley set a far better table at two-thirds the cost. Were the facts more generally understood the red headed girl at the Pendleton station would sell more coffee and sandwiches at 7 o'clock a. m.

By a decision of Judge Henford, of the U.S.Court, the title to 200,000 acres of Clarke and Cowlitz lands is vested in the N.P.Ry.Co. under the joint resolution of congress May 3d, 1870, and the time of definite location from Portland to Tacoma. By the conditions that have been fulfilled the title to the company has become vested and perfect.

Send in your name for The Observer; fifty-two issues all for one dollar.

THE WONDERS OF SCIENCE.

Lung Troubles and Consumption Can be Cured.

An eminent New York chemist and scientist makes a free offer to our readers.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of The Observer writing for them. His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by heartfelt letters of gratitude filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial chest and lung troubles lead to consumption which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in The Moro Observer.

How to Find Out.

Fill a bottle or common glass with urine and let it stand 24 hours. A sediment, or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order. **What to Do** There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfils every wish in relieving pain in the back, kidnys liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention The Observer and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
