REPEATED THE PERFORMANCE

A Summer's Fancy Greeted by a Small Audience.

At the request of many, a repetition of "A Summer's Fancy" was given last night, but, contrary to expectation, a small house greeted the performance. While many considered the rendition as good as that of the previous night, THE CHRONICLE seemed to notice a lack of the vim which was so prominent the night before, due to a smaller audience and fatigue on the part of the performers. The specialities by J. F. Hampshire and P. H. Levin were, however, a great addition to the play, and very pleasing to the audience.

It was with much reluctance that the members of the cast gave the repetition. But owing to the disappointment felt at the first night's performance when they were compelled to play to a much smaller audience than our home talent has ever been greeted by before, and considering that perhaps it was due to the fact that they could not be persuaded that local talent could give a good performance with a week's rehearsal, it was decided to repeat it and endeavor to at least cover the expenses of both nights last night. The prices were therefore reduced and other specialties introduced, but, in spite of the fact that the first performance was so highly spoken of, there was hardly a half house last night.

While we sympathize with the idea that people are often called upon to inflict upon themselves the torture of listening to home talent for the sake of helping along the cause for which the entertainment is given, at the same time the local talent flatter themselves that patronage is often given to traveling shows which are infinitely inferior, and the proceeds of which is not to be used for any charitable purpose or to benefit any local institution.

Some time since hearing that the editors were coming through The Dalles on their way to Portland, and not wishing to be the only city to refuse them entertainment and receive thereby the advertisement which their presence will insure every place they visit, the Commercial Club invited them to stop over in this city and go down on the boat. This entertainment will cost something, and as there have been numerous calls on our citizens of late, it was deemed best to improve the opportunity to give them something in return for their money, and when Mr. Levin visited our city proposing to give a play with our home talent, assuming entire charge and receiving but 35 per cent of the net proceeds, it was thought that no better plan could be adopted to raise a portion of the amount necessary, presuming of course that the same patronage would be given as on similar occasions. But such was not the case, and instead of playing on the first night's performance to a $175 house, the proceeds were only $125.

However, Dalles people who always appreciate the fact that our home people give their services gratis and evince that appreciation by their presence, at the same time overlooking any deficiency and missing no opportunity to give encouragement, should not be overlooked and the company appreciate their loyalty, as do they also that of Mr. P. H. Levin, who has proven himself a perfect gentleman in every respect in his dealing with the cast and the club, ever anxious to do right by all concerned. Those who have worked with him and the committee who have dealt with him will remember him kindly.

An Axle Broke.

BAKER CITY, May 17.—An axle broke while the regular train on the Sumpter Valley railway was in Powder river canyon yesterday, and several carloads of wood and lumber were dumped into the river. The train consisted of a locomotive, two passenger coaches and twelve cars loaded with cordwood and lumber. Four cars left the track.

Brakeman Richardson jumped from the train upon a pile of rocks and was severely injured. There were twenty passengers on the train, but none was injured.

Earned Promotion.

WASHINGTON, May 17.—The brilliant campaign of Colonel Summers, under General Lawton, is likely to win him a brigadier-general's commission. Colonel Summers is now commanding a brigade, and if there was a vacancy in the brigadier list, he would be named at once.

The Oregon regiment, though entitled to come home first, is far from Manila, bearing the brunt of the Lawton campaign, and may not be back when the time for the return of the volunteers begins.

Farm for Sale.

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

MRS. S. M. IVOY.

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—MRS. S. M. IVOY, Winston, N. C.
