The Week's News

Local and Personal Happenings in and About the City.

W. J. Davis, of Lexington, was in the city Thursday.

P. O. Borg handles Washburne stringed instruments.

Quick delivery and clean groceries is where Hart & Blake shine.

Mr. and Mrs. J. W. Morrow left Tuesday morning for Spokane.

Attorney G. W. Phelps was a passenger for Pendleton, Tuesday.

For all kinds of watch and jewelry repairing, call on P. O. Borg.

M. H. Matts of Kansas, is visiting his brother-in-law, J. H. Kinsman.

We fill mail orders promptly and guarantee our work. P. O. Borg.

Chehalis, the well known Oregon pacer, will be raced again in the East this year.

P. O. Borg has just received a large supply of Banjos, Guitars, violins and all kinds of musical instruments.

John Ridgway went to Portland Thursday to take his little daughter to a hospital for treatment for appendicitis.

Imperial means the best, that is the name of our place our goods back it up. We make a specialty of fancy groceries. Hart & Blake.

Attorney C. E. Redfield returned from a trip to Salem and Albany, Monday evening, where he had been on legal business.

L. F. Brune, who was here buying stock, was a passenger for The Dalles, Tuesday. Mr. Brune will return in a week to buy sheep.

Roy Cunningham was in the city, Saturday, buying cavalry horses. A number of small horses were purchased at prices ranging from $35 to $50.

Miss Mary Behrens, daughter of Mrs J. H. Bode, arrived last Friday from Washington county, Kansas, and will make Heppner her future home.

Thomas Quaid started shearing his band of 2100 sheep last Sunday. He says the fleeces will average about 12 pounds, and the wool is of good quality.

Mrs. M. W. Briggs lectured at the opera house Monday evening in the interest of the A. O. U. W. and Degree of Honor. Mrs Briggs is a very interesting talker.

Howard's grocery store is a very popular place for the purchase of supplies for farmers and outfits for outing in the way of extra fine groceries. Almost everything imaginable kept in stock. It's handy where you can get anything you want.

The thirtieth annual reunion of the Oregon Pioneer Association will be held in the Exposition building, Portland, on Wednesday, June 18. Pioneers, Indian war vetrans and native sons and daughters, desiring to attend the reunion can get reduced rates on all railroads.

The results of the recent Hereford cattle sales which were advertised in Eastern Oregon, were not encouraging for the Eastern Hereford breeders. Only about half of the cattle were sold at the places advertised. The prices realized were not up to expectations. This was a very fine lot of high bred cattle.

Complaint is heard about a number of small children and boys who make a practice of playing with the O. R. & N. turntable, near the depot. This is a dangerous practice. The turntable is very heavy and when started is not easily stopped. If this practice is not stopped it is likely that some day it will be the unpleasant duty of the GAZETTE to chronicle the fact that some child has been cripp'ed for life. Parents should be more careful.

Spring Humors

Come to most people and cause many troubles,—pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.

The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

Hood's Sarsaparilla and Pills

Forming in combination the Spring Medicine *par excellence*, of unequalled strength in purifying the blood as shown by unequalled, radical and permanent cures of

Scrofula	**Salt Rheum**
Scald Head	**Boils, Pimples**
All Kinds of Humor	**Psoriasis**

Hart & Blake, the grocers are now located in their new quarters in the new Slocum building on Main street.

Miss Arta Morgan who has been attending Weston Normal school has returned to her home near this city.

Mrs. Brock, who has been visiting her sister Mrs. Geo. Conser, returned to her home at Pendleton Monday.

Hon. Henry Blackman, democratic candidate for state treasurer was an incoming passenger yesterday evening.

Arlet Brock who has been studying dentistry in Portland, came up from the metropolis Friday evening. He has accepted his old position in the Fair store.

The Heppner Baptist church expects a minister to arrive in this city and to commence his labors next Sunday. Rev. Walker from Tennessee has been engaged.

The shelving for the store room in the new building which is being erected by Willow Lodge, I. O. O. F., has arrived. Finishing work on the building will soon be completed.

Marshal Thornton this week has been conducting some substantial street work on Court street. Gravel from the excavating work on the court house grounds is being used to fill in, which will make a good street.

Twelve Heppner horses have been entered in the coming races at the State fair at Salem, this season. There seems to be a revival of interest in racing horses in this vicinity. One great drawback is the fact that there is no race track at this place which is a great handicap in training. Several horsemen have stated that they would contribute liberally toward making a good track. It is a proposition that is worthy of some consideration.

A large eagle was shot by Frank Roberts while sitting on a telephone pole on Main street, Monday. The bird was captured some time ago in a steel trap by J. Devin and brought to this city and was kept on exhibition at E. J. Slocum's drug store. It got loose Monday and soared around town for some time until brought down by a rifle ball. These noble American birds are quite numerous in Morrow county, and from their undoubted ability to carry off young lambs, chickens, etc., they are not shown as much respect as in some places.

M. E. church, H. L. Beightol, pastor. Services at 11 a. m. and 8 p. m. Rev. E. R. Spaulding of Hooder will preach in the morning. Communion service will follow the sermon. In the evening there will be a union Gospel temperance service. Rev. Spaulding will deliver the address. Sunday school at 10 a. m. All are invited.

OUR LOCOMOTIVES THE BEST.

The ten new locomotives recently sent to France have been found very satisfactory, and as this number is only the first shipment of an order for fifty of them, it shows that foreign people appreciate the value of American products. There is another American product that has become very prominent during the past fifty years, and that is Hostetter's Stomach Bitters, the standard medicine for stomach, liver and bowl complaints. Many people who have experimented for years with unknown remedies without finding relief, have been brought back to health by its use. Then this is surely the medicine for you. It will cure dyspepsia, indigestion constipation, biliousness, and malaria, fever and ague. We urge you to try it. Our Private Stamp is over the neck of the bottle.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for *catarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the atomizing tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

SHEEP AND WOOL SITUATION.

Growers are Demanding Good Prices for Wool.

About the only change in the wool situation from last week is that growers are a little more firm in their demands for good prices and are not showing such a general tendency to sell.

No sales are reported for the week.

Eastern demand at present is extremely quiet. The big strike in the mills of the American Woolen Company has paralyzed the market. Just how long this will continue cannot at this time be decided. The trouble might be adjusted at any time and still it is possible for it to continue for some time.

The fact that the American Woolen Company is the largest woolen manufacturing concern in the United States, and the quantity consumed by this company is equal to half the wool product of the United States, has a great influence on the market.

The strikes in the woolen mills throughout New England have acted like a blight upon the market, and buyers are using them as a club to depress values.

Quotations have not fallen however, and remain about stationary. Eleven cents per pound for average light wools is the ruling figure the same as for the previous week.

At the London wool auctions which were held on Tuesday, buyers competed briskly. Prices were from 7½ to 10 per cent above the last sale.

Buyers now claim that growers are asking prohibitive figures.

Indications are at present that not much wool will change hands until more buyers are in the field and more wool has been placed in the warehouses.

The Pendleton scouring mills started on the season's run last Friday morning. The mill already has 300,000 pounds of wool in the warehouses and 500,000 pounds more to arrive within a short time. The East Oregonian says that to take it as a whole the wool clip this year is not so dirty and greasy as usual for the reason that there has been little dry weather, and, if nothing happens, the scouring mill will have one of the most successful and steady runs since its establishment.

Most of the wool has been clipped in the vicinity of Pendleton.

A postal card sent out this week by R. F. Hynd, secretary of the Oregon Woolgrowers' Association is as follows:

"The Oregon Woolgrowers Association has named the following places and dates at which its members will be present and offer their wool for sale:

"Pendleton, May 29 and 30, and June 16 and 17. Heppner, June 4 and 5, and June 25 and 26. The Dalles, June 6 and 10, and June 20 and 21. Shaniko, June 12 and 13 and June 30.

The sheep market seems to be in harmony with the wool market. No sales have been reported. Sheep sales are considerably behind the average for this time of year. The late spring has had some effect on the market. Already a few bands have been driven to the mountains.

The Blue Mountain Eagle says that sheep shearing has commenced on the John Day near Dayville. Buyers, looking after sheep before they are driven into the mountains are soon expected to put in an appearance.

MEETING OF CITY FATHERS.

Ordinance Taxing Dogs Passed by the Council.

The city council held a regular meeting at the council chamber Monday evening. Mayor Cotlam presided.

Councilmen Cohn, Rhea and Quaid were absent.

Petitions of Frank Natter and Frank Roberts for renewal of liquor licenses were granted.

Ordinance No. 95, providing for the taxation of dogs was passed by the council. The ordinance provides that all dogs kept within the city limits shall be taxed at the rate of $1 per year. Females will be taxed at the rate of $2 per year. The ordinance will take effect and be in force after the 10th day of May.

Ordinance No. 96, for taxing dogs was repealed.

FATAL ACCIDENT.

Robert T. Reid Killed by the Bursting of a Pulley—His Brother Injured.

Robert T. Reid, a young man 23 years of age, was killed by being struck with a piece of a wooden pulley that bursted to pieces while being run at a high rate of speed from an engine, Saturday last. His younger brother Martin Reid who was near him was struck on the left leg by a shaft. His knee was shattered and the bone was cracked.

The accident occurred at Reid's sawmill on Thorn creek, about 20 miles south of Heppner.

Saturday morning Robert and Martin Reid and a younger brother 10 years ago went to the mill and concluded that they would turn down a wooden slip pulley.

The normal speed of the engine was not high enough to accomplish the desired result. Robert released the governor on the engine and the 10 year-old boy then turned the throttle wide open. This started the pulley at a terrific speed. It parted in a few seconds, a portion of it striking Robert on the head and shoulder. Martin was struck by a shaft and thrown several feet into a pool of shallow water. Robert only lived a few minutes after being struck and Martin was entirely helpless, being unable to get out of the water.

The little brother turned off the steam and ran for assistance. The family was away from home at the time of the accident and it was about four hours before help arrived.

Robert Reid was married a short time ago and leaves a young wife. His body was brought to this city Tuesday and funeral services were conducted by Rev. J. V. Crawford.

The remains were laid at rest in the Masonic cemetery Tuesday afternoon.

Stops the Cough and works off the Cold

Pleasant Musicale.

Tuesday evening last at the beautiful home of Mr. and Mrs. C. E. Redfield, a very pleasant musical was given by the young people of Heppner. The home showed a lavish and great care had been exercised in the preparation for the occasion.

The decorations of apple blossoms were very attractive. The delicate tints of pink and white from the apple blossoms as shown from the effect of the electric lights which were decorated so as to give the effect of Chinese lanterns, presented a lovely appearance.

The program which consisted of vocal and instrumental solos and piano selections was a credit to Heppner talent.

After the program light luncheon was served with ice cream.

The musicale was given for the benefit of All Saints church, and it certainly was very pleasing.

DOINGS AT THE COURT HOUSE

The County Court is Now in Regular Session.

The regular May term of the county court convened at the court house yesterday morning with the full board of officers present. The contract for building the new court house will be let at this session. Full proceedings will appear in the next issue of the GAZETTE.

Registration of voters still drags along. About 250 citizens of Morrow county have not registered. As the books are closed in a week from today it is very likely that a number of voters will not register.

Dealings in dirt have been quiet for the week. No realestate transactions have been placed on record.

During the past month a great many coyote scalps have been brought in. The busy season in this industry will soon be over.

During the past month the bottom has dropped clear out of the matrimonial market. Only one marriage license appears on record.

Indian George who is being entertained by Sheriff Matlock at the county jail says he is "cheap tired of the skookum house."

Excavation and stone work is now nearing completion on the court house grounds.

WHAT THIN FOLKS NEED

Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at Slocum Drug Co's.

Morrow County Opals.

In a show window of the Slocum Drug Co. there is a display of Morrow county opals that is very pretty and at the same time [illegible] from Levi Hardman. The stones are in different colors and some of them are of considerable [illegible] appear to be as valuable as stones. They are of a high polish and are [illegible] shaped specimens. It is reported that Mr. Shaniko will make a [illegible] some day.

Poor Richard Says:

"The worst wheel of the cart makes the most noise."

We have often heard it said in defence of poor printing that it attracts attention.

Attracting attention is only a part of its mission.

Printing that will do you good should attract favorable attention.

There are some things which are better overlooked.

The kind of commercial printing which a great many merchants are willing to use belong to this class.

You want your printing to attract attention not by its defects but through its merits.

It should be so good, so perfectly suited to its purpose that it will attract attention only through the clean, clear and satisfactory way in which it delivers its message.

This applies just as much to the printing you put upon the head of your letters, statements and things of that kind as it does to the printing used in a pamphlet, booklet, folder, circular or card.

Whatever is printed is printed to be read.

The best printing is none too good for your purpose if your business depends upon the opinion of other people.

If you wish to practice what this sermon preaches, let us see you at our office.
