OREGON AT SEATTLE

Preparing for a Fine Exhibit at the A.-Y.-P. in 1909.

Hon. W. H. Wehrung, of Hillsboro and A. B. Wisdom, of Portland, representing the Oregon Exhibit commission for the Alaska-Yukon-Pacific exposition in Seattle next year, addressed the board of trustees of the Roseburg Commercial Club Wednesday evening in relation to the preparation of exhibits for that occasion, and other matters relating to the proper advertising of Oregon during the exposition, which is to continue for several months. The Oregon building on the Seattle exposition grounds is already nearly completed and a fine exhibit of Oregon products will be placed therein next year. Counties will be assigned adequate space should they desire to make special county exhibits. In this line The Dalles is already arranging to send several hundred boxes of cherries at the proper season next year, and Salem will do likewise. Yamhill county is preparing for an exhibit of home-grown English walnuts, and several other counties will send special exhibits. These exhibits are by no means limited to any special line of industry, but may include as many varieties of products as any county or individual may wish to send. For all county or individual exhibits sent, the donor will be given due credit.

The state commission is preparing a 96-page booklet on Oregon, to be given away to visitors to the Oregon building during the exposition. Two pages will be devoted to each county in the state and all will be appropriately illustrated. Counties and towns are also urged to send their own booklets and advertising matter and this will be distributed free. Some counties are arranging to send their own special representatives to Seattle during the exposition to personally interest homeseekers and investors in going to their respective localities.

An interesting feature in the Oregon building will be a lecture room equipped with stereopticon and moving picture machine where actual scenes from Oregon industries will be reproduced on the canvas. The S. P. Co. has already signified their willingness to assist in the procuring of these views, along their lines both in Western and Eastern Oregon.

Upon motion of Judge Hamilton, seconded by F. E. Alley, the Commercial Club will take up the matter of interesting our people in making an exhibit of Douglas county products at the A.-Y.-P. exposition next year, and Assistant Secretary Zurcher was instructed to assist in the procuring of such exhibits. Grains for such purpose must be secured at once and the season for grasses is already past. Fresh fruits for exhibit in glass jars must also be selected and prepared very soon. Apples, etc., will come on later and if carefully picked and forwarded to the commissioners will be kept in cold storage until the exposition opens. Woods, minerals and all varieties of products are also wanted and everyone is invited to co-operate in making the best possible showing for our state. The state of Washington had a splendid exhibit at the Lewis & Clark centennial in Portland in 1905, and our state will doubtless have a better one at Seattle in 1909.

MODOC NORTHERN R. R.

SAN FRANCISCO, Cal., July 23.—With the filing of articles of incorporation of the Modoc Northern Railway comes the extensive plans for the development of northeastern California and southern Oregon were made public. For three years the Southern Pacific company, through subsidiary corporations, has been building railways in that region and this last corporation is only part of the vast system of leased lines which will tap vast areas of the richest land in the Pacific coast.

The Modoc Northern Railway company has a capital stock of $5,000,000, divided into shares of the par value of $100 each. Its directors are E. H. Calvin, William F. Herrin, William Sproul, W. H. Scott and J. J. Willard. According to the articles of incorporation the Modoc Northern line will be built from Alturas, Modoc county, in a northwestern direction to a connecting point with the California Northwestern railway now being constructed from Weed, on the Southern Pacific road in Siskiyou county, to Klamath Falls, Or. These two lines will meet near Klamath Falls, so the entire length of the Modoc Northern will be about 100 miles. Construction of the line will begin at once and continued until the road is finished. The line will open a virgin country in southern Oregon connecting Alturas and its vicinity with the Southern Pacific and with Oregon.

BRYAN REPLIES TO TAFT.

Latter Not Satisfied With Platform, Borrows Few Planks.

LINCOLN, Nebr., July 25.—Charging that William H. Taft was not satisfied with the work of the Chicago convention which nominated him as the republican candidate for the presidency, and that he was anxious to be deeply impressed with the work of the democratic convention at Denver, W. J. Bryan today issued a statement in which he expressed the opinion that Mr. Taft "fears the uprising which republican abuses have caused, and yet hesitates to adopt his real and substantial reforms."
