John Ruskin says that beauty is "that which is adequate"—that which completely fulfills its purpose. Measured by this standard the Ford is the most beautiful car in the world—another reason why we are forced to make seventy-five thousand of them this year.

All Fords are Model T's—all alike except the bodies. The two passenger runabout costs $590—the five-passenger touring car $690—the delivery car $700—the town car $900—f. o. b. Detroit, completely equipped. Get latest catalogue from Ford dealer.

NATURAL PLACE TO LIVE.

A woman writing in the June American Magazine, says in part:

"I think the farm is the only place where one can live naturally. The farm, to my mind, is the best place to bring up children. It is, so far as I know, the only profession where the children become an asset early, with equal advantage to themselves and their parents. It is also the only place where age is not made to feel its decrepitude and its helplessness. There is always something for grandmother and grandfather to do on the farm. The farm would be a perfect place for any of us to live, if we could have the inspiration which the city affords us. Can we bring a measure of that?

"The answer to this problem is what I am trying to work out. My ideal is to have a Brook Farm, with the loafers left out. My field from which to choose is terribly restricted by the fact that none but workers need apply. I am thoroughly convinced that sanity and the highest usefulness are best promoted by a fair division of the labor between head and hands. A philosophical friend of mine has said he thinks there is more saving grace in a garden which will keep a person employed all day long, than in all the religions in the world.

"I have set myself seriously to the problem of providing a perfectly balanced ration, at a minimum cost, and nearly everything in that ration should be raised on this farm. We grow our wheat and grind it for our bread. We grow our own potatoes and all vegetables, fruits, large and small, and have our own eggs, chickens, pork, beef, milk, cream, etc. I have bought a steam canning outfit, and with it I can put up, in tin cans, everything imaginable, at first cost, direct from the field or the stable or the henhouse. I have canned pumpkin, corn, peas, beans, tomatoes, all kinds of fruits, canned chicken and beef—the trusts have no terrors for us. We cut our own wood in our own wood lot, and raise our own rye and buckwheat if we want it, and make our own maple syrup."

Sewing machine exports in the current fiscal year will make their highest record, and will probably aggregate $10,000,000 or more. Over $160,000,000 worth have been exported from the United States during the forty-eight years since the official record of their commercial movement began, of which sum $80,000,000 worth, or one-half of the total, were exported in the brief period since 1900.

One of the effects of legislation on commerce is shown in the relation of the Philippines to the United States. Trade with the islands has more than doubled since 1909, when a law was passed for the interchange of merchandise. The total for the eight months ending with February, 1912, was more than $30,000,000, compared with less than $14,000,000 for the corresponding months of 1909.

It is said that more money is being expended in promoting the political interests of Taft and Roosevelt than has ever been spent in a similar campaign in the history of the United States. There is much interest manifested as to the mystery of the source from which such large sums of money come. The American people are entitled to know who is putting up the money for this expense, but they don't know at present and it is a matter of speculation if they will ever know.—Ex.

Most Roseburg housewives use either "Pride of Douglas" or "Queen City" flour. There's a reason for it. Phone 13, Douglas County Mills, if your grocer doesn't carry either kind.

Empire Livery, Feed and Sales Stables, Banks & Welker, proprietors. New rigs of all varieties, good gentle teams and careful drivers; also teams that are safe for ladies to drive. Blacksmith shop in connection; all work guaranteed. Phone 8.

"Pride of Douglas," a Roseburg product, and "Queen City," a hard wheat article, made at Vancouver, Wash., are the two best varieties of flour on the market. Why use any other kind that cost more? If your grocer doesn't carry either brand, just phone 13, Douglas County Mills, and a sack will be delivered at your home.

There are only two excuses—not reasons—for not advertising. They are: 'Because you have so much business you don't have to;' 'Because you have so little you can't afford to.'

SANE JULY 4TH IDEA MAKING FAST PROGRESS.

In the June Woman's Home Companion there appears an article showing the progress that has been made toward bringing to pass a sane Fourth of July. Following is an extract:

"The crusade for an approach to sanity in our National patriotic celebration has made real progress. There were only eighteen cases of lockjaw resulting from fireworks last year, 54 fewer than in 1910. Of these only ten died, thanks to the tetanus antitoxin. Forty-seven persons were killed outright by explosives, making 57 deaths in all, as against 131 in 1910, and 215 in 1909. Among the victims last year were twelve little girls who were burned to death by fire from fireworks. Only 169 blank cartridge wounds in 1911, while 410 were reported in 1910, and injuries from these noisemakers cause more than four-fifths of the cases of lockjaw.

"The last nine years, according to statistics collected by the American Medical Association, no fewer than 39,125 persons have been killed and injured in celebrating the Fourth of July. And we haven't even the savage's excuse of religious fanaticism. It was criminal indifference on our part to allow Independence Day celebration to become a National calamity."

ESCAPES AN AWFUL FATE.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, its the most reliable of all throat and lung medicines. Every bottle guaranteed. 50c and $1.00. Trial bottle free at all drug stores. B
