:-: BRIEF NEWS ITEMS OF THE CITY :-:

Go to North Bend—

O. M. Swickard and family, formerly of Enterprise, who had been visiting here for the past several days, left this morning for North Bend, where they expect to reside indefinitely.

Returns to Washington—

R. R. Osborne, of Bellingham, Wash., who had been looking over the country in this vicinity for several days, left this morning for Eugene on his way home. He is contemplating a location in this part of the state.

Glide Lady Visits—

Mrs. Walter R. Morgan, of Glide, left here this morning for Summit, where she expects to visit relatives for several weeks.

Railroad Man Returns—

Don E. Bennett, passenger brakeman on the Southern Pacific, arrived here this morning to accept a run out of this city. He had spent the past several months at Tillamook. Mrs. Bennett will arrive in a few days.

Weaver-McGee Wedding—

Ralph Weaver and Miss Zola McGee, of Canyonville, were married at the home of the bride's parents, Mr. and Mrs. J. T. McGee, one mile east of Canyonville, last Thursday evening at 8 o'clock, Rev. C. C. Coop, pastor of the M. E. Church at Canyonville, officiating, says the Riddle Tribune. The ceremony was attended by relatives and a few friends. The groom is a prosperous young farmer, who owns a valuable property on the road between Canyonville and Days Creek, and the bride is one of Canyonville's most charming daughters, who is in every way fitted to be a helpmate to her husband. Their many friends are showering good wishes upon them.

40 Million Feet of Spruce—

The Moore Mill & Lumber Company has bought a bunch of the Houtin lands, containing 40 million feet mostly spruce, says the Bandon World. The mill is now cutting 125,000 feet a day—practically all spruce—but only about 12 per cent of the timber fits the requirements for airplane construction.

May Get the Anvil—

Negotiations are well under way to have the gasoline schooner Anvil brought here from California, and put on the Coos Bay-Portland run, says the Marshfield Times. The Anvil handles about 300 tons o freight and is equipped to carry passengers. She was formerly on the Coos Bay-Bandon-Portland run.

Isn't It a Fact?—

That if you send your money out of town to the mail order houses and if 7 cent my money out of town to the mail order houses and if we all sent our money out of town to the mail order houses, there would not be any need of a town. But on the other hand if we all spent the money for our needs in our own town, with our own merchants so would have a fine dandy city?—Ex

To Los Angeles—

Mrs. Sarah Cannon left for her home at Los Angeles last evening after visiting for the past ten days with her son, C. B. Cannon, of this city.

School Census Larger—

There are in North Bend 928 persons of school age. Compared to last year when the total was 790 the increase is nearly 18 per cent, says the Harbor. In 1915 there was a falling off over the year before and the total was 697. The figures for 1917 show an increase of about 32 per cent over 1915. North Bend is nearing the 1000 mark which when reached will make the district a first class school district. Marshfield school district showed a total of 1045 of school age. This is only 12 per cent more than North Bend so it may be assumed that the population of Marshfield is only 12 per cent greater than that of North Bend.—Harbor.

Home to Portland—

Mrs. L. S. McLaughlin, of Portland, who had been here over Sunday to visit with her husband, who is foreman of engines at the local roundhouse, left for her home this morning.

Arrested For Assault—

Thomas Delaney, of Wolf Creek, was arrested by Sheriff Lewis of Josephine County, on a warrant sworn out by W. G. Smith, also of Wolf Creek, charging him with assault with a dangerous weapon. He was given a hearing before County Judge Gillette and gave $100 bonds, awaiting the action of the grand jury. The assault is alleged to be the result of a shooting-fest in which Smith indulged, using a neighbors chickens for targets. It is also stated that Smith pulled a gun on Delaney and that the latter used a club in self defense.

Chasing Deer by Moonlight—

Earl R. Fisk, representing the Blake-McFall Paper Company, of Portland, was in Port Orford Friday, returning from a visit to Gold Beach, says the Port Orford Tribune. It was Mr. Clark's first visit to Curry, and he was wondering how he could tell his friends, upon his return home, of some of his experiences down this way without their confusing his truthful narrative with the fact that he had been very near the California line. At the Arizona Inn Thursday evening, enough travelers collected so that a dance could be held, and Mr. Fisk says that between dances the boys would go and chase deer out of the garden by moonlight. He also states that he got his flashlight shining in one's eyes and walked up to within a few feet of it.

Returned to Dole—

Miss Helen Weeks returned to her home at Dole last evening after spending the day in Roseburg shopping and visiting.

Had Been Visiting Here—

O. Salmonson and family returned to their home at Turlock, Calif., last evening after visiting for the past two weeks with friends in this city.

Returned to Dillard—

F. G. Buell left for Dillard yesterday after spending the day in Roseburg looking after business matters.

Visited From Sutherlin—

Mark N. Tisdale arrived in Roseburg last evening from Sutherlin on a brief business trip. He returned on the midnight train last night.

Here From Elkton—

Mrs. W. B. Lamb arrived from her home at Elkton yesterday to visit for some time with Mrs. S. Bailey, of this city.

PARENTS CONSENT TO DEATH OF DEFECTIVE SON TO END SUFFERING

CHICAGO, Ill., Nov. 12.—Paul Hodgins, four years old, is being administered deadly drugs by his parents, with the full knowledge that they will cause his death within two months.

The drugs are being given the little boy under instruction of Dr. Harry J. Haiselden, who declares the child is suffering from an excessively small head, impaired breathing and other incurable ailments, and would be a hopeless idiot if permitted to live.

"The child's mother has endured great agony since his birth and if he lived the suffering eventually would kill her," said Dr. Haiselden. "She has had no rest for months because of the little one. Also she has become insane."

"Some minor ailments might be cured by an operation, but it would not restore his mentality. The treatment I am directing will result in his death within two months. Opiates in the medicine prevent the child from suffering meanwhile. The parents agree with me fully and are administering the medicine I give them.

Euthanasia, or painless killing by drugs, relieves the pain and removes the horrors of death. The patient enters the dreamy existence of a long sleep. Indian hemp also is used. Other drugs lessen a desire for food and the patient passes into the next stage within a month.

Dr. Haiselden became nationally famous through similar action in the "baby Bollinger" case. He said today he had recommended the same treatment in a number of cases.

TALLMAN SELLS HIS RUCKLES AND CALCITE STORES; LEAVES SOON

A. E. Tallman, who operated stores at Ruckles and Calcite, sold it Monday and returned from Roseburg, having sold both stores. The Ruckles store was sold to Y. Reynolds, who has been a resident of Ruckles for a number of years. The Calcite store, near the Portland cement plantation, was sold to T. W. Kirk, formerly of Ruckles. Mr. Tallman will remain with about December 1, when he will go into Vancouver, British Columbia, where his wife had been for some time. He had been located at Ruckles for about two years and says that he will return to this section of the state later to make his home.

SAVING THE SOLDIER ESSENTIAL

PRESERVATION OF HIS MENTAL, MORAL AND PHYSICAL WELL BEING AN IMPORTANT FACTOR DURING THE PRESENT WORLD STRUGGLE.

VIEW OF SENATOR CHAMBERLAIN

Through the Y. M. C. A. is the Best Method for Doing This Work at the Army Cantonments and at Battle Fronts.

"The saving of a soldier is as essential as the making of one, and when I say 'saving,' you will understand that I mean the preservation of his mental, moral and physical being so that he continues to be the highest type of American manhood."

It was thus that United States Senator George E. Chamberlain summed up his appreciation of the value of the war work being done by the Y. M. C. A. at home and abroad when asked for an expression of opinion concerning the war work fund campaign now under way. With the single exception of President Wilson there is probably no one in this country so competent to speak with knowledge and authority on matters pertaining to the war as is Senator Chamberlain.

"An organization that devotes its energies to care of the moral and physical welfare of the young man at home," continued the Senator, "can and should be entrusted with the moral and physical welfare of that same young man when he becomes a soldier and is sent to a foreign land to fight the battles of civilization.

"The saving of soldiers is just what the Y. M. C. A. is doing for our country in the home cantonments and behind the fighting fronts in Europe. The necessity for a continuation of the work of the association must be apparent to all good citizens. The campaign now in progress for raising a war work fund for the use of the association in the army and navy has the endorsement and approval of the administration and the cabinet officers who are the heads of these departments of the Government. Every citizen who loves his country and every man or woman who remains at home, but whose heart and hope goes with the boys who must fight our battles in a foreign land, should spare no effort in helping to provide the necessary funds found needful for this Y. M. C. A. work. I speak strongly on this subject because I feel strongly and I feel strongly because I have an intimate and first hand knowledge of the task that is before us and for the hardships and burdens that must be borne on the shoulders of the pride and youth of our land."

BUTTER RECORD BROKEN BY CALIFORNIA COW.

WOODLAND, Cal., Nov. 12.—Three world's records for butter production were broken by Aggie Acme, of Riverside II, a Holstein cow owned in Woodland, in a test conducted under the supervision of testers of the University of California, it was announced here today.

The cow yielded 1351.41 pounds of butter in 365 days, 1167.95 pounds of butter in 305 days, and 2,428.53 pounds of butter in two years.

The records displace those established by Korndyke Beauty Plum Josanna, a Holstein owned in Pennsylvania, it was claimed.

Aggie Acme's milk production for the 305 days test was 22,092.8 pounds and 24,682.7 for the 365 days test.

Y. M. C. A. REACHES AROUND WORLD

"OUR BOYS" WRITE HOME EVEN FROM "THE RIM OF THE WORLD" ON Y. M. C. A. STATIONERY—SHOWS THE EXTENT OF THIS WORK.

BLOOD-RED TRENCHES IN EUROPE

Men of Highest Standing Are Working in Y. M. C. A. Huts at the Firing Lines Relieving Distress and Giving Courage.

There are soldiers writing home on Y. M. C. A. stationery from Y. M. C. A. tents near the foot of Mount Sinai, where Moses received the Ten Commandments; other soldiers are writing home from the desert places of the Orient, "on the edge of the rim of the world." They are in Y. M. C. A. tents or huts in Egypt, Mesopotamia, East Africa, Palestine, France, England, and in training camps right here at home.

Wherever the soldier goes he finds the welcoming sign of the Red Triangle, the emblem of the Y. M. C. A. Bank presidents, clergymen, college professors, men from every calling are to be found in the huts in the war zone acting as Y. M. C. A. secretaries, doing their "bit" for the soldiers. You will find them in dugouts with German shells flying over their heads. Wherever the soldier is sent there the Red Triangle is established to give him a place to go where he can get some little touch of home.

Over in the blood-red trenches in Europe you will find men to testify to the value of the Y. M. C. A. work. Over in the prisoner-of-war camps you will find men who, heartsick and discouraged, have been saved from insanity because of the influence of the association. Wherever there is misery and distress, wherever men are fighting or training, you will find red-blooded Y. M. C. A. secretaries to serve them.

To continue this work which is all for the enlisted men, the sum of $35,000,000 is asked by the American Y. M. C. A. No one knows how soon their boy will need the services of the Y. M. C. A. When he does this appeal becomes a personal matter. Respond to it at once. If it doesn't reach your boy, it reaches your neighbor's boy.

J. E. M'CLINTOCK

For a Weak Stomach.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets. c

BEAN PRICES FIXED BY GOVERNMENT; CANNED GOODS TO BE LOWER

There has been some buying of new-crop Oregon beans at 11 to 12½ cents to the grower, but purchasing has not been extensive, as the jobbers are not permitted by law to carry beyond a 60-day supply. This ruling will prevent speculation in the article, says the Portland Oregonian.

The Government has fixed the price it will pay for Michigan beans for Army use at $5.50 a bushel. This is about $2 a bushel less than the opening price named by the Michigan Bean Growers' Association. It is believed the authorities will take what beans they require at the Government price and let the growers get what they can for the remainder of the crop.

Canned Goods Lower.

A late ruling of the Food Administration has brought prices of canned goods down sharply and materially reduced the cost of living in this respect. Portland retailers are again able to sell tomatoes and corn at two for a quarter, and 10-cent salmon can again be found on the grocers' shelves. The cut has been made altogether at the expense of jobbers' profits.

The Hoover regulation requires jobbers to sell canned goods on the basis of the original cost of the articles and not the present market price or the cost at which they could be replaced, which from time immemorial has been the trade custom. The jobbers are allowed a legitimate profit, but no speculative profits are tolerated.

RIDDLE AND VICINITY.

Lorenzo Ball returned home Tuesday afternoon from Glendale, where he had been visiting relatives and old friends for the past month.

Mr. and Mrs. Wm. W. Hudson, who were married at Roseburg on Monday evening, made a brief visit at the H. A. Crow home here today. The bride was formerly Miss Kandace Zachery. Mr. Hudson is a mining engineer. They will make their home at Salt Lake City.

Charley Hanks and family, of Days Creek, have gone to Springfield, Oregon, to reside. Mr. Hanks intends to get a position there where he can learn auto repairing. He has conducted a blacksmith shop at the Days Creek bridge for the past several years.

Mr. and Mrs. W. R. Root removed to Roseburg last week in order to make their home for the winter in order that Mrs. Root might receive medical treatment. Mr. Root at once found work with the Southern Pacific Company and is cleaning cars, being on the night shift. He was in Riddle Tuesday looking after business affairs.

Albert Ford, of Lindsay, Calif., and wife, arrived here Saturday evening from Pomeroy, Washington, where they were recently married at the former home of Mrs. Ford, and alive been visiting at the M. S. Ryan home, with Mrs. Ford's cousin, Joe Ledgerwood, near Myrtle Creek. Mrs. Ford was formerly Miss Mattie Ledgerwood, of Myrtle Creek, and like Mr. Ford, has been married before. The party are on their way south to make their home at Lindsay, California.—Tribune.

Certain Cure for Croup.

Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of his disease. She says, "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results." c

Bandon World: Chas. C. Coe, of Redding, Calif., and H. F. Roller, of Roseburg, Government agents, spent several days in this locality the past week investigating Indian claims.

TURKEYS

AS IN THE PAST WE ARE IN THE MARKET FOR ALL THE MARKETABLE TURKEYS WE CAN GET FOR THE THANKSGIVING TRADE.

Indications are for good prices, and we are prepared, as we have always been, to pay the highest spot cash price on the day of delivery.

There are more than usual this year of small, young, immature birds; consequently we urge you to grade out carefully, before killing, all stock not strictly first class. It will pay you to feed them for Christmas or later killing, and will help keep the market up on the better grade. A large number of poor birds on the market always causes a slump in all grades on the city markets.

FEED YOUR CULL BIRDS UNTIL THEY MAKE NUMBER ONES.

We solicit your birds as long as our price is as good as the best. When we can not pay that, we want you to sell them where you can get the best price. On this basis we know we will get the birds. See us before selling.

Women, Prepare!

Thousands of women near the coast have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely today. It can now be had in tablet form as well as liquid, at any drug store, and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on wrapper. Send 10c. for trial package to Dr. V. M. Pierce, Buffalo, N. Y.

MEDFORD, OREGON.—"For three or four years at a time I suffered quite severely. It was thought I was for years. I laboured all the time but felt very sick all the time. A friend told me about Dr. Pierce's Favorite Prescription. I took three bottles and never had any more trouble. At present time I had terrible dizzy spells and a catarrhal condition also; had that 'all gone' tired feeling, was nervous; and after each meal would bloat something terrible. Had indigestion so that I could hardly eat anything and my heart was affected. I again took the 'Favorite Prescription' and it cured me. It is a grand medicine and I am glad to tell others how it helped me.

"The 'Pleasant Pellets' cured me of chronic constipation; regulated my bowels so that I never had any more trouble." MRS. A. D. LITTLE, 6 N. Riverside Ave.
