"The SIRENS OF THE SEA"

THE PICTURE BEAUTIFUL

FEATURING CARMEL MEYERS, LOUISE LOVELY AND JACK MULHALL

Countless Venus-formed maidens in a delectable dream of female loveliness. A twentieth century enchantment, wherein beautiful water nymphs lure a young man of today into enthralling adventures on a magic isle of the Southern Seas. Fairy scenes of incomparable beauty in the grottos of the sea, where daring sirens sport unrestrained.

GRAND TOTAL OF WAR Y. M. C. A. FUND IS ANNOUNCED AT $49,209,411

NEW YORK, Nov. 20.—The National war work council of the Young Men's Christian Association announced here tonight that the grand total of the Nationwide war fund campaign is $49,209,411. This exceeds nearly $15,000,000 the $35,000,000 goal set at the beginning of the campaign on November 12.

President Wilson, on being informed that the fund was greatly oversubscribed, telegraphed congratulations to Dr. John R. Mott, general secretary of the council.

"My heartfelt congratulations on the remarkable and gratifying results," the President's telegram read. "I think it is a National blessing."

A. B. Whitford, National director, announced that the final figure may exceed $50,000,000. He congratulated the 200,000 workers and declared that the urgent appeal of George W. Perkins, chairman of the finance committee, brought overwhelming results.

Oregon Does Growing.

PORTLAND, Nov. 21.—"Were it not for the fact that the workers are not with us and their tasks have been completed one might easily believe the campaign was still in progress," said F. N. Wonzesit, of the Young Men's Christian Association last night. This, he said, because of the fact that contributions are continuing to come into headquarters totalling up to close of business yesterday $226,500, is $26,500 above the quintuple quota of the city.

"We are still hearing from churches, schools and other organizations," said Mr. Wonzesit. "It was a wonderful drive and many instances were recorded showing the deep interest in the work."

Mr. Wonzesit last night told this story to show how deeply some felt about the giving of funds for the boys at the front. "One boy dug a sack of potatoes after school hours and after great effort managed to get the sack into position on his back and took it to headquarters."

TO MAKE A MERRY CHRISTMAS

No 22 on that job can spend 10 Christmas present dollars will receive for a subscription for The Youth's Companion. Long days and long nights and six hard days in it are certain to be so exactly repeated during every one of the 52 weeks of 1918. Acquaintance with 3 500 Youth's Companions during twenty-five years has shown that more than anything else quality among periodicals—character—and the character of The Youth's Companion has made its friends for it all around the world.

The Companion also is $2.50, for the publisher makes in Companion 400 bonuses. The Youth's Companion and McCall's Magazine 52 gether for $2.25.

WAR WORK BEGUN ON WHITE PLAGUE

OREGON ASSOCIATION WILL DO ITS PART IN PREVENTION OF TUBERCULOSIS AMONG THE SOLDIERS WHO ARE GOING TO THE FRONT.

TO CARE FOR SUFFERERS ALSO

Work of Controlling Disease in Counties of This State Also Being Done by This Association —Christmas Seals.

Through an arrangement between the medical division of the Army and the Oregon Association for the Prevention of Tuberculosis, soldiers from Oregon will be defended against tuberculosis with the same spirit as that which sends them out to defend their country against the Huns. The names and addresses of applicants for enlistment who are rejected because of tuberculosis will be furnished to the association by the medical division of the Army. Those who contract the disease in the cantonments or trenches and are sent back home will likewise be made known to the association.

The representatives of the association in turn agree that every soldier has proper care. If he can go to the state or other sanitarium for care, that will be considered the ideal arrangement. If he must remain at home arrangements will be made to prevent the spread of the disease and to see that he has proper environment and food. When necessary, supplies will be furnished.

The work is to be undertaken to prevent the growing anything approaching the scourge of tuberculosis which has made it necessary to return 250,000 French soldiers from the trenches. The work with the returning heroes, will be undertaken by the associations, working in conjunction with the state health officer, in addition to its regular work.

About twice as much of a budget will be required next year as this, in order to the Red Cross Christmas seal campaign, which begins the day Oregon, on December 1, must produce 110,000 this year to complete work. The Christmas seals last year.

A. L. Mills, president of the National Bank of Portland, has no fear of the campaign's success. The amount of $110,000 for the state of Oregon is very small, he said, when compared with the people's willingness to give to good causes. He said that the amount is small that will be asked. The entire additional amount for the work of soldiers will be expended around Portland on behalf of the Red.

Another element that always stands ready to aid the Army Red Cross Christmas seal is the fact that those who have had a member in the service and support the image just as those who have dollars. The fact is no sooner is it was passed in the mails, they will sell for a penny each."

With the Christmas seal being the sale of seals not only is controlled by the Red Cross but also a portion of every dollar is controlled by the Red Cross. Some of the Red Cross Christmas seals are: Better Workmen Service, Clothing, Club rooms, Nurses, Clothing and materials, Hospital supplies, Hot Water Bottles, Tuberculosis work, Home Service, Relief work, Refugees, Food, Transportation, Hospital units, Ambulances, Convalescent homes, Base hospitals, Red Cross Christmas seals, Red Cross Christmas seals, Red Cross Christmas se
