Health Survey of Schools Being Made

Because of the prevalence of contagious diseases in the schools of the county, the county superintendent is putting a health survey under way to determine the extent of the epidemic. Teachers are being requested to make reports on their schools and special information is being asked in regard to smallpox.

Smallpox, so far in a mild form, is making its appearance in the schools and every effort is being made to stamp it out. The symptoms of this disease are that after a period of illness with fever and aching, last five or seven days, the child seems to recover and then small pustules appear over the body. The pustules may not be very numerous, sometimes not more than eight or ten. The pustules are raised, feel hard, and have a depression in the center. Considerable itching is present. Where pustules are in the throat there is soreness.

Information is also requested in regard to the prevalence of colds or any disease accompanied by a rash or skin eruption. The survey is being worked out in co-operation with the city and county health authorities.

Car Driven by Raffety Wrecked

Police Friday were searching for an unidentified automobile driver who, while proceeding along State street in Salem late Friday afternoon crashed into a car owned by the state and in possession of T. A. Raffety, chief deputy field inspector for the automobile department, says the Oregonian.

When Mr. Raffety went after his machine Friday he found that it was completely wrecked. At the time of the wreck it was parked within a few feet of the state house entrance.

ALOHA CLUB ATTENTION.

Next regular dance Monday evening, Feb. 7th, will not be a hard times party, as planned.

MEETING AT WILBUR.

The Wilbur Parent-Teacher association met in the school house last Friday evening. Despite unfavorable weather conditions, there was a good attendance. The program included vocal solos "Rose of Babylon" and "Lonesome, That's All," by Miss Golda Parker; "Dear Old Pal of Mine" and "Bluebird," by Mr. Frank Grubbe; accompanist, Miss Lola Parker. Mr. George Dimmick, on request, made a short, impromptu talk. Announcement was made of a play entitled, "Mrs. Tubbs does her bit," to be rendered on Friday evening, February 11, by pupils of the intermediate classes, under supervision of Mrs. Bellows, teacher.

DATES FROM FEB. 14 TO 19 PROCLAIMED BY GOVERNOR OLCOTT AS PRUNE WEEK

Growers Will Ship Prunes Direct to Consumers and Oregon Families Are Urged to Stock Up With Prunes to Enable Growers to Dispose of Crop.

(By Associated Press).

SALEM, Or., Feb. 5.—Gov. Ben W. Olcott today issued a proclamation designating the week of Feb. 14 to 19 as "Prune Week" to encourage a movement among growers to dispose of 22,000,000 pounds of prunes which remain unsold.

To carry out the plan an organization known as the Oregon Prune Campaign committee has been formed with headquarters at Portland. Growers will ship direct to consumers prunes in lots of a hundred pounds or more at a fixed price of ten cents a pound. The committee in charge includes the following: James R. Linn, Fred A. Kurtz, E. W. Hazard, Charles Rafeld, Ben W. Olcott, Sam A. Kozer, Percy R. Kelly, Phil Metcham, Geo. L. Baker, George Putnam, Fred S. Byron and Wm. S. Walton, of Portland, are secretary and treasurer respectively. Governor Olcott's proclamation follows:

To the people of the State of Oregon:

The prune industry is one of the greatest horticultural industries within the State of Oregon. Nearly forty thousand acres of our finest agricultural lands are planted with prune trees. Last year, despite adverse weather conditions thirty million pounds of prunes were harvested in the state. Of this number but eight million have been sold. The twenty-two million pounds unsold represent an enormous asset to the State of Oregon if they can be moved and placed in the hands of consumers. The fact that they are lying idle jeopardizes this enormous industry. The people of the State of Oregon should give widest cooperation to the prune growers to meet the grave situation.

I hereby designate the week from February 14 to February 19, inclusive, as "Prune Week" within this state. I call upon the good spirit of our people to join in a movement to assist this great industry, not only for the good of the industry itself, but for the good of the people of the state as a whole. I urge that every home in Oregon take advantage of the opportunity which is presented the prune growers to become well stocked with this nourishing and healthy fruit. I ask co-operation from hotels, grocers, restaurants, or from any other source which may give assistance, and I also bespeak the hearty cooperation of the press, which is always freely given in the furtherance of every proper and beneficial movement. This is a serious situation involving the welfare of thousands of our best citizens. Prompt and hearty response from the people of Oregon in the purchase of one of our greatest home products will relieve the situation and bring about a quick betterment of conditions. I am certain the appeal of the prune growers will not be in vain. Very sincerely yours,

BEN W. OLCOTT, Governor.

CARD OF THANKS.

I most sincerely thank the kind friends and neighbors who so kindly assisted and comforted me in my great sorrow at the passing of my beloved wife. Also do I thank the kind friends for the beautiful floral tributes.

THIEVES BOUND OVER.

Eugene Guard: Alfred Twigger and A. J. Kozziolek, the two young auto thieves, who asserted that they were only 17 years of age, were today turned over to the county court for hearing, but were later remanded to the justice court with the statement that because of the fact that they appeared to be habitual criminals, incorrigibles and incapable of reformation, they would not be dealt with by that court. Before Justice Wells this afternoon they plead guilty to the charge of larceny and were bound over to the grand jury in the sum of $2000, which they were unable to furnish.

BUSINESS TO BE CONTINUED.
