MANY ENROLLED IN HOME COURSES

Douglas County Has Third Largest Number of University Extension Students.

SCHOOL GROWTH RAPID

Official Endorsement of Extension Course Studies Leads to Great Increase in Number of Persons taking up Home Study.

By Jean Strachan,
(U. of O. Dept. of Journalism.)

EUGENE, Mar.7—Douglas county has sixty one persons enrolled in courses in the extension division of the University. This is the third largest enrollment, Multnomah and Lane having more.

"Douglas county has always been one of the good extension work counties," said John C. Almack, acting director of the extension division. "But this has been especially true the last two years. Last year, the county had fifty-four persons taking extension work, and in previous years ten or twelve each.

"What happened," went on Mr. Almack in explaining this sudden increase of four hundred percent, "was that the county school superintendent got acquainted with us and began to recommend our study courses."

Many of the correspondence students are school teachers, but almost every occupation is represented: the farmers, home makers, professional men, mechanics, clerks and many others. The total registration of the extension division of the University is now 799, and all parts of the state are represented. Two hundred and forty-nine of the total are teachers; eighty-five are students, who for various reasons cannot come to the campus, and other occupations are represented by numbers from one to ten or twelve.

A bulletin issued by the extension division of the University speaks of the correspondence students as follows:

"If one were to take a cross section of Oregon's adult population it would be representative of the correspondence students. They range in years from the high school student to men and women well past middle life.

Their occupation or interests are as varied as their ages, for they are teaching, preaching, farming, herding sheep, taking care of homes and raising children, serving as clerks, stenographers, engineers, and doing the many other things that make up the life of Oregon communities, but they are united in their ambition to get the education that circumstances have made impossible for them to get in the ordinary way. Their desire to obtain now the education which they have missed in other ways is well illustrated by the following letter from a student who is doing splendid work in English.

"I am in my 70th year. I have had work hard all my life and couldn't get any education. Now, I am having my chance. I am a fruit grower. I have had ten children, seven of them are still living. Three are still in the army service but when they come home they will be in the Agricultural college and the University."

MARRIED SATURDAY.

At 6 o'clock sharp on Saturday evening Mr. Vernon Stone and Miss Velma Lewis were united in marriage. The ceremony took place at the home of t he bride's aunt, Miss Susie Lewis, on West Mosher street. The ceremony was performed by Rev. C. H. Hilton, minister of the Christian church, the ring ceremony being used. Mr. Stone is a rancher and is making his home at Curtin at the present time. Miss Lewis is teaching school the other side of Yoncalla, and will finish her term as teacher. A number of friends and relatives were present for the ceremony, and it was followed by a splendid wedding dinner.

ARTIST ATTACKS MODEL.

PITTSBURG, Pa., March 7.—Howard Shubert, an amateur artist of the north side, who, when his model stepped dishabile from behind a screen got excited and knocked her unconscious, will spend the next three years in the western penitentiary, having been convicted of aggravated assault and battery.

Shubert, 24, had no settled occupation, but testimony indicated that he believed himself destined to be a great artist, and he engaged Miss Jeanne Paris of Mutland street as a model. It was a new role for her.

Miss Paris, at Shubert's direction, retired behind a screen to make needed changes. When she reappeared, blushing charmingly, Shubert, instead of getting busy with his sketching pencil, hit her on the head with a shoe tree. When she recovered her senses, Miss Paris testified, Shubert made an insulting proposal. The girl, dazed and terrified, snatched up her clothing and fled.

Shubert did not deny striking the girl, but said that he did not know why he had done it and that his mind was a blank at the time of the occurrence. He did not believe he had made any improper suggestion, he said.

LEGION DEFEATS EUGENE

Displaying a few dashes of the old time form, the former high school stars composing the American Legion basket ball team of this city decisively defeated the Eugene All-Stars at the high school gym Saturday evening. The final score was 44 to 26 in favor of the Roseburg players. The first half was very close and ended in a tie, 14 to 14. In the second half, Roseburg started off with a rush and baskets were made at frequent intervals. The game was featured by long shots, in which Roseburg excelled.

THESE PEOPLE HAVE PEP AND MAKE THINGS GO

"It's the Climate" is one slogan of Roseburg, but a fitting one would be "It's the Pep" says the Northwest Hotel News. Because it is a surplusage of that necessary commodity that is putting Roseburg on the map as never before. The boosters at the Umpqua Hotel are forever and eternally hatching up some new scheme to attract attention to the city and to their hotel. They are getting the best possible co-operation from the live newspapers of their city.

They are forming a new National Guard with a big waiting list to report. They are having every business man to have printed on their letterheads, noteheads and envelopes, the slogans: "See America First. See Crater Lake First. Roseburg, the logical Stop-over between Portland and Crater Lake National Park."

Hotel men can do wonders for the town. We have the illustration of what Manager Birdsall has done for the city of Bend. No dozen men have done so much as he to rivet attention to that thriving city east of the Cascade mountains.

PURCHASE IN GARDEN VALLEY

A. L. McMullen and wife, recent arrivals here from Wenatchee, Wash. today completed the purchase of the Jack Parrott property in Garden valley. The property consists of 11 acres highly improved, one acre in walnuts and is an ideal home. Mr. and Mrs. McMullen stated that they were greatly pleased with Roseburg and expressed their surprise at finding the grass green and the flowers in bloom, having come from the land of snow. They left this afternoon for Wenatchee to ship their household goods and their pockets were bulging with literature from the Commercial Club and other organizations which they will distribute among their friends. The deal was made through Rice and Rice, local real estate dealers.

WILLIAM BELL, Observer.

A. C. BILLMAN, of Indiana, who says Tanlac is unquestionably the greatest medicine he ever heard of. "It put me back on my feet after I had practically given up all hope of ever being well again," he states.

"Tanlac is unquestionably the greatest medicine I ever heard of After I had practically given up all hope of ever being well again, it put me right back on my feet, and I am feeling one hundred per cent better than I have for twenty years. I have gained ten pounds in weight, and every one says I don't look like the same person.

"For several months I suffered from a serious stomach disorder. I had no appetite and couldn't eat enough to keep up my strength. Very often when I sat down to a meal I would leave the table without touching anything scarcely, as I could not bear the sight of food, much less eat it.

"I was losing in weight and my friends would often ask me: "What is wrong with you? Why are you looking so thin?"

"I also suffered terribly with pains across the small of my back and over my kidneys. It was almost impossible for me to get out of bed in the morning, as my back would pain me so I would almost fall over when I would first stand up in the morning. At night my back pained me so it was almost impossible for me to sleep. I would lie first on one side and then on the other, and would roll and toss all night long. I had almost given up and thought maybe my age was against me, as I had taken so many different kinds of medicine without results.

"The first bottle of Tanlac didn't help me much, but I made up my mind to give it a fair trial. After starting on the second bottle I began to feel better. My appetite returned and it just looked like I could hardly wait for meal time to come. In fact, I was hungry all the time.

"My back and kidneys don't bother me any more and I can sleep like a log now. Tanlac has just simply made a new man of me, and any one living in this county can tell you the same thing, as everybody knows me and knows the shape I was in."

The above statement was made recently by A. C. Billman of Ligonier, Ind. Mr. Billman has lived in Noble County all his life and is a well-known and highly-respected citizen of that county.

Tanlac is sold in Roseburg by W. F. Chapman; in Dixonville by John Hatfield; in Brockway by I. B. Nichols, and by leading druggists everywhere.
