Duck women hold record opener

By Jake Berg
Emerald Sports Reporter

In a record-setting home opener Friday, the Oregon women's basketball team outgunned New Mexico State 114-92, and squeezed by Portland State 89-77 on Saturday.

Coming off the bench against NMS, senior Jennifer Bourn sparked the Ducks with her game-high 26 points and school-record six three-point baskets. The guard's six treys tops the previous Oregon record of five set by Michelle Eble in 1989 against Southern California.

"We know she can shoot like that; she knows it," said Ducks' Coach Elwin Heiny of his player's 6 of 9 shooting from three-point range.

Bourn's performance was not the only part of the game that went right for the Ducks. In fact, almost everything went right for Oregon, now 2-2.

With the win over NMS, Heiny, in his 15th season, has now won every home opener since the 1976 season. The victory over the Roadrunners saw the Ducks hit 52.2 percent (36 of 69) of their shots and was Oregon's second highest offensive output ever, second only to the Ducks' 121 points against Hawaii in 1979.

Ducks' point guard Vanessa Selden directed the Oregon offense by handing out a club record 14 assists. The sophomore topped the old school-

Senior guard Jeniffer Bourn came off the bench to score 26 points, including a school record six three-pointers, in Oregon's 114-92 victory over New Mexico State.

From Discovery To Application

Battelle, Pacific Northwest Laboratories
Career Open House

Downtown Red Lion Hotel
310 S.W. Lincoln
Portland, OR

Friday, December 14
10:00 AM - 4:00 PM

Saturday, December 15
9:00 AM - 4:30 PM

Battelle, Pacific Northwest Laboratories, in Richland, WA, is working to provide innovative solutions to real-life problems. Our staff works individually and in multidisciplinary teams to attack problems affecting waste disposal, environmental restoration, global change, human health and energy resources. If you share our commitment to preserving the environment and keeping America technologically competitive, come to our Career Open House to discuss employment opportunities and find out how you can make a difference. The Computer Sciences, Information Systems, and Energy Sciences departments will be on hand presenting seminars directly related to how Battelle goes "From Discovery To Application." Learn how you can become part of the Battelle team. We seek candidates with a minimum of a Bachelor's degree and specialized talents in any one of the following areas:

Computational Sciences

- **Systems/Software Engineer**
- **Senior Systems Analyst**
- **Senior Computational Sciences Research Scientist**
- **Software Developer**
- **Computational Sciences Research Scientist**

Energy Sciences

- **Senior Technical Specialist**
- **Senior Research Engineer**
- **Engineer - MSME**
- **Technical Specialist**
- **Senior Staff Scientist**
- **Technical Writers**
- **Technical Editors**

Information Systems

- **LAN Manager**
- **Network Engineer**
- **Macintosh Support Engineer**
- **Software Development Engineer**
- **Information Services Engineer**
- **Systems Analyst**

Seminar Schedule

Friday, December 14

11:00 AM **Distributed Computing at Battelle, Pacific Northwest Laboratories.** Presentor: S.K. Moon, Manager, Computer Systems Support.(Also Sat./10:30 AM)
1:00 PM **Computer Systems Engineering.** Presentor: J.C. Brown, Project Manager, Environmentally Related Systems Integration. (Also Sat./1:30 PM)
2:00 PM **Improving Energy Efficiency in Buildings Through Computer Simulation.** Presentor: J.S. Schliesing, Research Engineer II, Building System Performance.

Saturday, December 15

9:15 AM **Computers and Commercial Buildings.** Presentor: D.B. Crawley, Senior Research Scientist, Building System Performance.
10:30 AM **See Friday, 11:00 AM.**
11:45 AM **Visualizing Science.** Presentor: J.J. Thomas, Lead Scientist, Computational Sciences Department, Chairman ACM-SIGGRAPH.
1:30 PM **See Friday, 1 PM.**
2:30 PM **Computing in the New Decade.** Presentor: S.K. Moon, Manager, Computer Systems Support.

Working at the Laboratories in Richland, Washington, you will enjoy big city amenities and a small town lifestyle. Our community offers affordable housing, quality education, a pleasant climate and year-round recreational opportunities.

If you are interested in learning how to take your talents "From Discovery To Application," but are unable to join us at our Career Open House, forward your resume to: **Battelle, Pacific Northwest Laboratories, Dept. HSCOH, P.O. Box 1406, Richland, WA 99352. For more information call (503) 221-6996.** We are proud to be an Equal Opportunity Employer. Women and minorities encouraged to apply.

...Putting Technology To Work

DO YOU HAVE AN INTEREST IN

- Substance Abuse
- Sexuality
- Nutrition
- Fitness
- Behaviors
- Eating Disorders
- Weight Management
- Stress Management

Do you have any interest in developing counseling skills, public speaking skills, enhancing your personal knowledge of, and educating others on these subjects? Then the LIFESTYLE PLANNING PROGRAM is for you! Upperdivision and graduate credit, internships and practicums are available to students interested in Peer Health Advising. Applications are available at the Health Education Center in the Student Health Center or call Joanne Frank, ex. 4456.

We deliver faster than Santa Claus.
