Battleships to Be Gassed In a Naval Test

By Ralph H. Turner.

WASHINGTON, March 17.—(U. P.)—The army air service is preparing to gas a battleship.

When the army planes sail over an obsolete battleship next June to demonstrate that surface craft is helpless under a shower of bombs, the air service also intends to show that a battleship can be forced into virtual submission by the use of gas.

This was revealed today by Brigadier General William Mitchell, assistant director of the air service, and Colonel A. E. Fries, head of the chemical warfare section, who is cooperating with Mitchell in the proposed gas attack.

"Any form of gas," Fries said, "varying from the kind that puts men gently asleep to the poisonous mustard variety and the tear gas, can be placed in explosive shells and dropped by airplanes on an enemy fleet below. The gas would permeate a battleship, some kinds continuing their effect for several days.

"The crew of an enemy ship, presumably, would don gas masks and rubber suits, but this would greatly handicap them for work aboard ship and some gases are so awful as to defy artificial protection."

Progress by the United States in chemical warfare, Fries said, also has reached the point where floating bombs can be dropped in the water, creating a smoke cloud both poisonous and obstructive to a ship's visibility.

Loves Her Cows and Chickens Again

"I have had stomach trouble for twenty years and for the past year have eaten nothing but stale bread and drank hot water. Was too weak to do any kind of work. Six weeks ago I took the first dose of Mayr's Wonderful remedy and am now doing all my housework besides looking after my chickens and milking two cows every day. Mine has been a wonderful recovery." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal troubles including appendicitis. One dose will convince or money refunded. Druggists everywhere.

Stokes Submits All of Evidence

NEW YORK, March 17.—(U. P.)—W. E. D. Stokes, aged millionaire suing for divorce, closed his case today. An adjournment was taken to enable the defense to gather its witnesses. The date of resuming the trial is indefinite. There probably will be several weeks' delay.

Justice Finch today directed that Stokes pay his wife $7000 additional as counsel fees. This makes a total of $19,500 Stokes has given her for that purpose.

The existence of a double for Mrs. Helen Elwood Stokes was hinted at today. Attorneys barely touched upon the possibility when Mrs. Maggie Thornton, negro maid, testified that a red-haired woman called "Annette" was a frequent visitor at the apartment house where Stokes charged many of his wife's alleged indiscretions were committed.

The witness said the apartment of Mrs. Genevieve de Anquinois, whom she knew as Mrs. Greaves, was a gathering place for many women. She believed Mrs. Stokes had been there frequently. She mentioned other names. She said the red-haired woman was there much of the time.

Another negro maid, who cared for the apartment of Edgar T. Wallace, said she had seen a woman in the apartment often. One woman who spent the night there left "gold fish" hairpins on a pillow and reddish hair in a brush, she said.

OAK CREEK ITEMS.

Mr. Boise, who lately arrived from North Dakota, will spend several weeks visiting with relatives.

Chas. Beckley caught a coyote with his pack of hounds, that had been killing his limbs. These thieving animals are causing the sheep raisers great loss, and all who raise small stock should co-operate in destroying them.

A group of young people of Roseburg have kindly offered to hold services in the church next Sunday afternoon at 2:30, and also the afternoon of Easter Sunday. These bands of Christian workers have been holding meetings in different places. Let everyone who can be there to welcome them. X. X.

HE HAD SUFFERED SINCE CHILDHOOD

Portland Man Says Tanlac Has Now Freed Him Of Rheumatism—Wife Gains 25 Lbs.

"Tanlac is what ended my troubles and beside that, my wife has gained twenty five pounds by taking it," said M. C. Staley, 3618 Fifty-second street, Southeast, Portland.

"I had been having spells of rheumatism ever since I was a child and at times was in such bad shape I actually couldn't raise my feet an inch off the floor. The pains would start in my feet and go up through my legs into my arms and shoulders, and I simply ached all over.

"My stomach got out of order, I lost my appetite and couldn't eat anything hardly but what it bloated me up until it was all I could do to get my breath. My kidneys bothered me terribly and I had awful pains in my back, I had sickening headaches, and at night the pains would wake me up about one or two o'clock and I couddn'tget back to sleep the rest of the night.

"Well, I have taken six bottles of Tanlac now, and can't feel a trace of the rheumatism and am as strong and active as a man could want to be. My kidneys never bother me now and I am a well man in every respect. Tanlac has restored my wife's health too, and to my way of thinking, it is a medicine that can't be equalled."

Tanlac is sold in Roseburg by W. F. Chapman; in Dixonville by John Hatfield; in Brockway by I. B. Nichols, and by leading druggists everywhere.

French Still Pay High Prices

PARIS, Mar. 18—The French householders are still paying more than four times the pre-war prices for the necessities of living, although there has been a big decline in the cost of living.

The French government has made public figures comparing the living cost in France with those in the United States, by giving Bradstreets for reference for the United States and the Statist for reference in the kingdom of Great Britain. These show that the peak of the cost of living in these three countries was attained in April, 1920. Taking the prices of 1913 as normal, or as 100 percent, the prices of necessities in April of last year are given as 587.5 percent in France; 225.1 in the United states and 313.1 in Great Britain.

According to the government figures, these percentages had declined in December last to 424 percent in France, and 243.5 in Britain. The figure for the United States in November last was 147.9 percent. The December figures were not given. Most of the French newspapers find the joy of the reduction in the cost of living tempered by the knowledge that it is still more than four times higher than in 1913 and that it is accentuated by much unemployment.

Gray Squirrels Being Imported

(By United Press).

SALEM, Mar. 18—Imported Eastern gray squirrels, brought all the way from Harrisburg, Pa., are scampering over the beautiful grounds at the state capital.

More shipments are to follow. The squirrels are being brought in by State Game Warden A. E. Burshduff.

Local humorists suggest that the animals may be more or less hungry until the next legislature meets.

Glendale Road Delegation Here

I. H. Smith, Dr. Geo. C. Knott and Jas. B. Clay, a delegation of highway enthusiasts from Glendale, arrived in the city yesterday to attend the meeting of the state highway commission held in this city last evening. The gentlemen represented Glendale and Cow Creek road precincts and are anxious to have the road improved leading from Glendale to the Pacific highway, this thriving community having been left off the highway when the new survey was made and there is a stretch of road of some five miles leading to the thoroughfare that they are very anxious to have put in first class condition through money derived from the proposed bond issue. With this idea in view the delegation met with the county court yesterday, presenting a petition setting forth their desires and will urge that at least $50,000 be expended on this roadway. Mr. Smith stated to a News-Review representative that his section of the county would contribute approximately $25,000 to the road fund this year in the way of road taxes and it was the desire of those interested to have this sum augmented to $50,000 in order to carry on the work in their district successfully. If this sum can be set aside for road district No. 19 it will be a great benefit to the Glendale section of the county and give the people of that section the support they rightfully deserve.

SUNDAY AT THE CHURCHES.

Christian, Corner Pine and Woodward streets, Rev. C. H. Hilton, Minister.—This congregation will begin its revival meeting on Sunday. The services will be conducted by Evangelist John T. Stivers. The music will be in charge of Mr. and Mrs. Guy Curtis. There will be a great service on Sunday. In the evening the band will be with us, and that together with the stirring song service and special numbers by the singers will make a great program. These evangelists are very successful in their work. Bible school will begin at 9:45 and the work of the school will be kept up to its usual high standard. Y. P. S. C. E. at 6:30. Missionary theme. The public cordially welcome to all services.

Methodist Church, Guy Fitch Phelps, pastor.—The First Methodist church will hold the usual services next Sunday in Roseburg. Special music at the services. Special discourses for the occasion. Sunday school promptly at 9:45. Morning service at 11; Epworth League at 6:30. A Junior Epworth League is to be organized, and the parents are urged to aid in putting their children into it. Mr. Phelps is planning to deliver some special discourses on Evolution in the near future, with other subjects of up-to-date importance. The matter will be taken up first from the standpoint of science. The discourses on this subject have been delivered in college circles on the coast where the matter was agitating the student body. The church must be equal to all situations, scientific, moral, educational, spiritual, or strike her flag. The evening service each Sunday is at 7:30.

Methodist Church, South, Rev. J. C. Jones, pastor.—Sunday school at 9:45, W. L. Cobb, Supt.; divine worship at 10:45, sermon by Rev. H. S. Shangle, president of Columbia Junior college.
