DAMAGE FROM CATERPILLARS TO BE VERY LIGHT

The caterpillar situation in the Winston district is considerably improved, according to County Agent J. C. Leedy. Prompt action on the part of the orchardists of that locality has resulted in general control and from all indications there will be little damage done. The caterpillars have been found in varying quantities as far south as Myrtle Creek, but they are chiefly in the Winston district.

"The one thing that is necessary in caterpillar control is the concerted action of all orchardists," Mr. Leedy says. "It does no good for one person to use control methods unless everyone else is equally responsible.

"The tent caterpillar constructs the unsightly tents or webs in orchards and in trees along fences, roadways or streams, and often does considerable damage in defoliating orchards and other trees not regularly sprayed. Its favorite host plant appears to be the wild cherry, though it feeds freely upon apple, pear, peach, prune and other decidious fruits and upon various shade and forest trees.

"The tent caterpillar passes the winter in the egg stage on the twigs of the host tree in clusters of 300 or 400, each egg mass being covered with a waterproof material. The eggs hatch as the buds begin to open and the larvae are ready to attack the new leaves as soon as they appear. Soon after hatching the colony begins to form its silken nest or tent, usually in the crotch of the limbs, and as the larvae grow, the tent is enlarged to accommodate the needs of the colony.

"The full grown larvae is about 2 inches long, deep black or brown with a white stripe along the back and blue and white spots on each side, the body partially covered with yellow hairs.

"Apple and pear orchards regularly sprayed for codling moth and other insects will rarely be seriously troubled with this insect as arsenate of lead used in the pink cluster-bud spray will destroy the caterpillars before they have occasioned much damage. However, when it is desirable to spray for tent caterpillars alone, arsenate of lead is advised in water or fungicide, using the poison at the rate of one pound of the powder or two pounds of the paste to 50 gallons of water for the young caterpillars, but doubling the amount of poison in case the larvae are one-third grown or larger.

"Entire colonies may be exterminated by cutting out and burning, or by fastening a kerosene torch to the end of a pole and burning out the nests. Those on the trunks and large limbs may be killed by spraying with kerosene or concentrated oil emulsions."

"I Never Have to Get Up Nights Now"

"CHRONIC BRIGHT'S DISEASE kept me suffering 10 years. I tried nearly everything, but got worse. Then I tried Agmel. Improvement began immediately. My aches and pains soon disappeared. Best of all, I stopped getting up nights. Now, a year since taking Agmel, recent urinalysis shows my kidneys sound in every way."

Use Cycol and avoid frequent valve-grinding. This oil with "endurance beyond belief" reduces carbon trouble.

Stability **The new Cycol will stand the hardest kind of usage. It is refined to meet the severer conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.**

No Acids **The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.**

The new refining process for Cycol is different in every respect. It selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting at the same those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon **As to carbon, Cycol like all other oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.**

And even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it Yourself **For these reasons you will find that Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.**

So fill your crank case with Cycol. You can identify it by the new transparent green-gold color.

JAMES W. MOTT

A Man with a Record of Active, Constructive Accomplishments
"A Brilliant and Resourceful Legislator." —Oregon Voter

An Ex-Service Man

AFTER 20 YEARS OF INACTIVITY, IT IS TIME TO

Change Congressmen

THE CONGRESSIONAL RECORD (the official publication of Congress) shows that for the past twenty years this District has been without active representation in the lower house of Congress.

It shows that no enacted legislation of general benefit to the District has been initiated and sponsored by the incumbent during his twenty years as Congressman, THAT HE IS NOT THE AUTHOR OF ANY IMPORTANT MEASURES AFFECTING HIS OWN DISTRICT, AND THAT HIS NAME IS NOT IDENTIFIED WITH ANY LEGISLATION OF NATIONAL IMPORTANCE.

THE ELECTION OF JAMES W. MOTT MEANS ACTIVE REPRESENTATION IN CONGRESS.

Heals Eczema in 7 Days or Less

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abcesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. Nathan Fullerton can supply you at any time.
