ORS AIDED IN WASHINGTON

(By United Press)

A, Wash., Feb. 6.—One of ings done by the legislature been the passage by both th overwhelming majorities, appropriating $250,000 from mation revolving fund for loans to eastern Washing- ers. The bill carried the clause and is regarded in the light of insurance for State aid to farmers in the elt is tantamount to insur- ayments from that section of . If farmers don't make ey can't pay taxes, so the help them make money.

nouncement of Warden John that he will need $590,550 to tate penitentiary during the ennium came just after the on of Representative Heigh- to abolish capital punish- Washington and make life im- nt the severest penalty. If passes and becomes effective the biennium, it will run Pace's budget up a few more

g going after bachelors in ton's legislative halls. Rep- ve Heighton of King has n its way to the house a poll exclusively for the benefit of unmarried men, who will be taxed $5 each a year between the ages of 25 and 60. Those charged with collecting the taxes of the state are wondering if the unmarried males will follow the proverbial example of the maiden ladies of advanced years and begin counting backwards when they reach 24.

Senator George Christensen of Skamania, who holds the unique position of being the only Democrat in the upper house, may add to his laurels the crown of Democratic national committeeman for Washington. Already Christensen is chairman of the state Democratic committee. The meeting of the Democratic committee to elect a successor to A. R. Titlow of Tacoma, deceased, will be held in Spokane, February 12. If Christensen is successful, the committee will elect another state chairman.

CARKIN BILL INTRODUCED

SALEM, Feb. 7. (U. P.).—The house spent the majority of the morning discussing the resurrected Eddy bill providing a salary for court reporter in Douglas county. The bill was defeated the first of the week, but passed today. The Carkin consolidation bill, abolishing 101 officers, boards, etc., was introduced this morning. It creates five government departments.

Chairman Kubli announced he would personally oppose the ways and means committee apportation slashes made last night. Effective Thursday morning the senators will be limited to five minute speeches each and not over two speeches on any bill. The senate passed three educational bills. The press has been barred from the joint ways and means committee hearings.

THREE-CENT GAS TAX FAVORED

SALEM, Feb. 7.—The house roads and highways committee last night determined on a three-cent a gallon tax for gasoline, following the line of the governor's bill on this question and throwing all of the rest of the gasoline tax measures into the discard.

It also determined to report unfavorably on house bill 279, which has maintained a heavy lobby here for and against during almost the entire session. This bill would grant franchises instead of licenses through the public service commission to bus and motor truck lines and was the product of the "regulars," being backed by men who maintain regular routes between two given points and sustain termini. Its idea is to do away with the "wildcatter," who goes into such territory as he pleases. Those in favor of the bill say the wildcatter gets the cream of the business during good seasons and leaves the regular to continue with his traffic during the bad seasons when business is poor. An interesting feature of the lobby was the appearance of Fred Williams in favor of the regular and Fred Buchtel in favor of the other fellows, both of them having recently been recalled as public service commissioners.

The Graham bill permitting of refunding of highway bonds so work on primary market roads will go ahead, received a favorable report.

The matter of paid highway commissioners and a number of other of the governor's bills have gone over until a meeting tonight, when Carkin, their introducer, will appear with arguments in regard to the various measures.

BATTLE WITH BOOTLEGGERS

WASHINGTON, D. C., Feb. 6.—A battle between 15 prohibition enforcement agents and a score of reputed bootleggers took place late today in a driving snow storm in Prince George's county, near Walnut, Md., and did not end for three hours, when the bootleggers were said to have run out of ammunition and escaped in the woods. One man, who refused to give his name to the authorities before he lapsed into unconsciousness, was brought to a hospital here and was said to be in a serious condition with a bullet in his head. He is between 20 and 25 years old.

The prohibition agents, it was said, were in search of stills and other illegal apparatus for manufacturing intoxicants, and were armed with riot guns and 45-caliber revolvers. Their opponents also were said to have been well armed and the battle took place in open fields, the maneuvering covering a mile of territory. The officers encountered stiff opposition, increased before long, it was declared, by reinforcements the reputed bootleggers had summoned, armed with sawed-off shotguns. More than 100 shots were exchanged, it was said.

Merciless Neuritis

Imps of Hades armed with red-hot pitch-forks could scarcely inflict more cruel, agonizing torture than that endured by many sufferers from neuritis.

The sharp, stabbing pains caused by this disease are usually centered about the shoulder, neck, forearm, small of the back or along the thigh and leg in the region of the sciatic nerve. Sometimes they move from one part to another, sending out lightning jabs which produce untold misery.

If you want relief, apply Tyrmol over the part that hurts, and the pain should disappear.

Tyrmol is absorbed through the pores of the skin and has a soothing, healing effect upon the inflamed diseased nerves. Contains no "dope." Guaranteed harmless. Price at W. P. Chapman drugrist. Tyrmol Company, Mfg. Chemists, 409 Sutter St. San Francisco.
