# METHODIST SUNDAY SCHOOL MEMBERS TOTAL 4,918,194

CHICAGO, April 30.—(A. P.)—There were 4,918,194 Methodist Episcopal Sunday school members enrolled in 36,181 Sunday schools of that denomination during 1922, according to a report of the Methodist Episcopal Sunday School Board just made public here. More than 100,000 officers and teachers were engaged in the work among this army of pupils.

Last year these Sunday chools contributed $1,772,121 to the missionary work of the church, the report states. This was 88 per cent of the total of $2,000,000 asked of them.

The board, however, considers the record in evangelism the really remarkable part of the report, inasmuch as 187,254 Sunday chool pupils joined the church during the year. This number is 68,247 greater than the entire net increase in church membership reported in the Methodist Year Book, the report says. "Without these accessions," it continues, "the church would have suffered a considerable loss in membership."

Last year 1,577 new teacher training classes were established with a membership of 18,422 in correspondence courses and 6,613 examinations were given, the report continues. During the year 226 institutes or group meetings were held, carrying training to 12,905 attendants. The departemtn of teacher training reports that during last year 36,969 students were receiving training of some sort.

The report concludes: "Believing that the Sunday session of the church school alone does not avail to provide adequate religious education for American youth, the board of Sunday schools is agressively entering the field of week-day religious education. Last year 126 daily vacation schools with an enrollment of 11,490 and 46 week-day schools of religion with an enrollment of 2,551 were established."

# BRITISH DOCTOR SAYS SMOKING HARMLESS

LONDON, April 30.—(A. P.)—The danger to smokers from nicotine poisoning is declared by Dr. E. P. Roger to be "so small as to be almost negligible." This should be tidings of comfort and joy to many smokers in America, where, according to dispatches received here something like a crusade is underway against "My Lady Nicotine." She is there denounced it is said, as a "dissipated jade who is responsible for much that is injurious to health."

Dr. Roger's opinion is based on experiments conducted by himself to determine the action of fire on the tobacco consumed. He has just published an account of them with the conclusions he has reached.

He first took ten grains of tobacco steeped in alcohol and water in order to extract all the nicotine. He said the solution was strong enough to kill a dog weighing four stone.

He then took a similar quantity of the same tobacco and burned it in a pipe so constructed as to retain the whole of the smoke produced. The liquid resulting was found to have no worse effect on a dog than to trouble his dinestion. The dog was of the same weight as the dog on which nicotine had been used with fatal effect.

Dr. Roger says he found that combustion destroys the nicotine, or rather transforms it into cresols, phenols, and other substances which while they are rather irritating are nevertheless excellent anticeptics. The pipe or cigarette-holder he says should be kept clean, but with that danger guarded against there is no other. "In these conditions," he states in conclusion, "tobacco may be even good for the health."

# PASTOR NAMED 7 SINNERS WHO NEED SCATHING

(International News Service.)

CINCINNATI, O., April 30.—There are seven "sinners" who deserve "scathing," Rev. John Edwin Price, pastor of Essex Place Universalist church told International News Service.

Violators of the moral code, gambling and gouging are also that deserve condemnation, Dr. Price said. Here is his complete list.

1. The man who went into marriage fifty-fifty with the girl of his choice, but who now leaves her alone with the children, who have driven her nearly frantic all day, while he runs with the "boys" and has a good time.

2. The man who gambles away for his own amusement a portion of the family income and then "hawks out" his wife because she doesn't make her five-year-old hat look nice this season.

3. The man who spends from $1 to $3 a week on tobacco and other personal pleasures, but complains that he cannot send his children to Sunday school for lack of clothing or carfare.

4. The man who uses his superior knowleige to betray a girl who doesn't realize to what end one step after another is psychologically leading her.

5. The man who demands chastity of his wife, but practices free love.

6. The exploiter, whether rent profiteer or one who underpays his help, or one who doesn't give a day's work for a day's pay.

7. The bootlegger, who is indirectly responsible for much wrong and sorrow.

## NEW MILL ON LOWER UMPQUA COMMENCED

Work on the Umpqua Mill and Timber company began Tuesday with pile driving and in from four to five months the new mill is expected to be operating with employment of about 200 men, including those at the camp. The Port Umpqua Courier reports.

E. K. Robertson, superintendent of construction arrived in Reedsport Wednesday ready for work. He was formerly in the employ of Mr. Kram, stockholder in three or four large lumber venturs.

The building, according to Mr. Robertson, the main building of the mill will be 50 by 200 feet. There will also be the boiler house and engine room.

Boat houses will be moved up to the camp for accomodation of the loggers. The camp is getting out piling now to be used in construction. The building of the mill will occupy about 20 men.

## LODGE DIRECTORY

# DODGE BROTHERS USED CARS

People have gotten over the idea that "used cars" and "abused cars" are synonymous. Every car seen on the street is a Used Car. They now realize that it is purely a matter of judgment on their part; that is, judgment in choosing a dependable dealer to buy from.

Remember: A used car is only as good as the firm with which you deal

Roseburg, Oregon

# SMALL LOSS IN MILL FIRE AT REEDSPORT

Fifteen hundred dollars in damage was sustained when the store room at the rear of the Winchester Bay Lumber company office burned, Monday night, according to the Port Umpqua Courier.

At six o'clock the fire signal blew and in less than three quarters of an hour the city volunteer fire department together withe the mill fire fighters had the mill fire under control and saved the office proper.

The flame at the time of the first fire signal was spreading so fast that in fifteen minutes time it was necessary to blow a second signal. However, considering the blaze's headway, the loss is comparitively a small one.

The fire was first noticed by a group of carloaders who were working near the office.

The Winchester Bay Lumber company fire signal is four short whistle blasts.

Get our cash prices on Deering and McCormick mowers, binders and rakes. Wharton Bros.

### PROPS USURP STAGE IN BARRYMORE PRODUCTION

(International News Service.)

NEW YORK, April 30.—Ethel Barrymore was playing Lary Marjorie Colladine, in "The Laughing Lady," when vile-smelling smoke started to filter through the Longacre Theatre. The audience began to get alarmed. Then a disheveled stagehand rushed onto the stage waving a burning rag. He assured the audience that this constituted the "fire" and made an embarrassed exit. Miss Barrymore went on with her lines amid laughter.

# EE PACT MEETS APPROVAL

MENTO, Cal., April 30.— al agreement whereby mo- Oregon will be relieved of registration fees while driving in this state and California motorists will be similarly relieved while driving in Oregon was reached Saturday after a conference between Will H. Marsh, chief of the California division of motor vehicles, and Sam A. Koser, secretary of state of Oregon.

Marsh announced that under the agreement arrived at it was determined that the basis of collection would be the residence of the applicant. If the applicant be a resident of California, but operating in Oregon territory, either for pleasure or profit, he said, then a California license only will be necessary. The same rule will apply to Oregon residents operating in California, and in neither case will a duplicate registration be required.

Stage lines operating interstate or persons driving cars for hire in competition with drivers of the adjoining state, however, will be required to register in both states, Marsh said.

Marsh said reciprocity agreements between the two states had been strained for a number of years as a result of what he termed an erroneous construction of the California law and its application to tourists coming from the north. Most of these complaints have come from commercial travelers, he said.

Aphis sprayer and supply of spray for 85 cents. Wharton Bros.

## MOVIES

### Sennett Movie A Ritious Burlesque

Mack Sennett, picture producer, must surely get a kick from the prognostications of the so-called wiseacres. These rumor mongers like to tell people that "there is a limit to the successes any producer, no matter who he is, can produce." Each time these know-it-alls begin to make themselves heard, Sennett comes out with another feature, a comedy-drama, subtle satire, melodramatic comedy or a board comedy with plenty of hokum.

Mack Sennett's latest effort is a hilarious comedy burlesqueing "The Sheik," under the title, "The Shriek of Araby." Ben Turpin with his crossed and roving optics, is the Shriek. He is ably supported in this new comedy character by Kathryn McGuire in the leading feminine role, while George Cooper, Dick Sutherland, Ray Grey and Louis Fonde, between them, work up the humorous situations which confront "The Shriek of Araby," an Allied Producers and Distributors Corporation release coming tomorrow and Wednesday to the Liberty theatre.

# ESPEE MAY ISSUE NEW TIME TABLE

S. P. officials are reported to be working on proposed changes in the timetable to go into effect about the middle of May. The changes have not yet been definitely decided upon, it is understood, but are only tentative in form. Under the proposed new time table, train number 12 northbound, would arrive at 2:50 p. m. instead of 1:35 p. m.; number 14 northbound, at 11:55 instead of 12:05 p. m. Slight changes would also be made in the arriving time of 54 and 16. Number 17, southbound under the new program, will arrive at 4:10 p. m. instead of 9:45; number 11 at 2:10 p. m. instead of 10:50 p. m.; and number 15 at 4:50 instead of 4:30 p. m. Small changes may also be made in trains 18 and 53.

### AGED BOTTLE OF BEER FOUND BY EXCAVATORS

SALEM, Ore., April 30.—Salem made a bid for a place in the historical limelight alongside of Egypt, the home of King Tut, when workmen excavating for a new building unearthed a priceless relic of pre-Volstead days in the form of a bottle of beer, with contents intact. The find was made on the site of a former brewery, and authorities estimate it must be at least 32 years old. The fate of the relic has not been revealed, but contractors report a general speeding up of the excavation since the discovery.
