REGISTRATION BLANKS

At last the registration blanks for the organization of troops have arrived. A set of these blanks were forwarded to Glendale Thursday.

REMEMBER SWAT THE FLY

Only 12 more weeks until camp fellows. Say didja get that searchlight you was talking about gettin'. Ya sure will need a light of some kind. Better get somethin' either a candle, scout lantern or flashlight or somethin.

TO LOOKING GLASS

Scoutmasters Dillard and Lintott journeyed to Looking Glass last Wednesday evening where Scoutmaster Lintott appeared before the Parent Teachers meeting and talked on Scouting. Those present seemed quite interested in the movement. Altho we might not be successful in organizing a troop it is quite probable from reports that we will have five or six scouts at least in the Looking Glass community.

RESIGNED

Dr. Seely Chairman of the Troop One Committee has resigned his office effective at once due to the fact that he has been elected president of the Rotary Club and this office will take all of his time. We regret very much to lose Dr. Seely as he has done a great deal of work for the scout movement and has played a important part in getting the scouts as well organized as they are. Atty. Dexter Rice has assumed the duties of Dr. Seely and is now the Chairman of the Troop One Committee.

CAMP APPLICATION

STOP! LOOK AND READ: In this issue you will find an application blank for this years summer camp. Will you kindly get Dad or Mother to sign it up and then send it as soon as possible. Those in charge of the camp are desirous of getting a line on how many intend going so they can figure up about how much "grub" is to be needed. Send it in now. Cut out the application and get them to sign on the dotted line right now while you think of it. If it turns out that you will be unable to attend we will refund your "buck" so you won't be out anything. Only it will help a great deal if you will get it in at once.

THE GLENDALE TRIP

Some trip, eh boy? I'll tell the world. Gee, but we had some feed. Don't you wish you could have gone? These you could have gone? These are just a few remarks that one hears around scouts since their trip to Glendale. The boys left Roseburg about four thirty in autos piloted by Dr. Seely, Mr. Chapman, Mr. Bates and Mr. Ritter. They arrived in Glendale about six thirty just in time for the "feed." The mothers of the prospective scouts had gone together and prepared a real feed for the boys. Here is what they had, hot dogs, spuds, bread, butter, coffee or cocoa, four kinds of cake and fruit. How does that sound. What is worrying most of the bunch is where Bill and Martin put all they got away with. The boys were seated every other one a Glendale boy then a Roseburg boy and so on. In a very short time all were well acquainted and the Roseburg bunch kept the ballgoing all the time. We then journeyed to the auditorium where about 150 of the towns people had gathered to listen to our talks on scouting and also the orchestra and see the demonstrations of scout work. The demonstrations consisted of first aid bandaging, signaling and the making of a fire using one match and cooking and eating a flap jack. Dr. Seely also made a few remarks pertaining to scouting and school play grounds. The program closed about 9:15 and the autos filled up and started north with the "troops" all arriving in Roseburg before midnight. A troop was formed and fourteen boys signed up for membership. "Billy McGee was appointed Troop Reporter for the Boy Scout News which is part of the News-Review and he will report all happenings from Glendale. The meeting was the best we have as yet received and we certainly wish Glendale all the success possible as they have a wonderful start and a dandy bunch of boys to start with. Go to it Glendale.

Troop No. 3.

The third troop met Wednesday evening with a fair attendance. We appointed three of our members going to Benson school to see that the Flag was taken care of. Attention! Third Troop and boys of scout age not belonging to any other troop. Bring your weeners and buns and meet at the scout hall at 6:30 sharp Wednesday evening for a hike up the hill. Its up to us to meet every Wednesday night from now on if we plan on going to Diamond Lake.
Kenneth Olson.

Elkton.

Scout Runyan from Roseburg made Elkton a visit and was entertained by scout Cox.

Wednesday night the scouts minus scoutmaster Thomas went to a cabin that the boys built and had a ten o'clock feed, while on expedition we cornered a skunk in a tunnel and a fierce battle followed. Scout Weatherly was in the eye. If only scouts Thomas had been there he might not have been injured. And added to our mothers would not use. It was quite sad the next day at school all the boy scouts that went with us, had a bath came dressed in overalls.

R. H. S. TEAM WINS FROM MYRTLE CREEK

In a moderately fast game of baseball played at Myrtle Creek yesterday the Roseburg high school team defeated the players of that city by a score of 19 to 12.

The game started off slow and it looked for a while that the game would be uninteresting, but as soon as the players on both sides got warmer up a little life was injected and at the end of the third the score was a tie. The Myrtle Creek boys play a good game of baseball and it was only when their pitcher began being hit in the last three innings that the Roseburg team was able to bring the score up.

On the whole the local team showed up splendidly in spite of a few and bonehead plays. The team little weak in the outfield yet, but infield seems to be working up
