The Store for Men

SHOW CAST ARRESTED

LOS ANGELES, Mar. 26. (AP) —Members of the cast and the two producers of the "Captive" for the third time in two consecutive days last night closed the show with a trip to the police station.

All were charged with participating in an obscene play and, as on the former occasions, were released on bail.

Market Quiet In Onion And Spud Trading Today

PORTLAND, Ore., Mar. 26 (AP) —With less than 25 cars remaining in growers' hands, the market for Oregon yellow Danvers onions was quiet today, with buyers reported absent in growing districts. Offers to growers, if any were sold, would be around $3 and sacks, dealers think. No. 1 grade yellows were going to the trade today around $5.40 per cwt.

The potato market likewise showed a lull in activity in growing districts. Shippers are well stocked and consuming markets are reported flooded with offerings. Wholesale prices here today were around 2c for No. 1 grades.

Dairy produce markets were steady today at Saturday's prices with receipts continuing heavy.

Country dressed meats and poultry cleaned up fairly well Saturday and quotations were steady to firm on all classes. Acute shortage of broiler chickens was reported with dealers offering 35c per pound for anything over one pound live weight. Other classes of fowl were steady at last week's prices, with supplies moderate and demand fair.

General Motors Attains $200 On Stock Exchange

NEW YORK, Mar. 26 (AP)—Trading on the New York stock exchange today broke all records for volume with a total turnover of 4,176,200 shares. General Motors, soaring $9 a share to a new peak price at $199, was again the outstanding individual feature, although gains of $5 to nearly $13 a share were noted in over a score of specialties.

The previous record 4,007,300 shares was established on March 22.

General Motors was reported "200 bid" just before the market closed but no sales were arranged at that figure, the final quotation being $198.75.

So great was the last-minute rush of orders that the ticker, which had been keeping fairly close to the market, was 20 minutes late in recording the final quotation.

Railroad shares under the leadership of New York Central which sold above $175 a share for the first time in its history, joined the broad upward movement of prices on the New York stock exchange today.

The closing was strong. Bidding for the mail order issues was fast and furious in the last hour, Montgomery Ward and Sears Roebuck advancing 6 and 9 points, respectively. Pennsylvania rose above 70, the highest in more than a decade. General Motors continued to rule above 197, while American International shot up five points and American Machine and Foundry 3.

The New Easter Bonnet and the "Never-at-Home"

A style revolution has taken place right under our noses, the revolt of the Porch-and-Parlor ladies against the clothes rule of the Never-at-Homes.

For a long time now fashions have been created for women who had privileges rather than duties, and who spent most of their time romping around beaches where the sun goes at his work in an intense sort of way. Hats were shapeless felts, clothes were limp and easy and utterly devoid of feminine furbelow or charm. The woman who possessed a front and back porch and liked staying on them, seemed to have been utterly forgotten in the fashion scheme of things.

But if you will wander through the Millinery and Ready-to-wear departments of our store, you will see a new note of daintiness and allure in the models displayed. Dresses and hats for Easter are feminine even to fluffiness. There are ruffles and bows and softly fluttering laces. The Porch-and-Parlor ladies have once more come into their own.

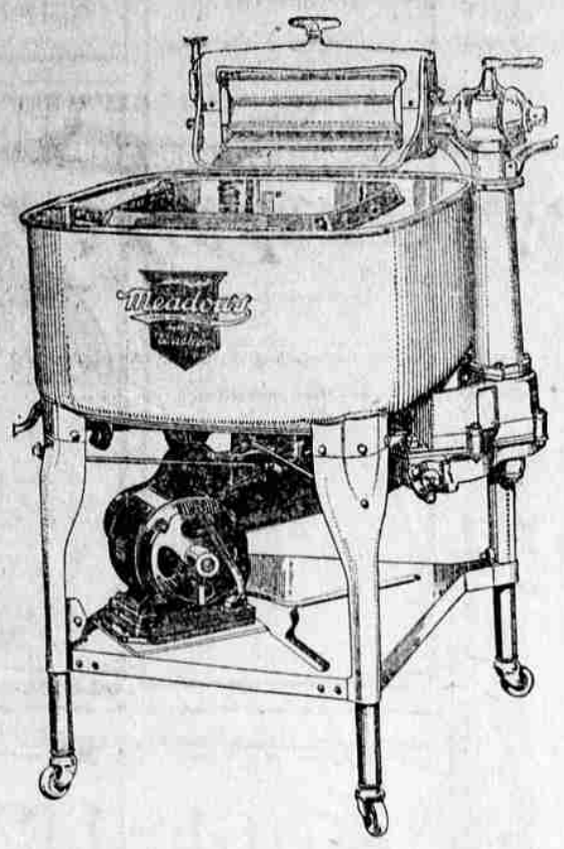
THE WORLD'S FINEST WASHING MACHINE



No Dread of Wash Day NOW!

Women who use the Meadows know that Blue Monday is a thing of the past with them. They can do the weekly wash in a quick, easy way with this advanced machine. The bakelite propeller in the bottom of the tub makes a whirlpool of suds that forces the water through the clothes—there is no friction to cause wear and tear. The daintiest garments can be safely washed and the most soiled work clothing can be thoroughly cleaned without hard rubbing.

See the New Meadows—try it—you will be amazed at the way it washes so quickly, cleanly and safely.

Check Flu-Grip By Using Vicks at First Sneeze

Health Authorities Urge Precaution to Prevent Epidemic

If all colds were checked at the beginning, influenza, pneumonia and grip would be greatly reduced.

It takes quick action to get ahead of the germs of these dread diseases. Many cases of flu start from germs breathed in. The effective way to attack them is direct—with vapors of Vicks VapoRub.

When rubbed on the throat and chest the ingredients of Vicks are released in the form of vapors which, being breathed in, carry medication to the inflamed air passages and lungs direct and instantly. In addition, it acts like a poultice and helps the vapors inhaled to break up the congestion.

While grip and influenza are so prevalent local people are urged to keep Vicks VapoRub ready at all times for instant use. Adv.
