In the Name of Common Sense, Why?

There was a man, supposedly a business man, needed a cultivator ...ser in his broccoli field. He had probably seen our ad in his ...e town paper a hundred times, knew we were handling farm ...shiners at close prices, had even saved some money by dealing ...h us, but instead of "seeing us first," he paid $11.50 too much for ...e cultivator.

Why? Search me. Maybe the man he bought it from was a ...tter salesman than we are. Maybe he got credit. Maybe he belongs ...the same lodge. Maybe he aims to run for office and wants the ...ther man's friendship for that reason. Anyway, it is his affair. ...e got a good machine, and it will do his work, but no better than ...e one we sell.

"See us first, we can save you money"
