GERMAN GIRL STUDENTS MAKING BRAVE FIGHT

DRESDEN, July 19.—Ringing church bells is the occupation a girl student in one of the German universities has adopted as a means of piecing out her inadequate income. She does factory work and mending. With a gift from the students of Vassar College provided her with money enough to buy meal tickets for the students' mess. Now she is able to devote more time to her studies. The students messes give two hot meals a day at a cost in American money of 30 cents, but many of the woman students cannot afford even this small sum.

Many girls are trying to live on only one hot meal a day, and consequently number forced to leave the universities and high schools because of illness is very large. Even the two hot meals provided in the messes fail far short of providing adequate nourishment. They contain no meat or fats of any sort, and are chiefly boiled vegetables and cereals.

Why Have Ugly Itchy Pimples?

Hokara Clears Skins Quickly of All Unsightly Eruptions

For several weeks past druggists have done a big business and made many friends simply by recommending and selling Hokara—a skin healer that has miraculously aided many people in restoring to them a clear, natural, healthy skin.

Hokara by its antiseptic healing properties has been found to correct quickly all minor skin troubles such as pimples, blackheads, herpes, acne, dandruff, scalp, complexion blemishes, burning feet and piles. Ulcers, sores, eczema, rheum, and even chronic eczema yield readily. There has yet to be found any form of skin disease that Hokara does not greatly help, and its action is so quick, pleasant and healing that those who have used it are enthused with it. In spite of its unusual healing powers Hokara is not expensive and you can try it on the money back if dissatisfied plan. Nathan Fullerton, The Rexall Store, will supply you. Mail orders accepted.

POLICE OBJECT TO CHILD FEAR

SALT LAKE CITY, Utah, July 19. The parent who teaches the child to be afraid of policemen, while chiding the youngster for bad demeanor, does wrong and is negligent, in the opinion of Salt Lake patrolmen. They say: "Too often the parents seem to think they should refer while addressing their children, to the policeman as one to be feared. Tell the children to tell their troubles to a policeman. The policeman is a friend of every child in trouble. The lost kiddie can find no one but the policeman. The uniform is easily distinguishable and the throng of the passerby, oblivious of the small tragedy being enacted under the guise of a little tear-stained face.

"If the child has been trained properly to know the officer is a friendly being and not a walking punishment, then the youngster soon finds a refuge and ultimately is restored to its parents. To tell the kiddies they should fear us coppers is the worst thing a parent can do."

ESTABLISH NEW LOOKOUT

A new lookout station for Douglas county has been established at Silver Butte, nine miles west of Riddle, by Walter Leve of the National forest service and Charles Martindale of the Douglas county fire patrol association. These two men returned here yesterday after spending the last two days in erecting a fire finding set and installing a telephone. The new station covers an important part of the county which has not had a station in the past and is located near the Cow and Canyon creeks. The scope will include all the territory between north and south Myrtle creeks and covers an important section of county timber. The building for the lookout is being constructed and a man will begin work immediately as a lookout for that station.

LONDON TO WEAR LOUD SPORT GARB

By CHARLES A. SMITH,
(International News Service Staff Correspondent.)

LONDON, July 19.—Many and varied are the sports costumes to be worn by fashionable English women this summer—that is, if Old King Sol will relent sufficiently for them to be worn.

Tennis jumpers are of riotous design and color, those most fashionable seeming to be of white silk or cotton, emblazoned with figues of girls and men playing tennis, outlined in black—a pen-and-ink effect.

Grass green short coats, giving the fluffy appearance of uncut grass, are also in vogue, while the pockets on all sport models seem to be copied from those of a billiard table.

Bathing costumes are more brilliant than ever, peach, green and almond green easily being the favorite colors.

Shoes are as multihued as Joseph's coat. Lizard and kid, stained red, are the craze, with red, emerald green, purple and blue running them closely as favorites.

White footwear is apparently growing in popularity in England, while the strap shoe is gradually ousting the old laced walking shoe.

Reduce Those Dangerous Swollen Veins

Doctor's Recent Discovery Also Heals Boils, Carbuncles, Abscesses and Open Sores in a Few Days

Physicians are prescribing and hospitals using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal, but also reduces goitre, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and, furthermore, if this wonderful discovery does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Nathan Fullerton, The Rexall Store, Roseburg.
