Montana—William B. Rogers, Butte.
Oregon—C. M. Thomas, Medford.
Washington—Arthur W. Davis, Spokane.

TENDER-HEARTED MISS FLIM-FLAMMED BY THIEF

PORTLAND, July 9.—(UP)—He looked up into her eyes. She looked down in his.

"For God's sake," he pleaded, "if you'll let me go this time I'll never do it again."

This little scene softened the heart of Miss Ruby Williams, who returned home and found a burglar under her bed. She agreed to let him go.

Later she discovered $15 and a railroad ticket were missing—and called the police.

Walter P. Chrysler Says—

There is little or nothing in the ordinary four by which to measure Maxwell riding and driving results of today.

Vibration literally ceases to exist, so far as those in the car are concerned. The car rides with the ease of one twice as heavy.

There is no four in America today at anything like its price to equal the good Maxwell—and you can find that out for yourself in 30 minutes by calling on the nearest Maxwell dealer.

OLYMPIA MAN DISAPPEARS

OREGON CITY, July 9.—William Hitt, business man of Olympia, Wash., who disappeared from that city about ten days ago after suffering injury to his head in a dive in a swimming pool, turned up in Oregon City this week and disappeared again, it became known today. Monday night he registered at a hotel here. Tuesday he telephoned his wife at Olympia to telegraph money. He disappeared again, however, before the funds were delivered to him. Mrs. Hitt and Henry Hitt of Portland, a brother, were today conducting a search.

GLIDE MAIL STAGE SERVES 'POP' WELL

"Not once in two years and seven days has my old car failed me in handling mail to Glide," exclaimed P. "Pop" Gilham with pent-up enthusiasm in a group of persons recounting experiences with their automobiles. "All the service work on the car was done between the six-day-a-week trips. I've hauled as much as 25 sacks of sugar on the car at a time. When the loads get too large I hook a two-wheel trailer on behind to carry the surplus weight."

It is estimated that "Pop" runs the old Dodge stage 400 miles a week year in and year out, 300 miles carrying mail and 100 miles making miscellaneous trips, which would make a total of more than 40,000 miles. Along with his mail contract he hauls goods for the Glide store and residents of that district.

Although his speedometer has not recorded all the miles traveled, it is conservatively estimated the car has been driven more than 61,000 miles. The speedometer registered 21,000 miles when he purchased the car. The machine has cost him very little for upkeep, regardless of the great mileage.

"When I hauled the 24 tons of rejected canned salmon to the fish hatchery to feed the fish, my car cost me only $7.50 in repairs during the whole month," he declared. "At every trip I hauled 2500 pounds of salmon besides my regular load, with the aid of the trailer. Sometimes during the winter I had to pull other cars out of holes where they were stuck.

"There are two other mail routes in the county with much better roads than the one I travel, but on each road the third car is being worn out while mine is still running faithfully. Besides that my car was purchased second hand and the other cars were each purchased new."

To Attend Convention—

Dr. A. C. Seely leaves this evening for Portland to attend the Northwest convention of eye, nose and throat specialists. He will return next Sunday.

Warrant for Speeder—

A warrant was issued today from the city court for the arrest of Edward Harms on a charge of speeding. Harms is supposed to appear this afternoon.

THE VISION OF THE FOUR GREAT EMPIRES

"That the Lord Jesus Christ by the mouth of His servant, Daniel, twenty-five hundred years ago, foretold the great nations that would rule in the earth down to the present day, predicting the distressed, perplexed condition of Europe, that this will eventually be relieved by the setting up of the eternal kingdom of God," was the assertion of Evangelist Thuemler last night at canvas tabernacle on N. Rose St.

"The image of the second chapter of Daniel with its four parts, and the vision of the four great beasts of the seventh chapter, are the same and represent the four great nations that have ruled in the world since the captivity of the children of Israel in Babylon—Babylon, Medo-Persia, Grecia and Rome.

"The vision of the image with its four parts—head of gold, breast and arms of silver, sides of brass and legs of iron—was given first to a heathen king, and made a great impression with him. However, when God saw fit to outline the nations of earth to His servant Daniel, He represented nations as beasts, showing their nature, devouring one another, and thirsting for blood.

"The ten toes of the image and the horns of the fourth beast represent the ten kingdoms into which Rome was divided in the fourth and fifth centuries. The nations of Europe today come from the division of the Roman Empire.

"In these two prophecies we are brought down to the present time, and are told of the next great event. It is in the days of these kings that the God of heaven is to set up His kingdom. Dan. 2:44. They are to be given to the burning flames. Dan. 7:11. Then the "saints of the most high shall take the kingdom, and possess the kingdom forever, even for ever and ever." 7:18.

"God has emphatically declared that the nations resulting from the broken Roman Empire will not never will stick together. Dan. 2:42. Three plans have been used to bring union—force. The principle of might making right, intermarriage and world power example. So far these attempts have failed, and are doomed to fail. The stability of all human government, resulting in divine protection, is no longer assured. The human family have clearly demonstrated before the world and the universe that they are unable to manage the situation."

"Christ the True Messiah," will be Mr. Thuemler's theme this evening.

DIES IN WRECK

(Associated Press Leased Wire.)

LA GRANDE, Ore., July 9.—H. Bryant, 76, of Albany, was almost instantly killed today when his neck was broken in an automobile accident near Perry, four miles from here.

Bryant and John Eichman, also of Albany, were returning to Albany, Ore., where they had been [illegible] when the automobile, driven by Eichman, plunged over a [illegible] bankment. Bryant died [illegible] was taken to a hospital.

Eichman was also injured [illegible] will be no inquest, it was [illegible]

You Hate Taxis

If you are used to using an automobile, you naturally hate taxis. If you know there is a "little something" wrong with your machine don't keep putting off the repair work. Bring it to us now. We can fix it in a little while. If you wait, you'll be using taxis for days. Small repairs cost little or no money.
