Constipation is ruinous to children—keep yours healthy with Kellogg's Bran

Constipation undermines a child's health. It saps his energy and makes him listless. It can lead to more than 40 other serious diseases. Mothers should take immediate steps to remove, safely and surely, the dangerous poisons from his system.

Kellogg's Bran—because it is ALL bran—brings permanent relief. Nothing but ALL bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krumbled, is universally recommended by doctors. They know it brings results.

If eaten regularly, Kellogg's Bran is guaranteed to give permanent relief in the most chronic cases of constipation, or your grocer returns your money. Kellogg's Bran acts on the intestines exactly as nature acts. It sweeps and cleans and purifies them. It makes them function naturally and regularly. It allows you to discontinue forever the use of harmful, habit-forming drugs and pills.

Kellogg's Bran, cooked and krumbled, is a delightful surprise to the taste—particularly if one has tried ordinary unpalatable brans. Kellogg's Bran has a delicious, crisp, nut-like flavor—an exclusive flavor. It is most enjoyable with milk or cream, sprinkled over other cereals or cooked with hot cereals. Try it in bread, muffins, griddle cakes and other recipes given on every package.

Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. Kellogg's Bran is made at Battle Creek and sold at all grocers. It is served in individual packages by the leading hotels and clubs. Ask for it at your restaurant.

said he had addres- s meeting in Philadelphia to Washington at r was present.

the budget at $3,- d Senator Caraway, led on Pennsylvania or one fifth of the y was that?"

started to explain Caraway broke in. cause you regarded as a fruitful field?" ed so." Butler re- put down for $400,000 of the total for a similar reason.

Senator Caraway remarked that if the republican organization had gone on the same percentage basis through the 48 states it would have received more than a billion dollars.

"No, no," said Mr. Butler.

The republican national chairman was excused after he had agreed to supply a detailed list of all campaign contributions and all expenditures within a few days.

George Barry Baker, director of the publicity bureau of the republican committee was called and gave details of the expenditure of $437,000 up to October 10, last by his bureau.

Questioned as to the costs of certain types of publicity, Baker said matrix material for a list of rural papers had cost approximately $20,000.

Asked by Senator Borah as to the subject matter of such material, Mr. Baker said the text "usually varied with the moment."

"One release," he continued, was 'debunking' La Follette.

"How much did that cost you?" demanded Senator Shipstead farmer-labor, Minnesota.

The witness said he did not know the exact cost of any one piece of material. Matrix material was supplied to a list of some 3,000 newspapers, Baker said. "Much of the material was written by Chairman Butler," he added.

Baker said his bureau has purchased no newspaper space for its matrix matter.

"How many apers were supplied with 'canned editorials'?" asked Senator Caraway.

"I think we have a list of 6,000 publications," was the answer.

Replying to Senator Borah, Baker said there was no "ambitious scheme" for new departure in publicity work.

"As far as you know now, there is no one else to be 'debunked'?" asked Senator Caraway.

"Not as far as I know," Baker with a smile. "The rest seem to have been taken care of by others."

Baker said his Chicago office had spent $365,000 and the New York and Washington branches about $104,000 for publicity.

"One item of campaign literature," Baker explained was for booklets, literature and circulars. The figure was $65,000.

After the examination of Baker had been concluded, Chairman Borah announced the adjournment of the committee subject to call.

The investigators had expected to hear today Frank P. Walsh of Kansas City who is to present Senator La Follette's charges of an effort by the republicans to raise a slush fund in doubtful states, but they were advised that Mr. Walsh could not reach Chicago before tonight and possibly not until tomorrow.

John M. Nelson, national director of the La Follette campaign received word from Mr. Walsh today that he would arrive in Chicago probably this afternoon and would be prepared to go before the committee at this time.

"I have information vital for the investigation," his message to Mr. Nelson said.
