LOCAL CANNERY SHIPPING PRUNES TO GERMANY

Sutherlin Sun: The local cannery of Frank J. Norton Co. has shipped three carloads of prunes the past week to foreign ports, one car going to Hamburg, one to Rotterdam and another to Amsterdam. The cannery still maintains a large force and has about one thousand boxes of pears yet to can before closing the run on this fruit. Next week the cannery will begin canning apples, and Mr. Norton anticipates a long run on this fruit—probably until late in December. The big prune grader on the third floor of the plant is working full time and handling from twenty-five to thirty-five tons a day. It will require two months or more to finish grading the one thousand tons of this fruit now in the factory.

S. P. DISPATCHERS BEING MOVED TO EUGENE OFFICE

In connection with the reorganization being made by the Southern Pacific in putting the Cascade line into service, the dispatchers are being moved to the Eugene headquarters, the equipment being loaded today for shipment. The transfer takes out all dispatchers, but does not affect the telegraph operators who will remain as previously. The dispatchers will go to Eugene tomorrow to take up their duties in the office there. The rooms being vacated will be occupied by the yardmaster, who is moving in his office equipment. The change is being made to provide a more efficient organization for handling the trains on the two lines.
