The Dalles Irrigation District District Manager
Opening Date: Nov. 18, 2021
Closing Date: Dec. 10, 2021
The Dalles Irrigation District is currently recruiting qualified applicants to fill the position of District Manager. Serving as the district's chief executive officer, the District Manager is appointed by and reports to the five-member board of directors who are elected by the voters of the district. The district is looking to hire a person who, through collaborative leadership, board, staff, and customer engagement, and outstanding management and administrative skills will further enhance the district's ability to deliver water efficiently and effectively to all customers of the district.
The Dalles Irrigation District is nestled along the banks of the mighty Columbia River, just 84 miles east of Portland, The Dalles, Oregon, offers a multitude of opportunities. The District is responsible for providing irrigation water to 88 growers who farm approximately 5,600 acres. This is accomplished through a pump system that pumps water from the Columbia River using 8 pump stations, to an elevation of 900 feet. The water is then delivered to users through a gravity feed system. The Dalles Irrigation District was founded in 1960.

Washington Bulb Co., Inc.

Washington Bulb Co., Inc., one of the largest US Growers of Flower Bulbs and Cut Flowers specializing in Tulips, Daffodil, and Lilies, has TWO (2) Plant Maintenance positions available.
While the two jobs require similar skills and abilities, one is a working manager position and the other does not require the responsibility of managing people. We'd like to talk to all qualified applicants to see how you might best fit within our team.
General Summary:
Two Full-Time positions overseeing and performing the maintenance of all facilities and processing equipment (i.e. refrigeration, electrical distribution and controls, electrical generators, boilers, greenhouse, processing machines and lines, planting and harvesting equipment) as part of and with the assistance of a small skilled maintenance and mechanical crew.
Essential Duties and Responsibilities:
•Maintain, troubleshoot to identify issues, and safely perform skilled service, repair and installation of plant facilities and equipment.
•Direct the maintenance team to support the duties of the maintenance department.
Required Knowledge, Skills and Abilities:
•Much of our equipment is proprietary but solid knowledge of electrical, hydraulics, belt systems will be applied.
•Working knowledge of maintaining cooling systems, boilers, electrical would be utilized daily. The right candidates will have experience in most of these issues, if not all, but will have the ability to quickly learn the basics where they are lacking.
•Ability to quickly identify issues, troubleshoot, prioritize, and repair breakdowns to keep facilities and equipment operating efficiently.
•Ability to determine if outside service contractors are required and communicate with those partners when needed.
•Motivating leadership skills.
•Great attention to detail, follow up and organization.
•Excellent time-management skills with the ability to multi-task.
•Highly organized, efficient, self-motivated, and able to work independently
•Demonstrates professional communication
•Shows consistent professionalism and good judgment.
•Be energetic, confident, and willing to work hard, especially in peak seasons that require longer hours.
•As in most shop environments, candidates should have their own basic hand tool sets.
Applicant must live in commuting proximity to Mount Vernon, WA.
Hours typically Mon-Fri, 7 am – 3:30 pm
Competitive Salary, traditional benefits package.
Send resume and cover letter explaining which position you are most interested. Do not shy away if you don't have all the knowledge as outline above. Let's talk.

BUYERS BEWARE
- If the deal sounds too good to be true, it probably is.
- Know who you are dealing with – independently confirm your buyer's name, street address, and telephone number.
- Don't send payment for an expensive item you haven't inspected.
- Consider how you pay. Credit cards have significant fraud protection built in, but some payment methods don't. Wiring money through services such as Western Union or MoneyGram is risky because it's nearly impossible to get your money back. That's also true for reloadable cards and gift cards. Honest companies won't require you to use these payment methods.
- Never use a bank-to-bank transfer in a transaction.
