PUBLIC UTILITY VALUATIONS SAVE OREGON'S TOTAL

(Associated Press Leased Wire)

SALEM, Ore., Oct. 29.—Only public utility valuations in Oregon, as fixed by the state tax commission, will save the state this year from a decrease in its total assessed property valuation, according to figures in the office of the state tax commission.

Twenty-eight counties that have reported out of the total of 36 counties in the state show a decrease of about $3,500,000 in the 1928 valuation on which will be based the tax levy of 1929 as compared with the valuation on which was based the levy this year. Calculations received from the remaining eight are not expected to be sufficient to lift the total above last year. Public utility valuations, however, will increase an estimated $5,000,000, enough to make an estimated $2,000,000 or $4,000,000 increase of last year over the year before. Last year's total both as to general property and utility, was $1,121,000,000.

The decreased valuations this year are due to the several causes. Some counties have cut their valuations on farm lands. In others there are reductions in timber holdings due to cutting, and the federal court decision removing national bank stock from assessment makes a difference, the latter particularly in Multnomah county.

Union, Wallowa and Tillamook counties, for example, have reduced their valuations about $1,000,000 each, and Wasco about $2,000,000. Umatilla county shows a small gain.

Multnomah county's gain is only a paltry $30,000, the small showing being made because of the loss of national bank assessments.

WARNER BROS. PLAN BIG THEATRICAL EXTENSION

(Associated Press Leased Wire)

NEW YORK, Oct. 29.—Warner Brothers Pictures, Inc., is negotiating with producers generally for film rights of successful musical comedies and dramas for the purpose of making talking motion pictures, it was learned today.

Reports current in Wall street Warner Brothers were negotiating with the Shubert Theatres Corporation for film rights of 30 Shubert stage successes yearly were said by Warner Brothers' officials to be correct only insofar as the Shuberts are among a number of producers with whom negotiations are under way. It was explained the company regards the field as too extensive to warrant contracts only with an exclusive list.

LINDBERGH BAGS TWO DEER AND AN ANTELOPE

(Associated Press Leased Wire)

EAGLE PASS, Tex., Oct. 29.—Having shot an antelope from his plane, Colonel Charles A. Lindbergh has left the Hal Mangum ranch in Coahuila, Mexico, for another ranch in Chihuahua, Eagle Pass residents, who have been entertaining Lindbergh, said today on their return here.

Colonel Lindbergh shot the antelope, they said, after a 20 mile chase.

The flying colonel also killed two deer.

ALDERSON'S SHORTAGE IS ALMOST $70,000

(Associated Press Leased Wire)

PORTLAND, Ore., Oct. 29.—Total shortage in county funds of W. C. Alderson, county superintendent of schools who recently ended his life, was set at $59,486.29 in a report filed with the county commissioners today by Conda J. Ham, special auditor appointed to check the school records.

Ham said the shortage dated over a period of years and involved the purloining of out-county tuition funds.

FIVE MURDERERS ENJOY FAREWELL FEAST IN PRISON

(Associated Press Leased Wire)

COLUMBUS, Ohio, Oct. 29.—Five murderers for whom death is but a matter of days feasted at the Ohio penitentiary Sunday with John Sabo, of Akron, the "kid of murderers' row" on the occasion of his 21st birthday.

Gleaming electric lights dispelled the drabness that seeped in from the dismal day outside the prison walls. Under the lights the five companions gathered with the condemned Sabo around a well-laden table and there indulged in the philosophic thought: "Our happiness comes in fleeting moments such as these, so why prolong the years?"

The last of Sabo's money—$20 in the penitentiary treasury—was used to purchase the banquet food. He said he wanted to give his fellow condemned a bit of happiness before they go to the electric chair.

MEDFORD WOMAN KILLED IN CALIFORNIA WRECK

(Associated Press Leased Wire)

CORNING, Calif., Oct. 29.—Inquest into the death of Mrs. Pearl C. Harrison of Medford, Ore., who was instantly killed yesterday in an automobile accident three miles south of here, was held today. The car, driven by her husband, plunged from a bridge into a ravine ten feet below. Harrison escaped with minor injuries.

PORT ORFORD, Ore., Oct. 29.—Mr. and Mrs. Campbell, of Medford, were in Leep hospital at Bandon today following a wreck on the Roosevelt highway near here late Saturday, when their touring car rolled down a grade 100 feet. Campbell suffered a broken rib.

Stomach Troubles

"There are many symptoms of ulcers of the stomach, some of which are a typical chronic pain which occurs from one to three or four hours following the meal. It is a sharp, cutting excruciating type of pain, present as soon as the stomach has emptied itself of food.

"Chemically it is usually due to a hyperacid secretion. We also find a great deal of gaseous distention, a feeling of discomfort, distress and sometimes nausea which is characteristic of this ailment." The above is an extract from editorial by Philip M. Lovell, N. D.

PEERLESS STOMACAL REMEDY has afforded thousands of people relief from Hyperacidity of the Stomach, Gas on Stomach, Heartburn, and Gastric Distress due to Hyperacidity. On hand at W. F. Chapman's and other good druggists.

WESTERN STATES SHOULD UNITE ON POWER POLICY

(Associated Press Leased Wire)

SALT LAKE CITY, Utah, Oct. 29.—Concerted action by western states toward solution of their common water problems was urged in an address by George W. Malone, state engineer of Nevada, temporary president of the Association of Western States Engineers, which met in its first annual convention here today.

Twenty-five engineers, representing Arizona, California, Utah, Kansas, Nebraska, Nevada, North Dakota, Oregon, Texas and Wyoming, were present. The organization was formed last year at Denver, at a conference of western states on Colorado river development.

Mr. Malone declared that whenever the west as a whole was agreed upon any matter of legislation it had been successful and urged that agreement upon their water problems would be a strong influence in the progress of this region.
