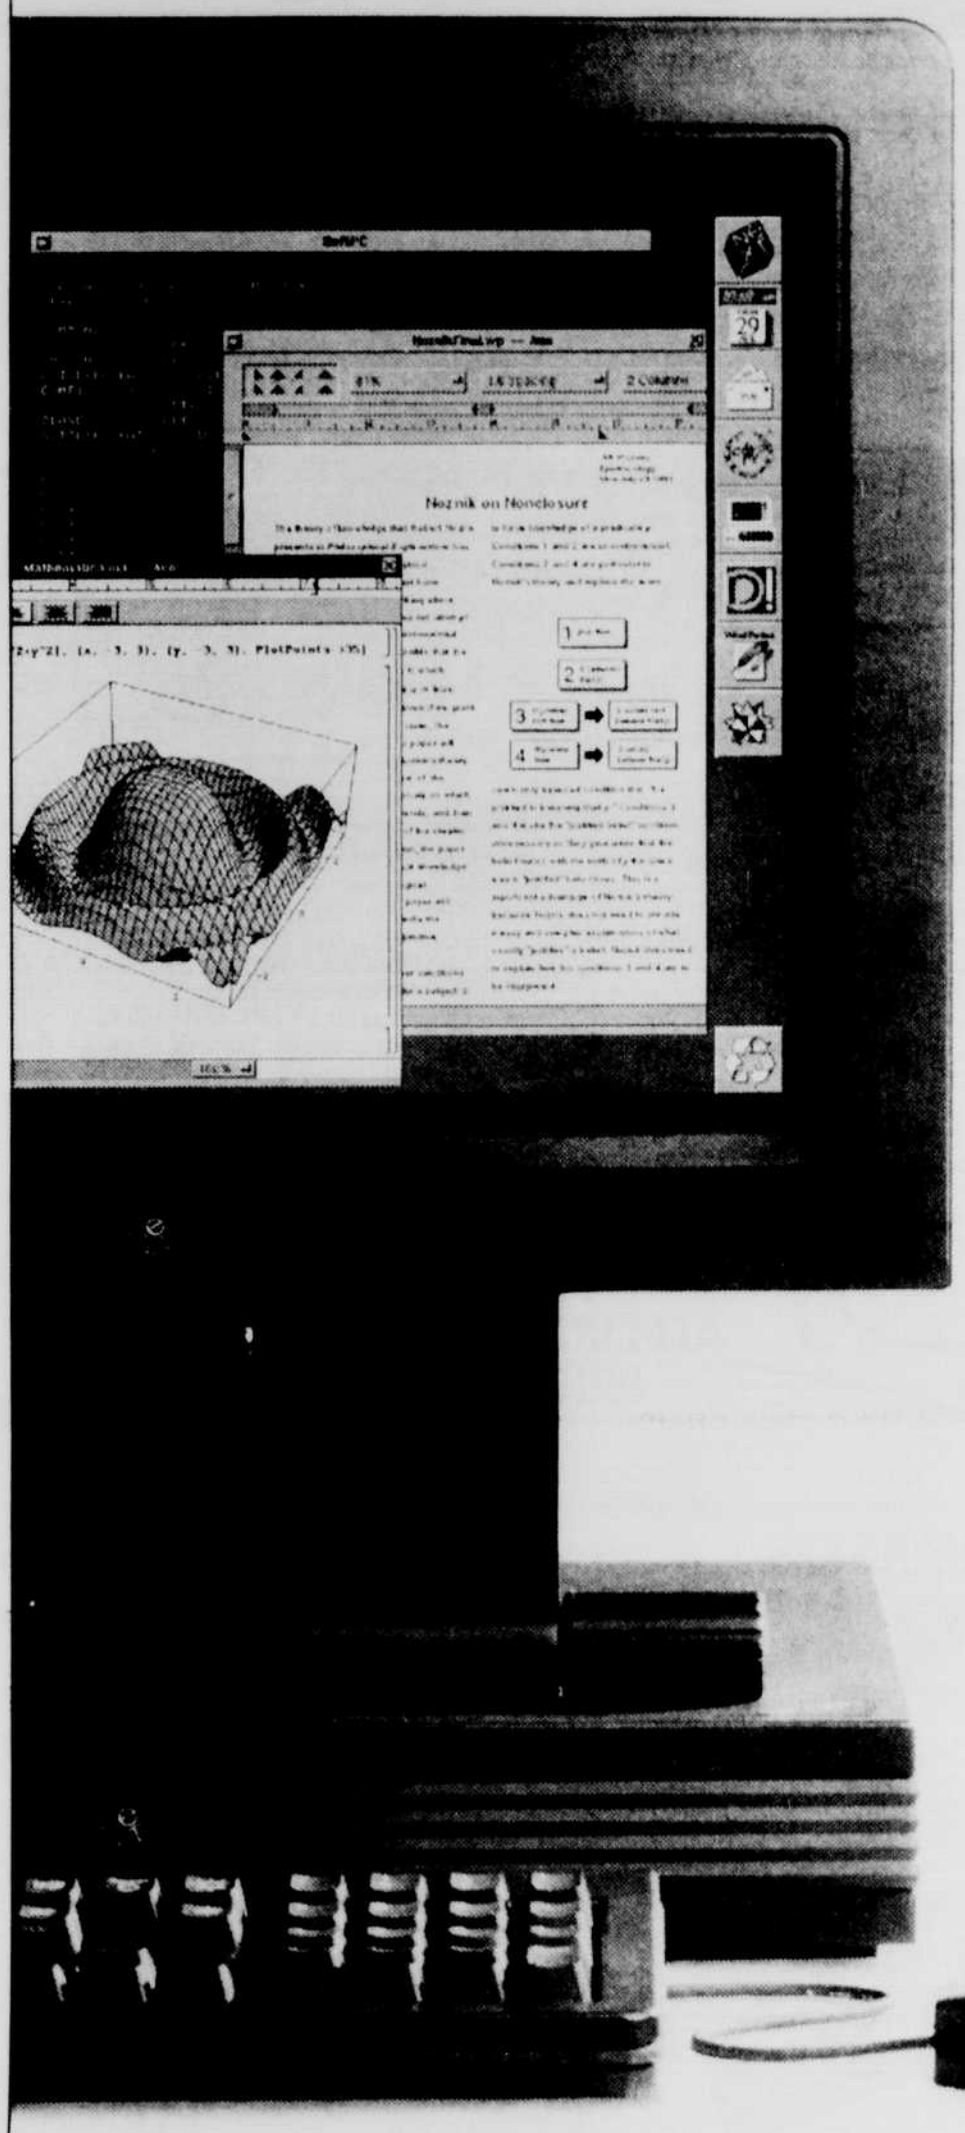
Deadline for submitting Et als to the Emerald *front desk, EMU Suite 300, is noon the day before publication. Et als run the day of the event unless the event takes place before noon.*

Notices of events with a donation or admission charge will not be accepted. Campus events and those scheduled nearest the publication date will be given priority. The Emerald *reserves the right to edit notices for grammar and style.*



If you depend on your computer to be more than a word processor, graduating to a NeXTstation™ computer may be the smartest course you ever take.

While we can't promise a NeXTstation will carry you all the way through college in a month, we can promise it will carry you all the way through college. And graduate school. And, pardon the expression, the real world.

GRADUATE IN OCTOBER.

That's because no other desktop computer brings such a full suite of workstation features to bear on such a wide range of research, analysis, report writing, and problem solving tasks.

Features like a high-performance 15 MIPS CPU, a minimum of 8 MB of RAM and 105 MB of hard disk storage, a full UNIX® operating system, true multitasking, 3D graphics, and built-in Ethernet networking.

And no other desktop computer surrounds this much power with the easy-to-use graphical interface — and the easy-to-live-with price — of a personal computer.

With the right software, it's all the computer any college student needs.

And between August 15 and October 31, we'll make acquiring the right software practically painless.

Buy any NeXT™ CPU between now and then and get WordPerfect, the premier word processor, SoftPC, the AT-class MS-DOS® emulator, and Diagram!™, the powerful drawing and diagramming package, for less than $300. That's nearly $1400 worth of the most popular productivity tools available for less than $300 bucks.

What's more, graduating to a NeXT computer doesn't require a lot of prerequisites. Just a visit to a campus reseller.

And now's the time to do it.

Because the sooner you graduate, the easier college will become.
