4,000 SLAIN IN SAN SEBASTIAN BATTLE

GOVERNOR LANDON OPENS BATTLE AGAINST NEW DEAL

RETURN OF GOVERNMENT TO CONSTITUTIONAL BASIS DEMANDED BY CANDIDATE

Immense Throng at Notification Roars Approval When G. O. P. Standard Bearer Urges Restoration of Free Competitive System; Shackles Must Come Off Individual Initiative, He Declares.

TOPEKA, Kas., July 24.—(AP)—Formally accepting the republican nomination for president, Governor Alf M. Landon last night formally launched his party's battle against the "New Deal" for the purpose of "restoring our government to an efficient as well as constitutional basis." He told a vast throng on the 16-acre capitol square for "notification night" that "the time has come to stop this fumbling with recovery" and "to restore and to maintain a free competitive system—a system under which, and only under which, can there be independence, equality of opportunity and work for all."

The crowd appeared "with" the 48-year-old executive from the start. Again and again he was interrupted by applause. A demonstration of shouting, flag waving and band playing lasted nearly ten minutes when he stepped forward to speak.

"Shall we continue to delegate more and more power to the chief executive . . ." "No, no, no," shouted the crowd in one of the most enthusiastic outbursts of the evening.

"Or do we desire to preserve the American form of government?" Landon continued.

"Yes, yes, yes," came back the roar.

Serious Throughout

Once started on his 4,000-word address, Landon read in a serious intent tone. He used no gestures, but now and then nodded his head and clipped words for special emphasis.

Not until he had concuded did he smile and wave again as he had when he walked onto the platform.

On recovery and relief, the republican nominee said: "The time has come to unshackle initiative and free the spirit of American enterprise. We must be free from incessant governmental intimidation and hostility . . . from private monopolistic control."

Debts and taxes: "Crushing debts and taxes . . . invariably retard prosperity. . . . Our party holds nothing to be of more urgent importance than putting our financial house in order."

Cash to the Farmers

Farm policy: "The administra-

(Continued on page 6)

FARLEY CRITICIZES LANDON'S ADDRESS

NEW YORK, July 24.—(AP)—James A. Farley, chairman of the democratic national committee, said today that "almost everything" that Governor Alfred M. Landon advocated in his acceptance speech "is already under way under the present administration."

The comment by Farley, who is in Washington, was issued at the democratic national headquarters in New York. It said in part:

"Almost everything he advocated is already under way under the present administration. To be sure, he implies he can do the job better than Franklin Roosevelt is doing it. But how he will go about this, his message fails to reveal. It seems to me that in the speech, there is a mark of a great many hands.

"His paragraph concerning labor, for example, suggests the handiwork of the manufacturers' association.

"In general, Governor Landon appears to be more concerned with dodging anything positive than with giving the country a definite idea of the principles under which he proposes operating.

"Undoubtedly the governor's effort was very satisfactory to the Du Pont Liberty league, for it rather skillfully avoids criticizing anything for which that organization stands, which is really as far as the Du Ponts and William Randolph Hearst had any right to expect him to go."

PADELFORD FREED OF ASSAULT CHARGE

GRANTS PASS, Ore., July 24.—K. I. Padelford was found not guilty by a justice court jury Thursday morning after a hearing before Justice of the Peace E. W. Madison on a charge of assault and battery.

Padelford pleaded self defense in admitting he struck Don Offins in an altercation that took place early Sunday morning on Sixth street.

Witnesses were Offins, Mrs. N. W. Cole and Mrs. Charles Haley for the state; John Edwards and his wife, of Roseburg, and Padelford for the defense.

HAT SALE FINALE IN ROSEBURG SET

Saturday will be "Hat Day" in Roseburg. The American Legion auxiliary will make a final effort to clean up on the convention caps, of which only a few remain.

Plans for a kangaroo court have been made and the women promise to "Get Their Man" if he is found Saturday without the Legion's convention cap, according to reports from headquarters.

Night Life Bars Mermaid at Olympics

Sues to Remove Townsend Heads

Rev. Alfred Wright, above, of Cleveland, a former director of the Ohio area for the Townsend Old-Age Plan, is the plaintiff in a pending suit asking removal of Dr. F. E. Townsend and his board of trustees from the organization. The suit also demands accounting for more than $1,000,000 in the organization's funds, and appointment of new trustees and a receiver.

SOCIAL SECURITY FUND GIVEN OREGON

WASHINGTON, July 24.—(AP)—The social security board authorized a $472,500 grant today to aid Oregon in financing its old-age-assistance program during the current quarter, July 1 to September 30.

The amount represented one-half the total to be spent in Oregon for aid to needy aged during the period. It included an additional five per cent for administrative expenses.

The board said the state is expected, with federal aid, to spend a total of $900,000 for old-age assistance during the quarter. With an estimated 13,000 persons eligible for aid under the state program, monthly allowances to individuals will average about $25 a person.

The allotment was the second for Oregon since the state's old-age assistance program was approved by the board in April. It brought to $866,250 the total granted the state to match its own expenditures during the six-month period, April 1 to September 30.

Federal assistance, the board said, has enabled the state to gradually extend its program to a larger number of aged.

At the close of 1935 the state was providing old-age assistance to 5,072 individuals. By June, 1936, third months of the cooperative federal-state program, the number aided had increased to 9,459.

The state also received $311,812 in federal funds to aid needy blind persons during April, May and June, the board said.

DRIVER OF DEATH CAR, SAYS GUILTY

KLAMATH FALLS, July 24.—(AP)—Merle Nickerson of Rally, Colorado, pleaded guilty to manslaughter charges in the Lake county circuit court at Lakeview yesterday. Nickerson was the driver of a car which struck and killed Mrs. Con O'Keefe near Silver Lake.

Judge Arthur D. Hay withheld sentence until Nickerson's record can be investigated.

DILLARD "CANTS" TO MOVE SHORTLY

PORTLAND, July 24.—(AP)—Marketing of the Oregon cantaloupe crop probably will get under way within a month, with an average crop in prospect in the Dillard section.

Because of the cleanup of the California crop, dealers said today that good prices and an advantageous marketing season might be expected.

FLOOD TAKES OUT TRESTLE ON S. P. ROUTE

Cascade Line Tracks North of Dunsmuir Blocked by Mud, Water From Mt. Shasta.

DUNSMUIR, Calif., July 24.—(AP)—Railroad crews today struggled to repair a trestle just north of Dunsmuir on the Southern Pacific's Cascade route, which was washed out by a sudden flood from Mt. Shasta's snow cap.

Railroad officials here, who attributed the flood in Midnight creek yesterday to prolonged hot weather, said the route would probably be closed for 24 hours.

Trains were being rerouted over the Siskiyou route between Eugene, Ore., and Dunsmuir.

The flood of water, caused by melting snow on the 14,000-foot peak, roared down Midnight creek and swept away a 45-foot trestle. Repair crews were immediately dispatched from Dunsmuir and Eugene, Ore.

The washout was near a place where mud from Mt. Shasta covered the tracks last year and disrupted traffic.

KLAMATH FALLS, July 24.—(AP)—The railroad and highway south of Klamath Falls in northern California were completely blocked today by a wall of mud and water tearing down from the glaciers on Mt. Shasta.

Concrete piers, under construction to control the slides, were damaged on the Southern Pacific lines about 60 miles south of here. Officials reported they expected to have the regular schedule reestablished by tonight.

Nearly 200 feet of the Klamath-Weed highway at Whitney creek was under from one to three feet of mud and rocks.

Auto traffic was being sent to Weed over an 18-mile detour across dusty roads.

Stub trains were running be-

SHORTAGE CHARGE HITS TAX OFFICIAL

SACRAMENTO, Calif., July 24.—(AP)—County Tax Collector Ed T. Ryan was held in jail today while accountants checked his books for shortages.

Ryan was arrested after District Attorney Otis D. Babcock said a $13,000 shortage had been discovered in the office. The collector was held under $10,000 bail. The complaint charged Ryan appropriated $500 in license fees for his own use. It was signed by Clarence G. Fallon, an accountant, who discovered the shortage.

FROM THE HEADLINES

By Deacon Mohmand

"Baggage is Inspected at California Border."

It is only fair to warn you, if you go to California, they will meet you at the border and you'll have official order to produce your bags and baggage, and they'll search them all for cabbage, and for some nice ripe tomatoes, and for onions and potatoes.

They will ruffle up your undies, that you have had fixed for Sundays; and they'll poke among the scanties, whether they are yours or auntie's, just to see if you're concealing some stray piece of orange peeling. When all things have been inspected, if you are not found infected, they will certify that weevils, and such other sundry evils, have been carefully removed and your innocence is proved, and you'll be allowed to stray even down below L. A.

Well, it's nice to go abroad, even though your things get pawed; but you'll thank your lucky fates when you get back in the states.

COUGHLIN'S CASE AWAITS VATICAN QUIZ

Apology for "Liar" Attack on Roosevelt May Not Halt Penalty; Raps New Deal Again.

VATICAN CITY, July 24.—(AP)—A trans-Atlantic telephone conversation between Father Charles E. Coughlin and vatican officials aroused speculation today among prelates who acknowledged that the radio priest's "liar" attack on President Roosevelt had created a "painful impression" here.

Whether the conversation, which a reliable source said took place last week, had anything to do with Father Coughlin's subsequent apology and promise to "obey orders" from the vatican were he silenced, was not disclosed.

(Father Coughlin yesterday made public the text of a public apology for terms he applied to the president at a convention of Townsend old age pension adherents recently, but declared later that he still deemed it best that the president "be supplanted.")

The prelates were said on excellent authority to be awaiting with utmost interest the arrival of Bishop Michael Gallagher of Detroit, Father Coughlin's superior, Saturday.

He will be the key witness in an examination of the radio priest's crusading tactics in the United States, a high American prelate said.

Up to the Bishop

Under the Roman Catholic church tradition, Bishop Gallagher is the man who should approve or disapprove of Coughlin's participation in the presidential campaign.

Prelates pointed out that instances in which a pope—who is bishop of Rome—had overruled another bishop in a matter of the latter's diocese were rare.

They said Pope Pius would hear Bishop Gallagher's views on Coughlin's activities before taking any step in the controversy.

Meanwhile, piles of correspond-

FEED RATES PRUNED FOR DROUGHT AREA

CHICAGO, July 24.—(AP)—The western railroads today announced slashes in freight rates on feed for starving cattle into the drought stricken areas of the northwest including a 50 per cent cut on roughage and 33 1-3 per cent on hay.

Widespread rains, scattered but heavy enough in most cases to benefit crops, were predicted for tonight and tomorrow in most of the drought ridden north central states by Government Forecaster J. R. Lloyd today.

Another development was a statement by Rexford G. Tugwell, resettlement administrator, who declared in St. Paul after a survey of affected states that he found conditions "in some respects worse than in 1934."

The federal program to aid destitute producers, said Tugwell, must include 97,000 families, half the farm population of the Dakotas, Montana and Wyoming.

GEORGIA E. NEFF DIES IN ROSEBURG

Georgia Ellen Neff, 48, resident of Roseburg for the past seven years, died at Mercy hospital today following a short illness. She was born December 2, 1887, at Towanda, Pa.

Surviving are her husband, John R. Neff, and three sons, William Boyd, Robert Daniel and Jack Lewis Neff, all of Roseburg. She also leaves two sisters, Lillian Allen of Towanda and Olive Allen of New York City.

Funeral services will be held at 2 p. m. Saturday at the Roseburg Undertaking company chapel, Rev. C. A. Edwards officiating. The body will be taken to Portland for cremation.

MRS. JARRETT PLEADS VAINLY FOR LENIENCY

Swimming Champ of U. S. Team Ignores Warning on Training Rules Once Too Often.

BERLIN, July 24.—(AP)—Lovely Eleanor Holm Jarrett, fun-loving swimming ace, lost a frantic appeal for reinstatement on the American Olympic team today.

A sub-committee haeded by Dr. Joseph E. Raycroft of Princeton, heard the swimmer's tearful plea as trains carried the American team from Hamburg to Berlin but ruled that the decision which dropped Mrs. Jarrett from the squad for repeated violation of training rules forbidding drinking and late hours must stand.

Warned previously for her participation in an all-night party in which one of her escorts was Charles MacArthur, playwright-husband of the actress Helen Hayes, Mrs. Jarrett drew down upon her head the wrath of the Olympic committee by another escapade yesterday. A member of no Olympians attended the party, Miss Hayes was not present.

Mrs. Jarrett admitted she had been drinking but said she had not realized "how seriously the offense would be regarded." She pleaded

(Continued on page 2.)

PRUNE GROWERS ASK STATE CONTROL

SALEM, July 24.—(AP)—Salem prune growers, meeting last night to elect district officers of the Oregon Prune Control, Inc., pushed aside the voluntary organization plan and took steps towards stabilization of the industry by state control.

The group instructed its attorney to prepare petitions for signing, directed to the state director of agriculture, requesting him to invoke provisions of the Oregon agricultural marketing act, passed by the special session of the legislature, in an attempt to set standards for the prune production.

The action resulted from the failure of voluntary groups to get sufficient signatures to the cooperative agreement to insure control of the industry. This sign-up was estimated to be only about 60,034, about 60 per cent of the Oregon acreage.

Growers said they had heretofore hesitated to ask for state control because of the chaos created when the previous marketing agreement was declared unconstitutional as a means of promoting the grower controlled corporation.

The group did not discard the voluntary organization, but elected officers and indicated these men would work in conjunction with the state director in case he should set up state standards for the growers. Directors elected were Frank Hrubetz and Fred Kurtz.

BROWDER DENIED AUDITORIUM USE

PORTLAND, July 24.—(AP)—An appeal of Earl Browder, communist party candidate for president, for the use of the public auditorium drew a denial today from Commissioner J. E. Bennett, who asserted that the party and the United States chamber of commerce had joined hand in attempting to block economic legislation.

"In pursuance to the terms of this ordinance (governing use of the auditorium) and in view of the activities of the communist party in joining hands with the United States chamber of commerce and other selfish interests in endeavoring to prevent the enactment of remedial legislation, which would remedy some of the defects of our present economic system, it will be my policy, unless otherwise directed by the council, to deny the use of the auditorium to the communist party," Bennett declared.

"Partying" Ousts Her From Oympiad

Failure to heed the warning to cease violation of training rules has officially barred Eleanor Holm Jarrett, above, holder of 14 swimming records, from participation in the Olympiad at Berlin as a member of the American team. Night "partying" and excess drinking were the specific offenses. Her plea for another chance on a promise of obedience was turned down.

MURRAY, LARSON LEAD IN MONTANA

HELENA, Mont., July 24.—(AP)—On the basis of returns from all but 71 small and scattered precincts, United States Senator James E. Murray maintained his lead over Congressman Joseph P. Monaghan in the race for the democratic senatorial race.

Bidding for another term in the senate, Senator Murray with primary election returns in from 1,166 of the state's 1,237 precincts had polled 45,203 votes to Monaghan's 42,136. The nomination is for the six-year term.

T. O. Larson led a field of four candidates seeking the republican designation for the long term by polling 11,482 votes in 1,159 precincts.

In the five corner race for the democratic gubernatorial nomination, Congressman Roy E. Ayers had 44,391 votes from 1,188 precincts to 38,894 for Governor Elmer Holt, incumbent.

Frank Hazelbaker with 28,069 votes from 1,118 precincts led his sole opponent, Robert Pauline, for the republican designation for governor. Pauline had 11,633 votes.

NEW REFRIGERATOR BUSINESS OPENED

Harold A. Bender has opened his new refrigeration sales and service business at Mosher and Stephens streets. He has had 18 years of experience in refrigeration, and has equipped his workshop to handle all types of commercial or domestic refrigeration repair and service.

CITY REMAINS IN POSSESSION OF LOYALISTS

Government Issues Appeal for Reinforcements to Halt Rebel March on Madrid.

MADRID, July 24.—(AP)—An estimate of 4,000 dead in bitter fascist-leftist fighting for possession of San Sebastian, famous Spanish resort on the Bay of Biscay, was made tonight by Colonel Villanueva, rebel commander.

In a vicious battle near Endalaza, northern Spain, 55 rebels and an undetermined number of government militiamen were killed.

These casualties added to a roughly estimated 25,000 killed and wounded previously during the insurrection.

American Ambassador Claude G. Bowers, who had been summering in San Sebastian, was reported to have taken refuge at Fuenterrabia, a fortress a few miles from the city.

The state department was advised that the remainder of the embassy staff had assembled in a hotel.

Villanueva, pounded the town most of the day with a battery of three field guns from hills to the south. He admitted San Sebastian was still in loyalist hands.

Madrid Aimed at

Spanish rebels fought leftist government forces only a few miles from Madrid while the fascist high command was reported to be maneuvering to "starve out" the capital city and other strategic points.

The American state department was advised that two men, attempting a mission of relief for

(Continued on page 6)

PROMISE GIVEN ON ANLAUF ROAD PLAN

A promise to keep in mind for future developments the extension of a secondary road south of Lorane in Lane county to Anlauf on the Pacific highway in Douglas county, was given by the state highway commission at its meeting in Portland today. Members of the Douglas and Benton county courts and residents along the proposed route, appeared before the commission in support of a petition urging the road to be graded through to the highway on the south as a part of the state's secondary highway system.

The road is already on the secondary highway map from Monroe south to the Lane-Douglas county line, and the commission is being requested to adopt the six-mile section in Douglas county to provide a connection with the Pacific highway at Anlauf. The route, it is claimed, would materially shorten the distance between Anlauf and Monroe.

Editorials on the Day's News

By FRANK JENKINS

HERE are two dispatches bearing on what is happening in Spain:

"MADRID (Spain)—Battling for survival after six days of civil war, the red popular front government headed by Premier Jose Giral tonight remained confident it would triumph. The government said rebel forces at Toledo and Guadalajara surrendered."

"LISBON (Portugal) — Rebels broadcast from Seville (Spain) that their planes sunk three Spanish warships. They claimed the revolution was triumphant and that the Madrid government had been given an ultimatum to resign within three hours.

SUCH are the fruits of censorship. When honest reporters are not permitted to tell the truth about what has happened, people can't believe what they read.

THE state of New Jersey offered a reward of $25,000 for a solution of the Lindbergh kidnaping mystery, but now announces it is unable to pay because of lack of funds.

States and cities are quick to offer rewards, while excitement runs high, for the capture of criminals, but surprisingly often they fail to make good when the time to pay comes along.

A DISPATCH from Topeka informs us that Governor Landon, "his speech of acceptance ready, his hair freshly cut and his family at his side, plans to greet visitors as they arrive for the notification ceremony on Thursday."

So, you see, he isn't going to be so terribly surprised after all when

(Continued on page 4)

FLASHES OF OREGON EVENTS

KLAMATH FALLS, Ore., July 24.—(AP)—"Live" cigarette stubs and birds form a dangerous combination, it appeared today.

Sam Coull, oil distributor who discovered and quelled a blaze in the gable of an oil plant at Dorris, Calif., said he found the remains of a bird's nest in which were four stubs. He theorized that the fire started when one of the stubs was brought to the loft while still burning.

LAFAYETTE, Ore., July 24.—(AP)—This town apparently has outgrown its water supply. A threatened shortage led Water Commissioner John Rainey to post on store windows copies of an old ordinance forbidding watering of lawns and gardens "except from the hours of 6 p. m. to 8 p. m." Many residents started hauling water from wells. One nearby dairyman admitted posting a guard over his water supply.

PORTLAND, July 24.—(AP)—The second reckless driver of the week appearing in the court of District Judge Fred Olson found himself in jail today for 30 days. The defendant, Arthur Hans Johnson, 22, told the court he drove past an officer at high speed and around the wrong side of a street car because he was in a "hurry" to see his girl. The judge told him to have his girl see him in jail if she wanted to in the next 30 days.

TILLAMOOK, July 24.—(AP)—Camp Meriwether, Boy Scout retreat 15 miles southwest of here, enrolled the largest attendance of record this summer with 201 scouts registered for the summer recreation period.

A delegation of 20 scouts from Salem toured the camp and engaged in a swimming meet with the Portland scouts.

NORTH BEND, Ore., July 24.—(AP)—The ferry Oregon, which has traveled 136,000 miles in carrying cars and passengers across Coos bay in the last seven years, headed toward Gardiner, 30 miles north today. It was purchased by a gravel pit operator. The ferry was out-moded in May when the Coos bay bridge was completed.

PORTLAND, July 24.—(AP)—Although an automobile driven by John Tilson, 28, reeled down a highway 200 yards, overturned, rolled 72 feet and crashed into a parked machine, the driver escaped with only a scratch over one ear. Traffic Investigator George Phillips said today. Tilson was arrested on a reckless driving charge.

PORTLAND, July 24.—(AP)—A 20-foot fall from an overhead railroad bridge here killed D. V. Wyllie, Union Pacific inspector.
