MINE SURVEY PLEA MAY EXTEND HERE

GRANTS PASS, Dec. 18.—(AP)—To seek support of Medford business men for a tabulation of southern Oregon wealth produced by mining and its importance, a group of local men left here today for a meeting with the Medford chamber of commerce board of directors.

Agitation for state legislation to prevent rolling of streams by muddy water from mines has disturbed local mining prospects, the group said. At Gold Beach, suggestion has been made to add a clause to a proposed anti-pollution measure whereby placing earth where it might muddy streams during fishing seasons would be prohibited.

George R. Riddle, hardware man; Niel R. Allen, attorney; D. H. Ferry, dredge operator; and Robert Kelly, miners' association officer, formed the group.

Tomorrow the same men may attend a meeting of county judges at Roseburg to seek a similar tabulation.
