HEALTH DEPT. HEAD FACES IDAHO CHARGE

PHOENIX, Ariz., May 24—(AP)—Dr. J. D. Dunshee, local health administrator of the state department of public health, was arrested here today on an indictment returned in Boise, Idaho, yesterday, charging "misuse of state funds."

Also named in the indictment returned by the Ada county grand jury was Miss Echo Dell Watson, twenty-seven-year-old secretary to Dr. H. L. McMartin, Idaho public health director. She had a similar position when Dr. Dunshee was head of the Idaho health service a few years ago. She furnished $1,000 bond in Boise yesterday.

Dr. Dunshee was appointed to his present position here September 1, 1937.

He was state director of public health in California, and city health officer of Pasadena before coming here. Several years ago he organized the Idaho public health service.

He came to the Arizona state service highly recommended as one of the leading public health administrators in the country. He received a $4,200 annual salary here, paid by the United States public health service for administrative activities and child hygiene work.

When taken into custody on the Idaho charge, Dr. Dunshee made no comment, but his superior officer, Dr. Cecil I. Hughes, said it looked like "a political frameup."

Police Chief Dave Fountain said Idaho authorities had requested bond to be fixed at $2,000, and that Dr. Dunshee would be given an opportunity to post it this afternoon.

Working at Beauty Parlor—Mrs. Palmer Sims has accepted employment as an operator at the Northside Beauty shop, which is operated by Mrs. Trenah Davis. She is a former resident of Wisconsin, and was an operator in Portland before coming to Roseburg.

AUTO YIELDS BODY OF SLAIN SALESMAN

TWIN FALLS, Idaho, May 24—(AP)—The decomposed body of a man tentatively identified as that of George L. Olson, Salt Lake City jewelry salesman, was discovered in a parked automobile here today.

Chief of Police Gillette said the man apparently had been "shot or stabbed" and thrown into the back seat.

The body, fully clad, was under a blanket.

The sedan had been parked at a hotel since Saturday.

Gillette said the "pockets of the man's suit were pulled out, indicating robbery might have been the motive."

Olson checked out of another Twin Falls hotel Saturday morning.

Olson was believed by associates to have been carrying several thousand dollars in gems.

"We cannot tell exactly how much jewelry Mr. Olson was carrying because he left some of it in Twin Falls," said E. B. Eldridge of the Decker Jewelry company.

Mr. Weaver Here—T. L. Weaver, of Days Creek, spent yesterday in town attending to business.

PAY-OFF MAN IN BEATINGS NAMED

PORTLAND, May 25.—(AP)—Robert F. Caples, former member of the AFL masters, mates and pilots' commission, was the pay-off man in the beating of Captain J. L. Jacobsen, river pilot, Edwin L. Garner testified at Caples' trial yesterday.

The former business agent of the union testified that Caples, on trial on a charge of assault with a dangerous weapon, had instructed him to hire a man to beat up Jacobsen and agreed $50 was to be paid.

After Jacobsen and Captain L. O. Hosford were beaten on the same day, Garner told jurors he received $20 from Caples and that $35 was paid later.

Cecil Moore and Pete Sumaski, who pleaded guilty with Garner to beat-up charges, said they beat Hosford and Jacobsen with saps. All three await sentences. Moore has pleaded guilty to four felonies and six misdemeanors in connection with a state-wide investigation of labor violence.
