Dr. Czapkay's Medical Notices.

DR. J. L. CZAPKAY'S Grand Medical and Surgical Institute, Sacramento st., below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco, California. Established for the Permanent cure of all Private and Chronic Diseases, and the suppression of quackery.

Dr. J. L. CZAPKAY, late in the Hungarian Revolutionary War, Chief Physician in the 20th Regiment of Honvedes, chief surgeon to the military hospital at Pesth, Hungary, and late lecturer on Diseases of Urinary Organs and Diseases of Women and Children, would most respectfully inform the public of Oregon and California that he has opened an Institute for the cure of Chronic Diseases of the lungs, liver, kidneys, heart, blood, brain and the horrid consequences of self-abuse, and he hopes that his long experience and successful practice of many years, will insure him a share of public patronage. By the practice of many years in Europe and the United States, and during the Hungarian war and campaigns, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no Mercury—charges moderate—treats his patient in a correct and honorable way—has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter, or otherwise, will receive the best and gentlest treatment, and implicit secrecy. The Dr.'s offices are on Sacramento st., below Montgomery, San Francisco, California. 12m3

SPERMATORRHŒA OR LOCAL WEAKNESS.—Dr. L. J. Czapkay would call public attention to spermatorrhœa or local weakness. There is not in the catalogue of human maladies one more to be deprecated than this, as well because of present distress, as the ultimate results. The tone of the system under its influence is either impaired or entirely destroyed, and a class of symptoms superinduced that unfits man for the performance of any of the ordinary duties of life. The injuries done to the physical part of man is truly lamentable, but trifling when compared to those of the sensorium, the great nervous center, and to the nervous system generally. This disease, which is too often consequent upon that solitary vice, self-abuse, involves pathological conditions beyond the comprehension of the initiated, but which are well understood by the regular practitioner. Among the symptoms most conspicuous are the following: Loss of solitude, aversion to business and society, distressing timidity, nervous excitement from slight causes, loss of memory, confusion of ideas, inability to reason correctly, low spirits and lassitude, dullness of apprehension and misanthropy.—These lamentable derangements, are often the bitter fingers of horrid organic lesions of the brain, which produce fatuity, dementia and death.

For the cure of this and all kindred diseases, Dr. Czapkay has established his Institute, where all may rely with perfect confidence upon that skill which long experience and thorough devotion to his profession has given.

Those who suffer should call or write without delay and use the means by which they may recuperate and live.

All consultations, by letter or otherwise, free. Address DR. L. J. CZAPKAY,

SECRET DISEASES.—DR. L. J. CZAPKAY'S extraordinary success in the treatment of secret diseases in the primary and other stages, induces him to call public attention to the fact that of the great numbers who have made daily application to him, there is not one who has not been effectually and permanently cured. In recent cases of private diseases, the Dr. guarantees a perfect cure in a few days without hindrance to business or other inconvenience. The Dr.'s method of treating these maladies, combines the improvements made by the medical faculty with discoveries of his own that are unknown to any one else, and which, when applied, prevent the possibility of evil after consequences.

Secondary syphilis, which is so destructive of health producing ulcerations of the throat, destroying the soft parts, and leaving the bones exposed, which mutilates, separate and come away, disfiguring the sufferer most horribly, as well as impairing his general health, and undermining his constitution, the Dr. treats in the most certain and efficient manner. Also, painful swellings upon the bones, disfiguring splotches upon the skin sores, pimples, and all other consequences of private diseases he guarantees to cure or asks no compensation.

Dr. C. would especially call the attention of those who have failed to obtain relief from others, many of whom he has already cured, and many are still under treatment. The Dr. makes no charge for consultation, and invites all to call at his Institute (and he will give them such satisfaction as they can obtain nowhere else.—Those at a distance, by writing to the Dr., can have their cases properly attended to. Offices on Sacramento st., below Montgomery San Francisco, Cal. 12m3

The Greatest Discovery of the Age.

GREAT Blessings to Mankind! Innocent but Potent! DR. CZAPKAY'S PROPHILACTICUM, (self-disinfecting agent,) a sure preventive against secret diseases and an unsurpassed remedy for scrofulous, gangrenous and cancerous ulcers, and all cutaneous affections and cases. For sale at Dr. Czapkay's Office, Arcade Hall corner of Sacramento and Montgomery sts., San Francisco, Cal. As inoculation is preventive against small pox, so is Dr. Czapkay's Prophilacticum a preventive against secret disease. That they can be prevented by proper agents, is as well an established fact as that they can be cured by rational means. It is the latter mode of treatment which now universally recognized, was received even before the days of Jenner, the discoverer of vaccination, in 1796, and its multiplied benefits ever since have received as they deserved, the attention of the Medical faculty. It was in pursuit of this branch of the medical science that Dr. Czapkay fortunately made the discovery of his Prophilacticum, which, for the cancerous and cutaneous disorders, stands unrivalled by any agent in the Pharmacopœa. The *modus operandi* of this medicine is explained upon the hypothesis that secret poisons possess chemical properties which are neutralized by being brought in contact with this prophilactic, as acids are known to neutralize alkalies, destroying entirely their original properties, and rendering them inert.—The effect of this agent is immediate, and removes the possibility of a contraction of disease.
