Today's Pattern

LARGE-SIZED FIGURES LOOK SLIMMER IN A PANEL FROCK

By CAROL DAY

You're sure to look pounds slimmer in a dress made after Pattern 8419.

The front and back skirt panels are cut in one with the pointed midriff sections, and that's a very slenderizing device.

To make it more so, there are side belts, fastened at the back, to draw in smoothly.

Shirred shoulders and waistline gathers assure correct fit over the bust, and make the dress look soft and pretty.

Shirring on the sleeve tops enhances the long, slenderizing lines.

Make this dress of silk crepe, sheer or georgette, and wear your favorite brooch or clip at the becoming, deep V-neckline. In summer it will be pretty and cool in voile or handkerchief linen. A step-by-step sew chart, included in your pattern, makes it easy to complete.

Pattern 8419 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. With long sleeves, size 38 requires 5 5-8 yards of 39-inch material; with short, 5 yards.

The new SPRING AND SUMMER PATTERN BOOK, 32 pages of attractive designs for every size and every occasion is now ready. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Spring and Summer Pattern Book—25 cents. Pattern or book alone—15 cents.

Send your order to the News-Review, Pattern Department, Roseburg, Oregon.

De Mille in his epic picture of the same name, which opens Wednesday at Hunt's Indian theatre. The stars of the production are Barbara Stanwyck and Joel McCrea.
