EVERYTHING USEFUL

Nothing Ever Yet Created Without a Purpose

We all wonder why certain things were ever made, why certain animals or insects were allowed to live. And yet there is no doubt but that everything was created for some purpose, and as civilization advances, such purposes are discovered.

Cod liver oil is something that everybody knows to have been a wise provision of Providence, to be used as a medicine in all wasting diseases. Yet science has proven that the oil has no value either as a medicine or food—and while useful to the codfish only the medicinal elements which the oil contains are useful to man as a medicine. Therefore a separation must be affected.

This is exactly what has been done by two eminent French chemists, after twenty years of experimenting, they succeeded in separating the medicinal curatives from the useless oil and grease and have given to the world in a concentrated form, all of the healing, strength-creating and body-building properties of cod liver oil, without oil or grease to upset the stomach and retard its work, and by this process Vinol is made.

The Newlin Drug Co. guarantees Vinol to be a pure cod liver medicine, without the oil, and not a patent medicine, and also guarantees that Vinol will create a healthy appetite, cure stomach troubles, give strength and renewed vitality to weak, sickly children and to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds, build up the convalescent, or will return every dollar paid for it.
