Two Games Set for Season's Basketball Debut

All Americans On Local Bill Dec. 2nd

Eugene Team to Meet Normal Warriors; R. H. S. Dated Against Myrtle Creek.

Roseburg and Douglas county basketball addicts will be given a rare treat here Saturday night, December 2, when the Oregonians of Eugene, an aggregation that includes three members of the 1938-39 University of Oregon national collegiate champions, meet Coach Jean Eberhart's highly-touted Southern Oregon normal quintet from Ashland in the feature attraction of a double-header basketball game to be played in the Senior high gym. Coach Jim Watts will introduce his 1940 Indian quintet in the preliminary when they meet Myrtle Creek high school, a strong B-league participant. The entire proceeds of the bargain-bill, less expenses, will be turned over to the swimming pool fund. The contests are being sponsored by the Junior and Senior high schools.

Noted Stars Billed.

Included in the Oregonians' lineup are such stars as Bobby Anet, all-American guard; Laddie Gale, all-American forward and Wally Johansen, all-coast guard, all members of the Oregon quintet that captured the northern division and Pacific coast conference titles last winter before annexing the western regional and national collegiate crowns, the latter by defeating Ohio State in Evanston, Ill. Besides this trio, Rubenstein's Oregonians have Dave Silver, 6-foot-4 forward on Oregon's 1937-38 northern division winner; Ford Danner, Gordon Wright and Dick Wright, all members of strong independent teams in Eugene.

Gene Crites on Normal Squad.

Coach Eberhart is bringing one of his strongest teams in years to battle the Oregonians. His squad averages better than six feet in height and were able to score better than 40 points against the University of Oregon in a game played Saturday night in Eugene. Of interest to local fans is the announcement that Gene Crites, well-known Roseburg loop artist, is a member of the Ashland squad. George Bullion, who played for University high school last season, is also a member.

Much interest is being shown in the preliminary, which will be the debut of Coach Watts' strong Redskin team. Three returning lettermen, Earl Wiard, 6-foot-2 forward; Jim Finlay, expert ball-handler and fancy long-shot artist, and Virgil Sanders, diminutive ball-hawking guard are the nucleus around which Watts is molding this season's quintet. Certain to see action with the veterans are Lowell Atterbury, Ray Puckett, Ed Hughes, Lovall Baker, Tony Anderson, Bill Woodruff, Billy Goodlow, Dale Woodruff, Paul Gacy and several others.

EUGENE, Nov. 288.—(AP)—The Rubenstein Oregonians, basketball team composed mainly of former University of Oregon players, shaded the Seattle Savidges last night, 40-36.

Instructions On Yule Mails Given

A recent change in schedule of the trans-Pacific air mail service will be of interest to patrons, especially to those who use this service, Postmaster L. L. Wimberly said today. The planes on this route now leave Tuesday instead of Wednesday from San Francisco. This change was made to enable connections to be made at Honolulu with boats which travel a different route from the clipper planes and which serve south seas ports.

"Stamp collectors will be interested to know that a new booklet has been published by the government printing office showing all United State stamps which have been issued since 1847, up to and those issued by June 30 of this year. This book may be secured by sending 25 cents to the superintendent of documents, government printing office, Washington, D. C.," the postmaster said.

"Considerable inconvenience is caused patrons, especially during the Christmas rush, when parcels are presented which are sealed with gummed tape, which prevents inspection by the postal service. This type of sealing is permitted when the proper printed label is attached, stating that the parcel contains merchandise and may be opened for postal inspection. A hand written or typewritten statement to this effect will not be accepted. Proper labels may be secured at book and variety stores.

"At each Christmas time considerable mistletoe, holly and various fruits and nuts are mailed to other states. At present the only thing of this type which must be inspected before mailing is holly when mailed in an quantity larger than just a few sprays enclosed with gifts. The county agent's office in the postoffice will make this inspection and attach proper label.

"Christmas seals and stickers may be placed on parcels but should not be on the address side. The request 'do not open until Christmas' may be stamped or written on parcels. All foreign parcels, except those weighing less than 8 ounces to Canada, require a customs declaration tag showing the contents and their value."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
