CHRISTIAN SCIENTISTS DEDICATE

Boston, Mass., June 11th:—The dedication Sunday of a magnificent new addition to the Mother Church of the Christian Science denomination, in Boston, is an event of the highest significance in the history of this religious body. The interest of all Christian Scientists is centered on Boston and thousands from all parts of the world are thronging the historic old city. The regular Communion of the Christian Science Church always brings a multitude of its adherence to Boston, but the dedication of the new structure this year has made the attendance unusually large.

REMARKABLE GROWTH

The original "Mother Church" which adjoins the new building seats about 1200 and yet three Sunday services are required to accomodate the attendance. It is said that when this edifice was planned some of the members were disturbed on account of its size. They thought that the provision of so large an auditorium was entirely uncalled for, the attendance at that time being only about 550.

Mrs. Eddy organized the first church of Christian Science in Boston in 1879 with twenty-six members. So slow was the growth of the movement at first that in 1889, ten years later, there were only eleven churches. From that time, however, the growth was more rapid. In 1899 there were 301 churches. At the present time, 1906, there are 657 churches and 275 societies not yet organized as churches, making 932 Societies holding church services. In 1889 there were only 450 members in the entire connection. In 1894 the total membership was 2,536 Five years later it had reached 18,134. These figures show that the principa growth has taken place during the pas seven years. The membership at the present time is about 72,000, but that there are multitudes interested in the movement outside of the actual church membership is evidenced by the large attendance at the Christian Science services and the fact that nearly 400,000 copies of the Christian Science text-books are at present in circulation.

Following The Flag

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now in New Hampshire we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at Newlin Drug Co. Price 50 cts. and $1.00. Trial bottle free.
