FARMS! FARMS!

One of the finest grain farms in Grande Ronde valley. Well improved, on line of paved road; price $150 per acre. This property will come to a little better than $40,000, and it will take at least $15,000 to handle it. In the best part of the wheat belt, good for 40 bushels.

Fifty-five acres of fine farming land on the Sandridge, at $115 per acre. There are no buildings. This would be a splendid investment for someone, as the income will amount to more than interest, and besides the land will sell for more money within another year.

We have a fine farm not far from Alicel, consisting of 440 acres. The improvements are good. Nearly all of this land is under cultivation. A small amount of it to buy along the river bottom, and the balance to grain. Land in this locality is selling for better than $100 per acre, and there is no reason why this property shouldn't sell for that amount next year. The price is now much lower. Good reason for selling, and the best of terms.

We have a fine residence property just out of city limits, one acre. Nine-room house, near new, modern and only $2500. Only a small amount of cash required.

FOOLS AND THEIR MONEY IS LATEST WEHLEN PLAY

Clever Metro Comedy-Drama to be Be Shown at Sherry Theatre

"Fools and Their Money," the latest Metro comedy-drama in which Emmy Wehlen is starred, will be the attraction at the Sherry theatre today and tomorrow.

The play offers a decidedly original plot with many unexpected and complicating situations. The story is that of a society-seeking wife of a munitions millionaire and a family of century-old aristocrats.

The social climber, bedecking herself with all the glory that money can buy, sets out to purchase a place in society. Although she obtains a home adjoining a family high in the social almanac, she soon finds that the gulf which divides them can never be bridged.

The daughter of the blue-blooded family however, is tired of her hedged-in social groove, and in the absence of her parents decides to embark on an adventure of her own. The project is supervised by wily young person, Cupid, who recognizes no social laws. The consequence is a breezy romance as fresh and fragrant as a day in spring.

Miss Wehlen is charming as the young aristocrat and she is ably supported by such artists as Jack Mulhall, Charles Mailes, Mollie McConnell, William V. Mong, Betty Patterson, Gerard Grassby and John Steppling.

Also shown "Perils of Thunder Mountain," the thrilling western story.

TRAVELERS FEED CHILDREN

"From Brest to Pinsk the trip in the train was a continuous experience of a very sad nature," writes Dr. Boris D. Bogen, in a report received by the American Jewish Relief Committee telling of h is work in Eastern Europe as a representative of the Joint Distribution Committee which is trying to save the hundreds of thousands of starving war-sufferers. "On each station we were met by children begging for bread. I stopped whenever I could, bought loaves of bread and distributed small pieces of it to the children. These hungry children are fed just by the passengers of the trains that pass this territory once or twice a day."

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that is "Gets-It." It is because of this fact that "Gets-It" is now the biggest seller among corn removers on the planet. It means the end of "corn-cutting" for good. Any hard corn, soft corn, tender corn or corn between the toes will succumb to "Gets-It" in a quick, certain manner. "Gets-It" is applied by a drop or two, in a moment's time. It does not inflame nor irritate the surrounding tissue. It does away forever with all pads, plasters, bandages, shoes, corn-diggers, scissors, knives and blood-freezing razors. Ease your corns away and be corn free at last.

"Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by Hobson, Lawrence & Co., Chicago, Ill.

Sold in La Grande and recommended as the world's best corn remedy by Demaris Levy Vogel Drug Co., and Red Cross Drug Co.

There's No Corn "Gets-It" Will Not "Get."
