Which will be you?

three months from now

TODAY both overalls look just about alike to you. You see them on the counter—new, comfortable and sturdy looking. It's really hard to tell which one should cost more than the other.

But look ahead three months from now. You're going to give them some rough treatment during that time. They'll get dirty and they'll be washed.

How will they look then? Will they still fit comfortably? Will they be a nice, bright blue? Will they be free from rips caused by strains that the cloth should have withstood.

Think of these things when you buy the overall, instead of regretting them months long when it's too late.

The extra strength and honest wear that are in the heavy EIGHT OUNCE CLOTH of which only Oshkosh B'Gosh Overalls are made is one reason why you may be sure the overall will look as good to you, next month as it does today and fit as well.

The other reason is the famous Oshkosh B'Gosh guarantee—"They MUST make good or we will," which means exactly what it says. When next you buy, INSIST on Oshkosh B'Gosh. Shift the responsibility to us.

CEDAR CITY, Utah, (AP)—The biblical many colored coat of Joseph has a rival in the modern world of cabinet making in the form of a library table made by W. W. Flanigan, engineer of the southern branch of the Utah Agricultural College here. The top of the table is 22x22 inches and contains in its surface 18,000 pieces of wood representing 91 varieties.

BULGARS WOULD RESUME TRADE WITH TURKEY

CONSTANTINOPLE (AP) — Rumors that the treaty now being negotiated between Turkey and Bulgaria looks to common military action against Jugoslavia and Greece are denied by M. Raiff, the Bulgarian minister here.

"Nothing could be further from the truth," said the minister recently. "My instructions do not include any action looking to military co-operation between Turkey and Bulgaria. Diplomatic relations between Turkey and Bulgaria were terminated with the signing of the armistice on the Salonica front and the actual relations between our two countries were dissolved by the treaty of Neuilly.

"My mission is to establish relations with Turkey on a new basis, a basis of commercial co-operation. As Bulgaria's next door neighbor, Turkey before the war was a good customer of Bulgarian products. At the present time the interchange of commodities between the two countries is much reduced.

"I am instructed to make Turkey open doors a free purchaser of Bulgarian goods and to assume a similar market for Turkish goods in Bulgaria. The negotiations do not cover any military features, or any political arrangement for common action against any power by Bulgaria and Turkey."

Male "Petters" Scored By University Co-Ed

SEATTLE, (AP)— University girls, like their sisters and co-ed school, do not like to be "petted" and must be "reasonable excuses" to defend the motives against the "wave of the spoiling" according to an unnamed woman contributor to The Chinook, a University of Washington publication.

"The man who doesn't eventually try to "pet" is a rare specimen and also a dubious diplomat," declared "The Co-Ed Petter." This type leads not to the game—wooer and wooing.

"Nowadays, to defend herself a girl must be a veritable Amazon with no regard for broken locker windows. But even an Amazon may go down to defeat with a twisted, bruised jaw before some of the strong-arm, hopeless cavemen.

"The hopeless thrills that our teen demands an interval of petting after every date, and nothing short of war, pestilence or famine can induce him to avoid such a scene."

In defense of the men and attacking the article, one of the men students wrote the following in another unsigned story:

"The real man gets the girl who doesn't 'pet,' but the hopeless rabbited for the shrieking coed."

Britain's Yearly Trade.
LONDON, (AP)—Britain's imports for the financial year ended March 31 totalled 1,174,000,000 pounds sterling, according to the Board of Trade Journal. Exports of British produce and manufactures for the same period were 775,200,000 and exports of foreign and colonial merchandise were 129,100,000 pounds.

Taxes Take Huge Percentage of Inheritance of French Princess.
PARIS, (AP) — Ex-Empress Eugenie left an estate in France valued 9,247,182 francs, which she willed to Princess Marie-Clotilde, daughter of Prince Victor Jerome-Frederic Napoleon.

The expenses and taxes attached to the settlement of the estate were enormous, for it has developed that there totalled 7,522,297 francs. The sum of 1,722,885 francs was left for the princess.
