FOR SALE—FARMS.

"ON TO"

RICHLAND.

Theodore Roosevelt, on the subject of irrigation, said, even 5 acres is enough to support a family and keep them busy.

THIS IS TRUE.

The benefits derived from irrigation are now so well known that practical farmers from all over the East and South are selling out to reinvest in lands subject to irrigation.

It is now only a question of location.

We ask you to compare Richland with the older fruit districts, for instance, Hood River to the southwest, or Wenatchee to the north; five-year orchards there pay from $400 to $1000 an acre net per year income.

RICHLAND IS THE PEER

of them all. And when you see the Richland gardens, orchards and fields and then come to realize that only a few years ago nothing but sagebrush grew, where fruits and flowers now ripen and bloom, you, too, will become enthusiastic as to the future of this blessed spot.

Next Saturday, August 14, our 5th

EXCURSION TO RICHLAND

leaves our office, 110 Second st., at 5 P. M. It is the last chance for you to secure a five or ten-acre tract at the very low price of $125 an acre, including perpetual water right, for only

$136.25 cash on a five-acre tract,
or $312.50 cash on a ten-acre tract,

balance five years' time to pay it in.

We earnestly invite you to come along next Saturday and see the

RICHLAND GARDEN FARMS.

Then you will know why over

$800,000 worth of land

has been sold there since last October.

Call personally or write for booklet—it is interesting.
