## REAL ESTATE.

### For Sale—Farms.

LOOK AT THE PRICE.
$50 PER ACRE.
THEN LOOK AT THE LAND.
This farm is for sale, as you will readily see by the price placed on same. The owner is absolutely compelled to sell and, without a doubt, this is the best buy we have ever had placed in our hands to sell, considering the many advantages this place offers to the speculator or to the homeseeker. The soil and location cannot be beat, and within a short time there will be an electric line in operation through this immediate vicinity, and, as you know, will increase the price of acreage in this section manyfold. At present it is only six miles from an electric line and only half a mile from a town, with school, church, etc., and on one of the best county roads in the state, but 28 miles from Portland, and by new electric line will be but 22 miles. 200 acres, 140 acres under cultivation, balance in yellow fir timber, which will more than pay for the clearing; sawmill 1½ miles from place; is exceptionally well watered, having six springs, a good 60-foot well, with creek running through one corner of place. Family orchard and good, comfortable buildings.
Let us prove our assertions that this is the best buy on the market today by showing you at our expense.
