TURK PRICES AT 43-CENT LEVEL

Demand for Oregon Birds from Nearby States Boosts Quotations

PORTLAND, Ore., Nov. 22 (AP)—Keen demand for Oregon turkeys from California and Puget Sound points has boosted prices in Portland to around 43c for top quality birds. Receipts here last week were in normal volume but they went to outside markets as soon as received here. Sunday's receipts also were heavy, but instead of the price weakening, producers were paid one cent more than last week, although on Saturday it was seen that unless Sunday's arrivals were more than was expected, Monday's extreme price would be above 42c.

Buyers for San Francisco, Los Angeles, Seattle and Tacoma markets were busy in Portland Sunday, bidding up to 43c for selected turkeys. Monday's receipts are not expected to be so large as to cause any weakness in the local market. Much depends also on Tuesday's arrivals whether prices will weaken.

Although the top price is 43c a pound there is a spread of 10c downward for inferior quality of turkeys.

Turkey producers throughout Western and Eastern Oregon and Southwestern Washington are reported to be holding back a large part of their flocks for the Xmas trade. They figure that even though the prices a month hence may be lower, the increased weight will be enough greater to make up for any possible price shrinkage. It is a gamble with the producers with no risk of loss.

Sugar Price Will Advance Tomorrow

SAN FRANCISCO, Nov. 22 (AP)—The price of refined sugar to wholesalers at the refineries is to advance 20c a hundred pounds tomorrow, making the base price $6.10 for cane and $6.00 for beet sugar.

MEDFORD, Ore., Nov. 22. (AP)—The Medford high school football team will play Ashland at Ashland Thanksgiving day, which necessitated the rejection several weeks ago of a game on the same date with the Salem high school. The Ashland game was signed for last spring and has been an annual affair for 20 years. Last December Salem played here in a post season game. They demanded and received $200 above all expenses. Local school authorities announce they will not consider any lesser contract. Negotiations are under way for a post season game with a California or Portland high school team.

Bullish Forces At Work; Market Moves Upward

NEW YORK, Nov. 22 (By the Associated Press).—Constructive forces were actively at work in today's stock market, which moved upward under the leadership of the high priced industrials. Good buying also developed in some of the investment rails but speculative enthusiasm for these issues has been chilled, temperarily at least, by the unexpected decline in the October net operating income of the Kansas City Southern railroad.

Philadelphia company jumped over 7 points to a record high at 59 and was followed into new high ground by about a dozen other issues, including Consolidated Cigar and American Sumatra Tobacco. Renewal of selling pressure against Electric Refrigeration caused another sharp collapse in that stock, which fell below 36, a new low level for the year.

Early gains of 3 points were recorded by Woolworth, United States Cast Iron Pipe, General Asphalt, Laclede Gas and Commercial Coal.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)
