YOUR BIRTHDAY by Stella Wilder

Born today, you are not likely to be the most positive individual born under your sign because you have been burdened with a great deal of awareness of the world, which can surely get you down. The best way that you know to combat any negative feelings you might have about yourself or the world is to face those feelings directly and channel them into endeavors that you consider positive and worthwhile. This is something of a magic act, of course, and not everyone is capable of pulling off this kind of spiritual alchemy -- but it is something that you will learn to do as you face the various ups and downs to which you will be subjected throughout your lifetime. Emotional currents run strong and deep within you.

SATURDAY, SEPTEMBER 15

VIRGO (Aug. 23-Sept. 22) -- Making up your mind may prove more difficult than expected today, in large part because of an unexpected choice that just popped up.

LIBRA (Sept. 23-Oct. 22) -- You may be recognized for something you did a long, long time ago -- and the encounter can inspire you to reach for new heights very soon.

SCORPIO (Oct. 23-Nov. 21) -- The impact another has on you today cannot be overestimated. It's safe to say that you will be forever changed by what happens between you.

SAGITTARIUS (Nov. 22-Dec. 21) -- You're ready to step in should someone else not be able to complete an assigned task. Late in the day you identify a new personal outlet.

CAPRICORN (Dec. 22-Jan. 19) -- Going over the same ground again and again may seem useful to some, but to you it is a waste of time, as you're ready to move on.

AQUARIUS (Jan. 20-Feb. 18) -- You can be hugely productive today while enjoying all the comforts of home. A friend provides a distraction.

PISCES (Feb. 19-March 20) -- You're feeling rather mischievous today, but only a few of your closest friends are likely to put up with your brand of shenanigans.

ARIES (March 21-April 19) -- It's a good day to examine the reasons why something untoward happened recently. You can come up with answers, even lacking certain information.

TAURUS (April 20-May 20) -- Prepare yourself for the thing you would ordinarily least expect, for today the unlikely is the most likely thing to happen!

GEMINI (May 21-June 20) -- You're going to have to repeat yourself today, perhaps many times, before you get what you most need. Someone close comes to the rescue.

CANCER (June 21-July 22) -- One thing leads to another today -- as is usually the case -- but the result is likely to be very different from what you've prepared for.

LEO (July 23-Aug. 22) -- You may receive more information today than you bargained for, and making an urgent decision may prove tricky as a result.
