HOROSCOPES *by Stella Wilder*

YOUR BIRTHDAY by Stella Wilder

Born today, you are quite a sensitive individual with a penchant for doing things because they make you feel good rather than for any tangible rewards they may bring you. Your emotions are rich and varied, and they enter into everything you do, whether personal or professional. The actions you take in response to what the stars offer you on a daily basis are all rooted in your emotional makeup, and there is no separating the two.

SATURDAY, MAY 22

GEMINI (May 21-June 20) -- Something you thought would be easy as "one, two, three" will take a much longer count today! You must be ready to be engaged for the long haul.

CANCER (June 21-July 22) -- You've much to do today, but you can separate the major jobs into parcels that are much easier to deal with separately than all together.

LEO (July 23-Aug. 22) -- You'll be able to communicate very effectively today through unusual channels and perhaps using an unorthodox method. A friend keeps tabs.

VIRGO (Aug. 23-Sept. 22) -- You can turn a negative development into a surprise gain today simply by doing something routine in a new way that surprises a rival.

LIBRA (Sept. 23-Oct. 22) -- Despite your thorough planning that you would have labeled "perfect," the day is likely to progress in a way that defies your expectations.

SCORPIO (Oct. 23-Nov. 21) -- The process by which you narrow things down today may not be entirely accurate. Consider all possible variables in your calculations.

SAGITTARIUS (Nov. 22-Dec. 21) -- Your prospects are looking up today -- but you don't want to put the cart before the horse, certainly. Do things in the right order.

CAPRICORN (Dec. 22-Jan. 19) -- A simple mistake is fixed in a simple fashion today. Don't make things worse by trying to find a cause that doesn't involve you!

AQUARIUS (Jan. 20-Feb. 18) -- Give yourself more time than usual today and you'll surely get everything done. You'll have to respond to an unexpected development.

PISCES (Feb. 19-March 20) -- Any attempts to deceive someone close to you today will likely backfire on you -- and it will take longer to recover than you might think.

ARIES (March 21-April 19) -- It's a good day to vacate the driver's seat and let someone take the controls. You'll enjoy taking in the view from a new perspective.

TAURUS (April 20-May 20) -- You can win the day today simply by involving a rival or two in your planning. They'll bring a new way of thinking to the proceedings.
