Died—Near Eagle Point, May 26, 1901, at the family residence of R. R. Minter, Mrs. Beatrice Minter, aged thirty-four years, three months and seventeen days. The deceased leaves a husband and seven children to mourn her loss, besides a host of friends. Mrs. Minter was a kind and loving wife and mother and a true friend. The sorrowing husband and children have the sympathy of the entire community. Mrs. Minter was born in Yamhill County, Or., in 1867. We all grieve for our loved ones when they go to the great unknown, but when the Angel of Death enters our homes and calls away our loved ones to a better home beyond the skies, we should try to make our lives such, that when we too are called away to that better land, we shall meet our loved ones there.

I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is at his work." For sale by Chas. Strang, druggist.

Poison Oak Poison Ivy

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will loiter in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

SSS Nature's Antidote for Nature's Poisons,

is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with salves, washes and soaps—they never cure.

Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulphur, Arsenic and various other drugs, and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all evidences of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases.
