Wentworth SubaruCity

6 acres of selection

We stock Subaru PZEV Vehicles (Partial Zero Emission Vehicles)
90% cleaner emissions than an average new vehicle

You'll say..."I WENT and it was WORTH it!"

Did you know...
The Subaru plant was the first assembly plant to achieve ZERO LANDFILL STATUS - nothing from its manufacturing efforts goes into a landfill. It's all reused and recycled.

We Safeguard our Natural Environment!

At Subaru, protecting the environment is just as important as protecting our passengers. That's why we build fuel- efficient vehicles in ecologically-minded plants. Together, with our earth-friendly partners, we are dedicated to preserving our planet. It's an integral part of our philosophy. It's what makes a Subaru, a Subaru
