Gen. Ike Would Appoint Negro

CHICAGO (AP) — Gen. Dwight D. Eisenhower said Friday he would appoint a Negro to his cabinet if he were elected president and if a Negro were the right man for the job.

The Republican presidential nominee, making an exception to a rule about discussing possible appointments, told a three-state meeting of Republican leaders of his views on a Negro at the top level of his administration.

He was asked his position on that by Edgar Brown, a candidate for Congress from Illinois and a Negro himself.

'Regarding the appointment of a Negro to the cabinet," Eisenhower said, "I will search for merit wherever it is. . . If, in a particular field where the appointment would give reassurance to Negro men . . . I would do such a thing."

Bonneville Loses All Interruptible Power

PORTLAND (AP) — All of the Bonneville power system's interruptible energy will be lost Friday night by the 14 Northwest Aluminum and other plants which were getting it, Paul J. Raver reported Friday.

Raver, Bonneville administrator, said the continuing drop in the river had brought the power output down to a point where the 376,000 kilowatts of surplus power had vanished.

Wednesday he announced the dropping of 300,000 kilowatts of interruptible power which he viewed as cutting sharply into the aluminum production of the Northwest—perhaps as much as a third. The rest of it is to be cut off Friday night.

The supply of firm power may be threatened if the rivers fail to get a build-up from rain, Raver said.

A meeting at Tacoma is set for next Thursday to talk of power rationing and other possible conservation steps.

Power Ration Program To Be Topic Of Session

SEATTLE (AP) — A Pacific Northwest power rationing program will be discussed by a Defense Electric Power Administration representative and members of the Pacific Northwest Utilities Conference at Tacoma next Thursday.

The first step in slashing power supplies took effect Thursday when the Bonneville Power Administration cut off 300,000 kilowatts of power to aluminum plants.

Future Brighter For Two Aliens Of Korean War

SEATTLE (AP) — Two young aliens who risked their lives in Combat with the United States Army in Korea and then were threatened with deportation because they entered this country illegally faced brighter prospects Friday.

Both Sgt. Bronislaw Marek, 23, and Steven J. Bratsanos, 26, were told official steps are being taken to help them become citizens of the country they fought for.

Marek, who fled Communist Poland and spent two months with an American tank company fighting in Kora, will be allowed to go to New York, John P. Boyd, immigration director here, said. Boyd said the Immigration Service will hear Marek's case in New York.

Bratsanos, a Greek seaman who spent nine months in action in Korea, was informed he may be able to sign on a ship next week and stay at sea until immigration authorities have found a way to let him enter this country legally.

Both Bratsanos and Marek "jumped" ships on the East Coast. They said they tried to gain legal entry to the United States but were drafted before completing efforts to become citizens.

Navy Fighter Pilot's Body Brought To Base

TOPPENISH (AP) — The remains of a Navy fighter pilot found in the wreckage of his Cosair plane 18 miles northwest of White Swan Tuesday were brought to Seattle Thursday by officers of the Naval Air Station here.

The officers, part of a search and rescue party, also cut the planes numbers from the wreckage for further identification. Navy officials said the only identification of the pilot so far, obtained from the pilot's flight plan, was that he is Marine 2nd Lt. Winner.

Crash Into Drawbridge Fatal To Astoria Man

ASTORIA (AP) — An Astoria businessman died in the shattered wreckage of his car early Thursday, the result of a high-speed crash into the lifted deck of the Young's Bay drawbridge.

The victim was Andrew Klep, 39, owner of the Lawson Confectionery here.

The impact all but set his car engine on end. The license plate was smashed into the bridge.

A newspaper carrier said he saw the car driving at a speed he estimated as 50 miles an hour. The bridge tender said the flashing warning lights were working properly.

The bridge deck, hinging up, is almost verticle when the span is opened for a boat to pass under.

Klep is survived by his wife and two children, who were in Chico, Calif.

Also surviving is a brother, Rolf Klep, widely known New York artist.

COLLINS FLIES TO EUROPE

WASHINGTON (AP) — Gen. J. Lawton Collins, Army chief of staff, left by plane Friday for Europe. The Army announcement said he will inspect U. S. forces there, attend the fall troop maneuvers and visit SHAPE headquarters in Paris.

SCHOLARSHIPS FOR SALE

Promising students unable to qualify for scholarships are sometimes forced to forego their higher education through lack of funds. A Sun Life College Policy will provide a guaranteed "scholarship" to take your son through college. Ensure your son's future — call me today.

KRNR

HEATTER AND THE brighter side of the news. Enjoy a good day all day long by tuning to KRNR at 8:20 each weekday morning for a session with Gabriel Heatter. Long an important and influential figure in broadcasting, Mr. Heatter brings you anecdotes and news that show you life can be thoroughly pleasant.

"Wild Bill Hickok" program promises to do a bang-up job of firing the imagination of the younger generation, when it returns to the air tonight at 5:30. The "Hickok" show will start off by offering the moppets illustrated maps and guides containing the approximate locations of more than 300 reported buried treasure sites in the U.S. Authorities in the listed areas are bracing themselves to care for the hordes of small-fry expected to invade the treasure grounds. For example, youngsters near Yuba County, Calif., will have a chance at a $30,000 cache of gold hidden by a pioneer miner named Billy Snyder. Similar treasure areas are located in the states of Florida, Rhode Island, Delaware and the District of Columbia. And, just for the records, there will also be a lead on a 30-million dollar hoard, which is reported near Kanab, in Kane County, Utah. Guy Madison plays the title role, supported by Andy Divine as his side-kick, "Jingles." No mention is made of Fort Knox in the buried treasure records.

TONIGHT, 8:00 p.m., hear another "Let George Do It" adventure. George Valentine, the super-sleuth for whom no job is too big or too tough, and his beautiful secretary bring another case to a successful conclusion.

ALSO, TONIGHT, 10:15, MUSIC YOU WANT presents another Boston Pops concert, Arthur Fiedler conducting. Among the compositions to be heard will be Rodriquez' La Comparsita. This music describes the dancing and merry-making which takes place during a south-of-the border masquerade.

Exploding Jap Torpedo Kills Four, Injures Six

TOKYO (AP)—Four persons were killed and six injured today in the explosion of a World War II Japanese Navy torpedo at a Kure dockyard. Four others are missing.

Kyodo News Agency said the torpedo blew up when a workman began to cut it up for scrap.

ITALY MINISTER DIES

ROME (AP) — Count Carlo Sforza, Italy's foreign minister, in the treaty-signing periods that followed two great world wars, died Thursday night.

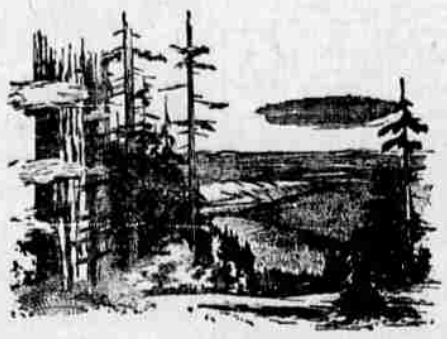
There is a Type, Size and Grade of APMI Douglas Fir Plywood for every Building Need



As one of the oldest and largest producers in the industry, Associated makes a type, size and grade of Douglas fir plywood for every building need:

Interior-type: For walls, ceilings, cabinets, built-ins; for sheathing and subflooring.

Exterior-type: For siding, outdoor signs, farm structures, boats of all sizes and shapes.

Sea Swirl (interior and exterior). A beautiful decorative plywood for remodeling and new construction.

Plyron (interior and exterior). Plywood core between hardboard surfaces. For all types of construction; built-ins; furniture.

Handy Panels (interior and exterior). Smaller sized panels than the standard 4x8-ft. size for people who want limited supplies.

All APMI plywood is manufactured in the heart of the Douglas fir region of Oregon.

Our modern mills at Eugene and Willamina employ hundreds of skilled workmen. Their standards of quality help to maintain the APMI reputation for fine products at a fair price.

Associated Plywood Mills, Inc.
General offices: Eugene, Oregon

Plywood plants at Eugene and Willamina; lumber mill at Roseburg
