Red Sanders Will Talk With Texas A & M Folks

LOS ANGELES (AP) — UCLA football coach Red Sanders, whose contract has six years to run, is going to talk about the Texas A. & M. coaching job Wednesday in College Station, Tex.

Sanders and his wife will fly there to consider an offer which the Los Angeles times says consists of $15,000 a year plus $5,000 a year expenses; producing a TV show that would net Sanders another $10,000; a substantial amount of stock in a triple a classification oil corporation; a new station every year, and an air conditioned, rent-free home with all food supplied free.

Sanders' UCLA salary is rumored to be about $18,000.

Davis Cup Team Named

MELBOURNE, Australia (AP) — In an eleventh hour decision, Capt. Bill Talbert of the United States Davis Cup team, named the four man squad for the challenge round Monday night, eliminating Herbie Flam of Beverly Hills, Calif. Flam had played the singles against both The Philippines and the Belgians.

The squad named was Vic Seixas, Gardner Mulloy, Barry Mackay and Ron Holmberg.

Talbert, who earlier in the day had included Flam on the team, said the decision was made upon the advice of a doctor who prescribed complete rest for the high-strung, jittery Flam.

Northwest Conference Cagers Divide Contests

By THE ASSOCIATED PRESS

Northwest Conference basketball teams divided non - conference games in Oregon Saturday night, two and two.

Willamette outscored College of Puget Sound 84-71 at Salem behind the 28-point effort of Eddie Grossenbacher. The home team shot .485 from the field compared with .383 for the Tacomans.

Pacific, sharp on the free throw line, defeated Sacramento State 57-53. The Oregon team missed only 3 of 17 free throw attempts in the game at Forest Grove.

Lewis and Clark lost its second straight game to Portland State, 61-43.

Linfield's high scoring Jack Riley and Bill Machamer were held to a total of 20 points as Southern Oregon won, 73-63, at Ashland.

Joseph Lane Basketball Teams Win 2 At Medford

The Joseph Lane Junior High basketball teams traveled to Medford Saturday for a pair of games with Hedrick Junior High, with the seventh grade winning 37-33 in an overtime thriller and the eight grade running roughshod over the Medford eighth grade team 62-19.

Paul Brothers with 21 points was high for Joseph Lane for the first game, followed by Bob Manning with four points. Miles with 15 points was top Medford scorer.

The second game of the day saw Bill Brothers drop through 31 points in the first half alone to lead Joseph Lane to a 62-19 victory. Joseph Lane built up a 19-0 lead at the end of the first quarter and stretched it to 27-0 before Medford could drop through its first points. Halftime favored the winner by a 48-5 count.

SKI MEET TAKEN

TIMBERLINE LODGE, Ore. (AP) —Don Brooks of the Cascade Ski Club turned in the fastest time for the 1¼-mile course in the Arnold Lund downhill ski race Sunday, covering the course in 2 minutes, 2.4 seconds. This time also gave him the class C men's title.

Canadian Urges Immediate Start Of Billion Dollar Power Project In West

OTTAWA, Ont. (AP)—Gen. A.G.L. McNaughton, chairman of the Canadian section of the International Joint Commission, has urged an immediate start on a billion dollar power project on the Kootenay-Columbia-Fraser River system in British Columbia.

"If we don't use our resources, we're going to lose them to the United States for all time," he said before the House of Commons Thursday.

The Commission deals with Canada-U. S. boundary waters. Both the Kootenay and Columbia rise in Canada and flow into the United States but the Fraser is entirely within Canada.

Should Divert Rivers

Gen. McNaughton said that, despite objections from the United States, Canada should divert Kootenay waters into the Columbia and Columbia waters into the Fraser through a tunnel under the Monashee Mountains. Such a project would provide 17 million kilowatt hours of electricity a year, enough to supply southwestern British Columbia with cheap power for the next three decades.

At Vancouver, B. C., there appeared to be only scant support for the proposal.

Supporters of the Fraser River's 50 million dollar salmon fishery industry have long contended such a development would mean the end of the Fraser fishery.

Idea Criticized

Opposition to Gen. McNaughton's proposal found verbal outlet in such words as "short-sighted," "nonsense" and "ridiculous" as well as calmer criticism.

There was immediate support from only two sources.

Prof. Harry V. Warren of the University of British Columbia said:

"Bully for Gen. McNaughton for having the courage to say what I feel should have been said a long time ago."

H. L. Briggs, general manager of the British Columbia Power Commission, said the Commission had often put forward many of the points suggested by the general.

Sen. Tom Reid of British Columbia, chairman of the International Pacific Salmon Fisheries Commission, said Gen. McNaughton "has a closed mind when it comes to fish."

He is "strictly a power man," the senator said.

Methodist Unit Plans New Retirement Home

MILWAUKIE (AP) — Plans for a new one million dollar retirement home near here were disclosed Saturday by Oregon Senior Citizens, Inc., a group affiliated with Oregon Methodist Homes.

The Methodist Homes organization built and is enlarging the nearby Willamette View Manor.

The new project will be called Rose Villa. It will be on a six-acre tract just south of the manor and will be made up of 90 one- and two-bedroom apartments in 16 buildings.

A founders' fee, which guarantees liftime occupancy, will meet the cost of apartment construction. The fee ranges from $9,600 to $11,700.

Dutch Speeding From Indonesia In Ouster Edict

JAKARTA, Indonesia (AP) — The departure of Dutch nationals from Indonesia, underway by air for a week, speeds up today with the sailing of the first of three ships from Javanese ports.

Many Dutch still were uncertain about their status in the island republic which their government ruled until nine years ago. In ordering the Dutch out, the Indonesian government specified that it especially wanted technicians and other vitally needed workers to remain.

But the portion of the 46,000 Dutch nationals who want to leave Indonesia seems to be growing rapidly. The Dutch diplomatic mission says many requests for visas are being received from technicians and workers.

The anti-Dutch campaign, stemming from Dutch refusal to yield West New Guinea, has resulted in the military takeover of Dutch industries, businesses and plantations.

After Communist-led trade unionists began widespread seizure of Dutch property, the army was ordered to take charge of the Dutch properties. The army warned that anyone violating the military jurisdiction would be prosecuted.

Two Men Killed In Plane Crash

FAIRFIELD (Spokane County), Wash. (AP) — Two young men were found dead Saturday morning in the wreckage of a rented private plane in a wheat field near here.

Authorities identified the victims as Phillip Koch, about 23, and Robert Gohlman Jr., 22, both of Rockford. Koch was listed as the pilot.

The plane disappeared Friday night after Koch had rented it from the Tekoa Airport for a flight to Rockford, authorities said.

The wreckage was located from the air Saturday morning by Dave Cohn, co-owner of the airport and plane, in a field four miles southeast of Fairfield, about one mile west of the Idaho-Washington border.

Cohn returned to Tekoa and notified authorities. State patrolmen, sheriff's officers and local officials went to the scene immediately.

Morgan Approves Higher Truck Rates

SALEM (AP) — Public Utilities Commissioner Howard Morgan approved Friday a five per cent increase in Oregon truck hauling rates.

Cement products and bulk petroleum are excluded. Morgan said petroleum carriers did not request the increase, which is effective Jan. 1.

At the same time the commissioner said his staff is working out a formula to determine Oregon operating expenses, revenues and capital investments of railroads.

A requested 12 per cent railroad freight rate increase on traffic within the state has been held up because intrastate cost information was not provided. Railroads said the information was not available since records are kept on a system-wide basis.

Morgan said the California Public Utilities Commission gets such information from the Southern Pacific and Union Pacific railroads.
