Beaudet Jewelry Design

Have you envisioned what your wedding rings will be?
At Beaudet Jewelry, we'll create one of a kind rings to symbolize what's important to you. Several concepts for wedding rings can be seen in nature:

Swans ~ commitment as they are paired for life

Wheat ~ fruitfulness and prosperity

Water ~ fluidity and grace of never-ending love

Bring an idea that's special to you and create a piece to symbolize your love.

Beaudet Jewelry is an independent diamond buyer. We will educate you in diamond grade standards, show you the difference and let you choose.

Eugene's personal jeweler since 1976.
