EDUCATIONAL.

FOR BIG PAY.
Get Into the Auto or Aviation Business.

You're right! No other line of work offers the employment opportunities and big pay that the automobile and aviation business does. The most satisfactory way to learn this business and get into it is through the help of that man "Adcox," who our school holds the world's record for graduating the largest percentage of students who make good in a big, commanding way. Today, scores and scores of men who less than a year ago knew absolutely nothing about automobiles are earning as expert "gas engineers" double to treble what they ever before made. Adcox trained them in 12 to 16 weeks. You may be skeptical—say it can't be done—but it actually is being done; and, if you will give "Adcox" a chance to talk with you a few minutes or write or call for a free copy of this big, dollar book, describing his school and his methods, you will quickly be convinced as hundreds of men and young men before you have been. To prove the value of his course to you, he will let you attend his school four weeks free—and, if you find anything misrepresented he will pay you 50 cents for each one he finds misrepresented. He even will go further: If, after visiting his school or carefully going through his catalog, you satisfy him in your mind that anywhere in the west you have seen another auto school with as much equipment or that graduates as large a percentage of successful students or gives you as much for your money, he will make you a present, absolutely free of his complete Auto, Battery and Electrical course, valued at $290. If the training he offers were just the ordinary kind, this offer would be suicidal—he would put him out of business in less than three months. Just the day this announcement was written, a prospective student said, "Adcox, I thought you were bluffing with your free trial and other offers, but you won't have visited some half dozen other auto schools and yours makes them all look like a rusty dime." Only a different, unquestionably superior school could make such offers as "Adcox" does. There is no red tape to his offers, either—he is willing to depend entirely upon the honesty and good judgment of any ambitious fellow. Your word is good enough for the fellow—prove it—go after the big money awaiting you in the automobile and aviation business—it's one line where there is no age limit and no entrance examinations are required of those entering the Adcox School. Simply go there—if you half try, you can't help but make good. The state pays Oregon service men $25 per month while attending school. Take this announcement right now—see "Adcox" or get a copy of his book, No. 5, at once. The address is
ADCOX AUTO & AVIATION SCHOOL,
PORTLAND, OR.

MEN!
If you want to attend an AUTO and TRACTOR school where you get the most complete training, and the best value, then attend HEMPHILL'S TRADE SCHOOL. We have just installed a large quantity of new electrical equipment. We have also placed in the school for your benefit a brand new VULCANIZING department with all the latest and best equipment available. Now is the time to enroll and get ready for that big job next spring. The demand for trained men will be great. Let us guide you on the road to success. The HEMPHILL schools graduate thousands of successful students each year; you can be one of them this year. You take the tools in your hands and learn the practical shop experience on all makes of cars. We combine practice and theory in all courses which is the only way to get a satisfactory training. If you are desirous of learning the automobile business or any branch of it, better investigate the HEMPHILL school first. State aid to Oregon ex-service men. THE SCHOOL OF SATISFACTION. Information and catalogue upon request. HEMPHILL'S TRADE SCHOOL, INC., 707 Hawthorne Ave., Portland, Or. Downtown office, 347 Oak St., near Broadway.
