Sherman M. Miles, of St. Helens, democratic nominee for the office of representative, was in town Monday, getting a line-up on the political situation, preparatory to arranging his plans for the coming campaign.

A number of former Clatskanie students who at some period of their school life were members of the class of 1920, are graduating this year from other institutions of learning where they have pursued their studies since leaving the Clatskanie school. Among the number apear the following: Miss Helen Kratz, who graduated Wednesday from St. Mary's, Portland; Mis Thelma Fisher, who is graduating tonight from Astoria high schoo. Harvey Bennett and Miss Eloise McPherson, who will graduate next week from Franklin High School, Portland, and Miss Magdaline Pulliam, who recently graduated from Corbett High School.

A bunch of local Elks joined the herd in Portland on Saturday evening last week for the week end high jinks which had been announced. It is a pretty safe bet that they were right in the forefront of all the fun there was from the time they landed until their departure Sunday evening. There were some minor difficulties in the way of the hilarious time which had been planned, such as the gasoline shortage, ect., but they never let a little thing like that bother them. If they didn't have enough juice for the trip up the Highway they still had the ball game, and the city was their's for the taking. The following comprised the Clatskanie contingent: Mr. and Mrs. Fred Mann, Mr. and Mrs. A. M. Myer, Mr. and Mrs. Geo. Bryant, A. E. Harvey, Warren Van, Dr. M. W. Markham, Wm. Ward.

YANKTON

The Rice's road is being rocked and rolled.

Than Brown has rented his house to Mr. Morefield and family.

Joe Dolan is spending his vacation at the home of H. C. Howard.

Mr. Carl Lengren has moved with his family into the farm house of Mrs. Butts.

The party who took the field glasses from the grange hall will kindly return them as they are known The sooner they are returned the better for the one who took them, or it will be a case for the sheriff to locate them, also the other articles taken from the grange hall following the school program.

The sewing club will meet at 2 p. m. every two weeks in the school house. The next meeting will be held on Wednesday, June 24. After this date no more names will be enrolled until some time in September. All who wish to join are requested to be present at this meeting, and all members bring your sewing.

Yankton, though small in population, has a logging camp, pole camp, sawmill and has good prospects of having an iron mine. The Saulser efarm is being thoroughly prospected and a number of men are employed getting out samples of iron. Although gasoline is hard to get there is quite a lot of auto travel through Yankton.

Rev. Plumlee will have charge of the Christian Endeavor meeting the first Sunday of the month. Everybody attend; you are welcome. A lawn party will be given the last of June, also a program will be given and lunch served. Pledge cards will be here at the next meeting. Come out and make this the best Endeavor meeting of the year.

One of the most important meetings of the month will be the next school meeting, which will be held in the school house on the evening of June 21. Fr the purpose of electing ne director to serve three years one clerk to serve one year. All residents of this school district are requested to attend this meeting. Don't forget the date, June 21 at eight p. m.

Preaching every Sunday of the month in the Yankton church at 11:30 a. m. Rev. Plumlee will preach the first Sunday of the month. Rev. Higbee, the second Suiday, Mr. Mowery will preach on the third Sunday and Rev. Johnson the fourth Sunday. Christian Endeavor will meet on every other Sunday evening at seven p. m. Sunday School every other Sunday morning at 10:30.

Pete White met with an unfortunate accident. Mr. White recently bought twenty acres of land near Warren and while moving his household effects there the horses got frightened and threw him off the seat under the wagon wheels which passed over his shoulder. He was taken by Dr. L. G. Ross to a Portland hospital and his injuries attended to. He received a fractured shoulder and broke two or three ribs.

The Yankton school closed May 28th. Miss Brown and Miss McCollister will return to teach here next year. A principal has been secured, coming from some other locality. Most of the people of this district are in favor of employing local teachers. hTere are a number of capable teachers in St. Helens. Why employ teachers whose interest in the school and community cease on Friday afternoon when the school bell rings, and with suit case in hand they wait for the auto to take them to the train generally bound for Portland?

WARREN

John A. Carlson is building one of the finest if not the finest houses in Warren on his sightly place one-half mile from the highway. John is a bachelor but some say he is beginning to "take notice" and that the cage will surely hold some of Warren's "birdies" in the near future.

The Swedish Baptist Congregation will dedicate their church on Sunday, June 20. The church has been repaired and presents a very comfortable appearance. Special service conducted by Rev. E. Bjorkquist will be held and a dinner will be served in the grange hall which has been tendered the congregation by the grange.

The grange meeting of Saturday night was one of the most interesting for many months. A large membership was present and many who have been dilatory in attendance are coming regularly now and are showing marked interest in the doings of the organization. From now on there will be but one business meeting per month of the grange and that will be devoted practically all to business. The first meeting of each month will be devoted to social refreshments and dancing. The committee having charge of dancing is composed of A. L. oMrris, J. A. Bacon, P. C. Jacobson, Mrs. C. M. Hyskell and Mrs. Annie Harms, who will be chaperones and arrange the dance program. There will be no ragging, hurdy gurdy, bunny hug, turkey trot or that class of dancing. Waltzing, two-step, one-step, polka, mazurka and the old fashioned dances and square dances will be the order. None but members of the grange in good standing will be allowed in the hall and the Warren [illegible] music. The first of the series will be given on Saturday evening, June 26th. The Nonpartisan league was discussed and its objects explained by a number of members but no action taken as to the farmers endorsing it. The grange membership is growing rapidly, being augmented by the younger set.

"I am pleased to have the opportunity to say a good word for Chamberlain's Tablets," writes Mrs. Bertel of Moberly, M. "I think they are the best remedy for stomach troubles, biliousness and constipation I have ever used. I have taken them off and on for two or three years and they always relieve indigestion, keep up the liver and make me feel fine."

The dollar you save now will be worth twice as much later on.

Resist the prevailing tendency toward extravagance. "Salt away" your surplus earnings. There never will be a better opportunity than now to accumulate money.
