A VETERAN

Tells of a Thrilling Experience in the Civil War and How a Newspaper Article Saved his Life.

[illegible]

"When the Civil war began I was living in Buffalo and there I joined Co. E, of the Tenth New York Cavalry. In 1862 while serving with my company I contracted a chill and fever which persisted. For eight months I was obliged to be in the hospital at Washington, D. C. I afterwards had many chills, but the paroxysm succeeded as bad as ever. I suffered from chills and my general health was not good.

"This continued until about eight years ago when I read in a newspaper of the cures effected by Dr. Williams' Pink Pills for Pale People. I began taking the pills and soon found they were doing me good. In six months time I was completely cured. The paroxysm has not returned and I never have the chills now. My general health is also better than when I began taking Pink Pills for Pale People. I always keep them with me and, in the eight years that have passed since I first used them, I have never had occasion to call on a doctor.

"I have recommended Dr. Williams' Pink Pills to many people and good results have always followed their use."

DEATH

begins in the bowels. It's the unclean places that breed infectious epidemics, and it's the unclean body—unclean inside—that "catches" the disease. A person whose stomach and bowels are kept clean and whose liver is lively, and blood pure, is safe against yellow fever, or any other of the dreadful diseases that desolate our beautiful land. Some of the cleanest people outside are filthiest inside, and they are the ones who not only "catch" the infectious, but endanger the lives of all their friends and relatives. There's only one certain way of keeping clean inside so as to prevent disease and that is to take CASCARETS. Perfect disinfectant and bowel strengthener. All diseases are
