Pullman Ordinary Sleepers.

The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular sleeper, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making coffee and tea and doing "light housekeeping," and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean, and look after the comforts and wants of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers." The car is attached to the "Chicago Portland Special," which goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger.

Much of the first class travel is being carried in these cars, the rates being lower, and the service being nearly equal to that in the palace sleepers.
