Commissioners	P. A. Parker, Scappoose W. D. Cox, Pittsburg

JULY 19, 1901.

Are all men naturally born thieves and liars is a question with the argument strongly in favor of the affirmative. No man can be made honest unless he is naturally built that way, and the devil seems to have had a hand in building them the other way. John A. Hinsey, formerly head of the Endowment Rank of the Knights of Pythias, has recently been guilty of conduct that causes skeptics in the honesty of humanity to proclaim their belief with renewed vigor. The funds of his concern are short $120,000, and what can be done about it? Nothing, absolutely nothing. Hundreds of thousands of honorable, conscientious men have been contributing to that fund for many years, performing what they considered a duty to their families by providing something to assist the family should death overtake them. This trust has been betrayed by one least subject to suspicion, whose character was above reproach, but he was tempted and yielded to the temptation, and as a result, the confidence of thousands of people has been so severely shaken that few if any will continue their payments, which averags from $9 to $20 a year per man. Not only is this the case, but an odium is cast upon the order which will require many years to overcome. Our honest belief is that every insurance society of that character is a failure. Something is offered for nothing, so to speak, and common judgment and logic must educate us that such a plan cannot endure. The plan of life insurance should be encouraged. Every honorable man feels it a duty to provide for his family, but when he scampers off after something because it is cheap, he has reason to expect nothing more than failure in the end. Good articles cost dearly, but they are cheapest in the end. Hinsey's conduct may be a blessing in disguise, after all. Members of the order may yet learn to be cautious.

In the yield of gold and silver in the year 1900 the United States led the world. The amount of gold mined in this country was $78,150,074, an increase of $5,063,653 over 1899. The silver mined reached a total of $36,576,900, a gain of 2,434,574 ounces. The world's product of both was $368,000,000, so that nearly one-third of the gold and silver added to the world's stock last year was mined in the United States. Colorado now leads the states in both metals. In gold California is second, and Alaska has worked up to third place, with South Dakota, Montana and Utah following in order. Next to Colorado in silver production come Montana, Utah and Idaho. Gold exists in the Southern states but in such low-grade ores that the production in that section last year amounted to only $250,000. The world's production of gold in 1900 was $255,000,000 against $311,000,000 in 1899, a decline entirely due to the Transvaal situation, for elsewhere generally the yield of gold has steadily increased. Only $7,000,000 is credited to the Transvaal in 1900 when, but for the war, the amount would have been $110,000,000. Next to the United States came Australia with a gold output of $73,000,000, and Canada is third, with $27,000,000. The English-speaking races mined over three-fifths of all the gold produced last year, and nearly half the silver. Russia was fourth in gold production, with a total of $23,000,000. Only a dozen mines are open in the Transvaal, and they are operating on a small scale. The gold coinage of the United States last year was $99,000,000, or $21,000,000 more than its own yield. Gold comes from Canada and Australia in considerable quantities to the mints of this country, and much of the Klondike gold is mined by Americans.

The Oregon City papers last week read a neat sermon to the management of the Chautauqua because of its action in sending away from home for its supplies and printed matter. There was nothing said that did not fit the case. Business people too often disregard the established rules which should govern home affairs. Because the Chautauqua assembly last year was a financial success, made so by the efforts of the local press, the management bled its $300 or $400 worth of printing off to the metropolis, where, in return, it did not receive a cent's worth of patronage or other financial encouragement or no moral support. The Oregon City newspapers in future should treat the Chautauqua with the same degree of contempt that was shown their establishments this year. As a result of such treatment the Chautauqua would probably not cease to exist, but it would receive the treatment it courted and the encouragement and support it needs to make it a success in every way.

From July 1, revenue stamps are not required upon bank checks, bill of lading for export, bonds, except bonds of indemnity, certificates of deposit, drafts, demand and sight, express receipts, insurance policies, leases, money orders, mortgages or conveyances in trust, powers of attorney to sell, promissory notes, protests, telegraph messages, telephone messages, warehouse receipts. Revenue stamps will be required as follows: Drafts, written with time, for each $100 or fractional part, 2c; bill of lading, domestic, each, 1c; bonds and debentures, issued by any association, company or corporation, on each $100 of face value, 5c; bond indemnity, 50c; certificates of stocks, transfer, on each $100 of face value, 2c; conveyance deed, each $500 or fraction thereof of value in excess of $2500, 25c; foreign drafts and letters of credit, for each $100 or fraction part, 2c.

The extensive preparations being made for the forthcoming institute to be held at Rainier are done so in accordance with the law that was created by the last legislature, which has caused the reduction of those affairs to a scientific, educational basis instead of a summer picnic, at which attendance was light because it was not compulsory, and benefit small because of lack of interest. Legislation has removed these obstacles to progression and now and hereafter institutes will be conducted in such a manner and attended by so large a number of teachers that profit must result. The time for a summer junketing trip at the expense of the county institute fund has ceased to be, a rational basis of educational training superseding it.

The investment in county warrants as an investment no longer hath a charm for the average individual. All warrants are forthwith paid when presented to the treasurer, a condition which we believe exists in no other county in the state. The fact of the county transacting its business on a cash basis administers a severe blow to trafficking in warrants, saving the county much interest and the individual the inconvenience of discounting paper because he happens to be a little hard pressed. Present conditions and future prospects warrant the belief that this condition will continue until the first of next year, when, no doubt, it will be necessary to endorse and register warrants, awaiting the proceeds from next year's tax collections.

The average citizen is not too patient, but too impatient; not too indulgent of wrongs and abuses, but too much inclined to magnify an unintentional and trivial wrong into a serious and premeditated injury. Not more but fewer kickers are needed, and the general welfare would be promoted if most of these unhappy and troublesome citizens who are accustomed to promiscuous kicking could be induced to spend more energy on their own and less on their neighbor's faults and follies.

The growing demand for legislation that will punish a man for wilful desertion of his family has received a new impetus. It was one of the subjects on which the Federated Women's clubs declared themselves in unmistakable terms. We heartily hope that the movement will result in adding a statute to our penal code making such desertion punishable by imprisonment. The family is an institution which the state should be under obligations to protect.

It is becoming quite common for farmers to use printed letter heads and envelopes with the addresses in the upper left hand corner, as is the practice with firms or individuals engaged in other lines of business. And why not? If the farm have an attractive name, put that on the envelope and letter head. The cost of printing is not great, they secure a better line of stationery, and those who have tried it, have found it entirely satisfactory.

The postoffice department is renewing its fight on fake newspaper publications, and some of the most objectionable prize-offering newspapers will be barred from second-class mail privileges. A newspaper which cannot keep up its circulation upon its merits alone without being compelled to offer a lot of prizes and other inducements to the people to subscribe for it is not worthy of United States postal privileges.

Ordinarily the work done on country roads consists chiefly in repairing damage consequent upon neglect. Go to the railroads, thou roadmaker, consider their methods. The means adopted to keep up our highways would be extravagant to them. The principal of economy forces them to a better system—one of constant and continuous repairing.

Williamson, of Crook county, the man who dumped the scalp bounty law on the people of this state, says he would like to be governor. The people down in this part of the state would like to get a crack at him.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale at the St. Helens pharmacy.

No More Fusion.

In a recent interview Senator Butler, chairman of the national populist committee, said:

"The populist party will go it alone next time, and we will poll more votes than we ever did before. The main issues will be public ownership—not of everything, understand, but of the natural monopolies. We are not socialists. The populist believes in competition. Let the public own natural monopolies and then for the rest let it be every man for himself and the devil take the hindmost. All we ask is that there be equality of opportunity.

"The silver question is dead, for the time being, at least, and, for one, I never favored the use of that word silver. All the true populist contends for is money enough to transact business and maintain the equilibrium of prices. I believe that coinage and the supply of money should be regulated by law.

"The populist party is the progressive party of the south. In our state it enacted the legislation to encourage manufacturing, which brought so much prosperity to that section. We are protectionists, of course."

When you want a modern, up-to-date physic, try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price 25 cents. Samples free at the St. Helens pharmacy.

The Deer Law.

The open season for deer commenced last Monday and ends November 1st. It is unlawful for any person to take, capture, kill or destroy in any open season more than five deer. Any person who lawfully kills five deer can make an affidavit before any justice of the peace to that effect, and said justice shall thereupon deliver to affiant one leather tag (designed and issued by the state game warden) for the hide of each deer, not exceeding five in all. One of these tags shall be securely fastened with wire to each deer skin, and the owner is then entitled to offer such deer skin for sale or exchange or transportion to any point within the state. The punishment for violation of any of the provisions of the act is by a fine of not less than $25 nor more than $500, together with the costs of prosecution, or by imprisonment in the county jail for not less than thirty nor more than 120 days, or by both such fine and imprisonment.

A Good Cough Medicine.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale at the St. Helens pharmacy.

The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business twenty years and have sold all the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach, and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale at the St. Helens pharmacy.

There is about as much excitement in hugging a bloomer girl as there is in squeezing a bale of hay.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail. —Mrs. Curtis Baker, Bookwalter, O. Sold at the St. Helens pharmacy.

NOTICE TO CREDITORS.

In the matter of the estate of August Swanson, deceased.

Notice is hereby given that letters of administration on the estate of August Swanson, deceased, were granted to the undersigned on the 15th day of July A. D., 1901, by the County Court of Columbia County, in the State of Oregon. All persons having claims against the said estate are required to present them with the proper vouchers, within six months from the date of this notice, to the undersigned as such administrator, at his office in the City of St. Helens, in said Columbia county, Oregon. Dated at St. Helens, Oregon, this 18th day of July, A. D., 1901.

E. E. QUICK,
Administrator of the estate of August Swanson, deceased. S. H. Gruber, Esq., attorney for the administrator. j19w36

NOTICE FOR PUBLICATION.

Department of the Interior.
Land Office at Oregon City, Or., June 15, 1901.

Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver at Oregon City, Or., on August 15, 1901, viz:

JACOB H. E. CRAMER,

Homestead entry 10,801, for the lots 1, 2, 3 and 4 of section 2, township 3 north, range 2 west. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Samuel Raffety, Stephen Hollenbeck, Emil Fisher and Julius S. Cramer, all of Mountainslale, Or.

CHAS. B. MOORES,
j19w7 Register.

School Report.

Following is the report of the Mooresville school for the month ending July 10:

Number of days taught	19
Number of days attendance	[illegible]
Number of days absence	24
Times tardy	10
Number of girls enrolled	9
Number of boys enrolled	9
Total enrolled	18

Those neither absent nor tardy during the month were: Edith Roberts, Dora Fulton, Lulu Fulton and Rosie D'spain.

Visitors were: Mr. I. H. Copeland, Mrs. Warner, Kitty Lindsey, and Ella and Virgie Nichols.

Nellie Payne, teacher.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac.

SUMMONS.

In the Circuit Court of the State of Oregon for Columbia County.

H. H. Emmons, doing business under the firm name of Emmons & Emmons, plaintiff,

vs.

Mariel Beaudray, defendant.

To Mariel Beaudray, the defendant above-named.

In the name of the state of Oregon: You are hereby required to appear and answer the complaint filed against you in the above entitled action, in the above court on or before the 18th day of July, 1901, and that if you fail to so appear and answer said complaint, for want thereof plaintiff will take judgment against you for the sum of $15.00, with interest thereon at the rate of 6 per cent per annum from the 1st day of February, 1896, and for the costs and disbursements of this action. You are further notified that the above complaint is filed against you for and on account of work, labor and services performed between the 1st day of February, 1896, and the 1st day of June, 1897, by the plaintiff at the special instance of the defendant in the matter of the suit of Mariel Beaudray vs. Arthur A. Everett, in the Circuit Court of the State of Oregon for Columbia County, which said suit was to foreclose a mortgage then held and owned by the said Mariel Beaudray against the said Arthur A. Everett, upon the northwest quarter of section 32, in township 5 north of range 2 west, Willamette meridian, containing 160 acres. That in and by the terms of the agreement between the plaintiff and the defendant, the defendant was to pay plaintiff such attorney fees as the court might adjudge reasonable in said suit. That by the decree of the court in said suit, $100.00 was allowed as attorney's fees, no part of which has been paid except the sum of $25.00. This summons is published by order of the Honorable Thomas A. McBride, judge of the above-entitled court, made on the 16th day of May, 1901, requiring this summons to be published for six full weeks in The Oregon Mist, a weekly newspaper published and considered in Columbia County, Oregon, from the 21st day of May, 1901, the date of the first publication thereof, to the 12th day of July, 1901, the date of the last publication thereof.

The "Set Waist Girl."

The girls this summer are to wear the set waist, a garment so gauzy and transparent that one can see every pulsation of their dear little hearts. One who has inspected these new-fangled waists turns himself loose as follows:

"The shirt-waist man and the set-waist girl go hand in hand today, and all the people year after year keep throwing their clothes away. The coat and the vest we laid to rest and where is the fancy shawls? And the clothes get thinner and fewer—what will be the end of it all? Oh, what will the shirt-waist man take next from the things he has to wear? And what will the set-waist girl throw off her shoulders now so bare? The shirt-waist man and the set-waist girl go rollicking down the way. Have we started a thread that is going to end in the old fig leaf, some day?"

Dr. Cawood, dentist, can be found on Wednesday of each week at the residence of R. Cox.

How About Your Title?

ARE YOU SURE it is all right? Remember that it is the RECORD that governs. It is our business to search the records and show what they contain in relation to land titles. If you contemplate buying land or loaning money on real-estate security, take no man's word, but insist upon knowing what the record shows regarding the title. An Abstract is as essential as a deed. Insist on having it. We have the only set of abstract books in the county. All work promptly executed and satisfaction guaranteed. If you have property to insure give us a call. We are agents for the best fire insurance companies in the world. If you have property for sale list it with us and we will find a buyer.
