AFTER OTHERS FAILED!

La Grande, Or., Sept. 11, '05
To Those Interested:—
About four months ago I was having much trouble with my eyes. I had been fitted with glasses by several specialists, with little or no benefit. Dr. F. D. Dayton, the Pendleton eye specialist, who fitted the glasses I am now wearing, and have been wearing the last four months, has given me perfect satisfaction, and judging from the benefits I have received from wearing his glasses, I am certain he is an expert in his line.
J. T. WILLIAMSON.

The above letter from Hon. John T. Williamson, the well known La Grande abstracter, is chosen from among the many, owing to his wide range of acquaintance in and around La Grande.

Open For Business

W. K. Davis has opened up his music house in the Haworth building and is ready for business. Although the doors had been open but a few hours yesterday one fine instrument was sold.

Mr. Davis is giving away a lot of the nation's home songs, to the churches and schools. The songs are bound in paper covers and are especially nice, as the old favorites are in the list.

Only the most modern instruments are being carried by the new firm, and the proprietor says they are to be sold at moderate prices.

Another Residence

Contractor John Leason, this afternoon purchased three lots of G. M. McConnell, in Chaplin's addition and expects to complete the foundation this year for a large two story brick residence something similar to Geo. Stoddard's beautiful home. Mr. Leason is a cement contractor and came here from Spokane and has done his share of the work this season. Mr. Leason beleives that La Grande has an exceedingly bright future and is perfectly willing to take his chances here for the future.

Q. A. M.

The Q. A. M. Club gave the second of the series of dancing parties Saturday evening at the Armory Hall. The rooms were prettily decorated for the occasion and many yeung folks were in attendance who were most faithfully chaperoned by Mesdames Childs and Short.

The Stein-Bloch Wool Test

The Stein-Bloch Wool Test consists of a boiling solution of water and caustic potash, the chemical action of which dissolves wool but not cotton. The two samples here shown were originally of the same length. The test proved one to be all wool, consuming the part immersed and leaving only the blackened edge. The other proved to be an adulteration containing a large per cent of mercerized cotton.

PURE WOOLEN CLOTH will wear and keep its shape under any conditions. Cotton adulterated will not. All fabrics received by the Stein-Bloch tailors must pass the wool test or be rejected. From the accepted fabrics our Stein-Bloch Smart Clothes are made. They are pure wool,—a fact worth knowing and thinking about these days.

Suits $18.00 to $27.50.
Overcoats $20.00 to 35.00.
